FIRST—First Mortgages of Real Estate.—In first mortgages of real estate located in this Commonwealth not to exceed 60% of the value of such real estate; but not more than 70% of the whole amount of deposits shall be so invested. If a loan is made on unimproved and unproductive real estate, the amount loaned thereon shall not exceed 40% of the value of such real estate. [For conditions that must be observed in making such loans see law in full in V. 87, p. 257.]

SECOND—Public Funds.—(a) In the public funds of the United States or of any of the New England States.

(b) In the bonds or notes of a county, city or town of this Commonwealth.

(c) In the bonds or notes of an incorporated district in this Commonwealth whose net indebtedness does not exceed 5% of the last preceding valuation of the property therein for the assessment of taxes.

(d) In the bonds or notes of any city of Maine, New Hampshire, Vermont, Rhode Island or Connecticut whose net indebtedness does not exceed 5% of the last preceding valuation of the property therein for the assessment of taxes; or of any county or town of said States whose net indebtedness does not exceed 3% of such valuation; or of any incorporated water district of said States which has within its limits more than five thousand inhabitants, and whose bonds or notes are a direct obligation on all the taxable property of such district and whose net indebtedness does not exceed 3% of such valuation. *Provided*, that there is not included within the limits of such water district, either wholly or in part, any city or town the bonds or notes of which are not a legal investment.

(e) In the legally authorized bonds of the States of New York, Pennsylvania, Ohio, Indiana, Illinois, Michigan, Wisconsin, Minnesota, Missouri and Iowa, and of the District of Columbia, and in the legally authorized bonds for municipal purposes, and in the refunding bonds issued to take up at maturity bonds which have been issued for other than municipal purposes, but on which the interest has been fully paid, of any city of the aforesaid States, which has at the date of such investment more than thirty thousand inhabitants, as established by the last national or State census or city census, certified to by the city clerk or treasurer of said city, and taken in the same manner as a national or State census, preceding such investment, and whose net indebtedness does not exceed 5% of the valuation of the taxable property therein, to be ascertained by the last preceding valuation of property therein for the assessment of taxes.

(f) In the legally authorized bonds of the States of California, Delaware, Nebraska, New Jersey, Oregon and Washington, and in the legally authorized bonds for municipal purposes or in refunding bonds which have been issued for other than municipal purposes, but on which the interest has been fully paid, of any city of the States of California, Connecticut, Delaware, Illinois, Indiana, Iowa, Kentucky, Massachusetts, Maine, Maryland, Michigan, Minnesota, Missouri, Nebraska, New Hampshire, New Jersey, New York, Ohio, Oregon, Pennsylvania, Rhode Island, Vermont, Washington and Wisconsin, which has at the date of such investment more than one hundred thousand inhabitants, established in the same manner as is provided in subdivision (*e*) of this clause, and whose net indebtedness does not exceed seven per cent of the valuation of the taxable property therein, established and ascertained as provided in subdivision (*e*) of this clause.

[The Attorney-General on April 28 1914 held that bonds of the City of Minneapolis, Minn., were legal investments. V. 98, p. 1629.]

(g) In subdivisions (d), (e) and (f) of this clause the words "net indebtedness" mean the indebtedness of a county, city, town or district omitting debts created for supplying the inhabitants with water and debts created in anticipation of taxes to be paid within one year, and deducting the amount of sinking funds available for the payment of the indebtedness included.

Farm Loan Bonds.—"It shall be lawful for savings banks and savings departments of trust companies in this Commonwealth to invest in farm loan bonds lawfully issued by Federal Land banks incorporated under the provisions of the Act of Congress approved July 17 1916, entitled "An Act to provide capital for agricultural development, to create standard forms of investment based upon farm mortgage, to equalize rates of interest upon farm loans, to furnish a market for United States bonds, to create Government depositaries and financial agents for the United States, and for other purposes."

RAILROAD BONDS.

Massachusetts Railroads.

THIRD.—(a) In the bonds or notes, issued in accordance with the laws of this Commonwealth, of a railroad corporation incorporated therein the railroad of which is located wholly or in part therein, which has paid in dividends in cash an amount equal to not less than 4% per annum on all its outstanding issues of capital stock in each fiscal year for the five years next preceding such investment, or in the first mortgage bonds of a terminal corporation incorporated in this Commonwealth and whose property is located therein, which is owned and operated, or the bonds of which are guaranteed as to principal and interest, or assumed, by such railroad corporation. Any shares of the capital stock of a railroad corporation leased to such railroad corporation, which are owned by said lessee corporation, shall not be considered as outstanding within the meaning of this subdivision.

New England Railroads.

(b) In the bonds or assumed bonds of a railroad corporation incorporated in any of the New England States at least one-half of the railroad of which is located in said States, whether such corporation is in possession of and is operating its own road or is leased to another railroad corporation; *provided* either that such bonds shall be secured by a first mortgage of the whole or a part of the railroad and railroad property of such corporation or by a refunding mortgage as described in paragraph (3) or (4) of subdivision *g*; or that if the railroad and railroad property of such corporation are unincumbered by mortgage, such bonds shall be issued under the authority of one of said States which provides by law that no such railroad corporation which has issued bonds shall subsequently execute a mortgage upon its road, equipment and franchise or upon any of its real or personal property, without including in and securing by such mortgage all bonds previously issued and all its pre-existing debts and liabilities, which provision, so enacted in such State, shall have been accepted by the stockholders of such corporation; and *provided*, that such corporation has paid in dividends in cash an amount equal to not less than 4% per annum on all its outstanding issues of capital stock in each fiscal year for the five years next preceding such investment.

(c) In the first mortgage bonds or assumed first mortgage bonds or in the bonds secured by a refunding mortgage as described in paragraphs (3) or (4) of subdivision *g*, of a railroad corporation incorporated in any of the New England States the railroad of which is located wholly or in part therein, which have been guaranteed as to principal and interest by a railroad corporation described in subdivisions *a* or *b* which is in possession of and is operating its own road.

(d) No bond shall be made a legal investment by subdivision *b* unless the corporation which issued or assumed such bond has, during its fiscal year next preceding the date of such investment, paid in dividends on its capital stock an amount equal to one-third of the total amount of interest paid on all its direct and assumed funded indebtedness.

No bond shall be made a legal investment by subdivision *c* unless the corporation which guaranteed such bond has, during its fiscal year next preceding such investment, paid in dividends on its capital stock an amount equal to one-third of the total amount of interest paid on all its direct, assumed and guaranteed funded indebtedness.

Other Railroads.

(e) In the mortgage bonds, as described in any of the following subdivisions of this clause, of any railroad corporation incorporated under the laws of any of the United States:

Provided, that during each of the ten fiscal years of such railroad corporation next preceding the date of such investment—

(1) Such railroad corporation owned in fee not less than five hundred miles of standard-gauge railroad, exclusive of sidings, within the United States, or if such corporation owned in fee less than five hundred miles of such railroad, the gross earnings of such corporation, reckoned as hereinafter provided, shall have been not less than fifteen million dollars;

(2) Such railroad corporation shall have paid the matured principal and interest of all its mortgage indebtedness;

(3) Such railroad corporation shall have paid in dividends in cash to its stockholders an amount equal to at least four per cent upon all its outstanding capital stock.

(4) The gross earnings from the operation of the property of such railroad corporation, including therein the gross earnings of all railroads leased and operated or controlled and operated by said corporation, and the gross earnings from the sale of coal from mines owned or controlled by it, shall not have been less in amount than five times the amount necessary to pay the interest payable upon its entire outstanding indebtedness, the rentals of all leased lines, and the interest on all the outstanding indebtedness of railroads controlled and operated which is not owned by said corporation after deducting from said interest and rentals interest and dividends received from the stocks, bonds or notes of railroad corporations not operated by said corporation, which have been deposited with a trustee as the only security to secure the payment of bonds or notes issued by said corporation, but not in excess of the interest on said last-named bonds or notes.

And further *provided*, that—

(5) No bonds shall be made a legal investment by subdivision *g* in case the mortgage securing the same shall authorize a total issue of bonds which, together with all outstanding prior debts of the issuing or assuming corporation, including all bonds not issued that may legally be issued under any of its prior mortgages or of its assumed prior mortgages, after deducting therefrom, in case of a refunding mortgage, the bonds reserved under the provisions of said mortgage to retire prior lien debts at maturity, shall exceed three times the outstanding capital stock of said corporation at the date of such investment.

(6) No bonds shall be made a legal investment by subdivision *i* or *j* in case the mortgage securing the same shall authorize a total issue of bonds which, added to the total debt of the guaranteeing corporation as defined in paragraph five, including therein the authorized amount of all previously guaranteed bond issues, shall exceed three times the capital stock of such guaranteeing corporation outstanding at the date of such investment; nor in case at said date the total debt of the corporation which issued said bonds shall exceed three times its outstanding capital stock.

In the case of a mortgage executed prior to the passage of this Act, under which the total amount of bonds which may be issued is not specifically stated, the amount of bonds outstanding thereunder at the date of such investment shall be considered, for the purposes of paragraph five and of this paragraph, as the total authorized issue.

(7) Any railroad corporation which is mentioned in subdivision *c* of clause fourth of section twenty-six of chapter one hundred and thirteen of the Revised Laws shall be considered as having compiled with all the requirements of this subdivision preceding paragraph five up to and including the fiscal year of said corporation in which this Act is passed.

DESCRIPTION OF BONDS.

(1) *Definition of First Mortgage.*—Whenever the term "first mortgage" is used in the following subdivisions, it shall mean, unless otherwise qualified, a first mortgage on not less than seventy-five per cent of the railroad owned in fee at the date of the mortgage by the railroad corporation on

the railroad of which said mortgage is a lien, but in no case on less than one hundred continuous miles of standard-gauge railroad, exclusive of sidings; *provided*, that seventy-five per cent of the railroad subject to the lien of said mortgage is connected;

For five years prior to the date of investment therein all the railroad subject to the lien of said mortgage at the date of execution thereof has been operated by, and its operations included in, the operations of the railroad corporation which issues, assumes or guarantees said bonds;

The date of said mortgage is at least five years prior to the date of such investment; except that a first mortgage given in substitution for and not greater in amount than such a first mortgage, and covering the same railroad property, shall be considered to be in accordance with this requirement.

(g) *Direct Obligations.*—Bonds issued or assumed by a railroad corporation described in subdivision *e*, which are secured by a mortgage which was at the date thereof or is at the date of such investment—

(1) A first mortgage on railroad owned in fee by the corporation issuing or assuming said bonds, except that, if it is not a first mortgage on seventy-five per cent of all such railroad owned in fee by said corporation, it shall be a first mortgage on at least seventy-five per cent of the railroad subject to the lien of said mortgage at the date thereof; but if any stocks or bonds are deposited with the trustee of said mortgage as part security therefor, representing or covering railroad mileage not owned in fee, the bonds secured by said mortgage shall not become legal investments unless said corporation owns in fee at least seventy-five per cent of the total mileage which is subject to the lien of said mortgage and which is represented or covered by said stocks or bonds;

(2) A first mortgage, or a mortgage or trust indenture which is in effect a first mortgage, upon all the railroad subject to the lien of said mortgage or trust indenture, by virtue of the irrevocable pledge with the trustee thereof of an entire issue or issues of bonds which are a first lien upon the railroad of a railroad corporation which is owned and operated, controlled and operated or leased and operated by the corporation issuing or assuming said bonds;

(3) A refunding mortgage which covers at least seventy-five per cent of the railroad owned in fee by said corporation at the date of said mortgage and provides for the retirement of all outstanding mortgage debts which are a prior lien upon said railroad owned in fee and covered by said refunding mortgage at the date thereof. But if any of the bonds which said refunding mortgage is given to refund are secured on a railroad not owned in fee by the corporation executing said refunding mortgage, there shall be conveyed and assigned to the trustee of said refunding mortgage either—

At least seventy-five per cent of the railroad on which each issue of bonds to be refunded is secured, free from any mortgage lien except that of the mortgage or mortgages securing the bonds to be refunded; or

At least seventy-five per cent of the outstanding bonds of each issue which is secured by a mortgage lien upon such railroad; and all of said railroad not owned in fee which is so subjected to the lien of said refunding mortgage shall be the railroad of one or more railroad corporations which are owned and operated, controlled and operated, or leased and operated, by the corporation issuing or assuming said refunding mortgage bonds;

But in no case shall the bonds secured by said refunding mortgage become a legal investment unless they mature at a later date than any bonds which said refunding mortgage is given to refund, nor unless the total mileage subjected to the lien of said refunding mortgage in accordance with the requirements of this paragraph is at least twenty-five per cent greater that the mileage covered by any one of the mortgages securing bonds which said refunding mortgage is given to refund.

(4) A mortgage upon not less than ten per cent of the railroad, exclusive of sidings, owned in fee at the date of said mortgage by the corporation issuing or assuming said bonds, but in no case on less than five hundred continuous miles of standard-gauge railroad; *provided*, that

Said mortgage is a first or second lien upon not less than seventy-five per cent of the total railroad covered by said mortgage at the date thereof, and which provides for the retirement of all mortgage debts which are a prior lien upon said railroad owned in fee and covered by said mortgage, at the date of the execution thereof;

The bonds secured by said mortgage mature at a later date than, and cover a mileage at least twenty-five per cent greater than is covered by, any of the bonds secured by a prior lien mortgage so to be retired;

The date of said mortgage shall be at least five years prior to the date of such investment.

(h) *Bonds Underlying Refunding Mortgages.*—Mortgage bonds or bonds secured by mortgage bonds which are a direct obligation of, or which have been assumed, or which have been guaranteed by endorsement as to both principal and interest by, a railroad corporation whose refunding mortgage bonds are made a legal investment under paragraphs three or four of subdivision *g; provided*, that—

Said bonds are prior to and are to be refunded by such refunding mortgage;

Said refunding mortgage covers all the real property upon which the mortgage securing said underlying bonds is a lien.

In the case of bonds so guaranteed or assumed, the corporation issuing said bonds is owned and operated, controlled and operated, or leased and operated, by said railroad corporation.

(i) *Guaranteed Obligations.*—Bonds which have been guaranteed by endorsement as to both principal and interest by a railroad corporation which has complied with all the provisions of subdivision *e: provided*, that—

Said bonds are secured by a first mortgage on the railroad of a railroad corporation which is owned and operated, controlled and operated, or leased and operated, by the corporation guaranteeing said bonds;

In the case of a leased railroad, the entire capital stock of which, except shares qualifying directors, is not owned by the lessee, the rental includes an amount to be paid to the stockholders of said leased railroad equal to at least four per cent per annum upon that portion of the entire capital stock thereof outstanding which is not owned by the lessee.

(j) First mortgage bonds of a railroad corporation which during each of its ten fiscal years next preceding the date of such investment has complied with all the requirements of paragraphs two, three and four of subdivision *e; provided*, that said bonds are guaranteed by endorsement as to both principal and interest by a railroad corporation which has complied with all the requirements of subdivision *e* preceding paragraph five, notwithstanding that the railroad of said issuing corporation is not operated by said guaranteeing corporation.

CORPORATION NOT TO LOSE CREDIT BY TEMPORARY DISTURBANCE OF RELATION OF GROSS EARNINGS TO FIXED CHARGES.

(k) Bonds which have been or shall become legal investments under any of the provisions of this Act shall not be rendered illegal although the corporation issuing, assuming or guaranteeing such bonds shall fail for a period not exceeding two successive fiscal years to comply with the requirements of paragraph four of subdivision *e;* but no further investment in the bonds issued, assumed or guaranteed by said corporation shall be made during said period. If after the expiration of said period said corporation complies for the following fiscal year with all the requirements of subdivision *e*, it shall be regarded as having complied therewith during said period.

BONDS NOT TO BECOME ILLEGAL ON ACCOUNT OF CONSOLIDATION.

(l) Bonds which have been or shall become legal investments under any of the provisions of this Act shall not be rendered illegal, although the property upon which they are secured has been or shall be conveyed to or legally acquired by another railroad corporation, and although the corporation which issued or assumed said bonds has been or shall be consolidated with another railroad corporation, if the consolidated or purchasing corporation shall assume the payment of said bonds, and so long as it shall continue to pay regularly interest or dividends, or both, upon the securities issued against, in exchange for or to acquire the stock of the corporation consolidated, or the property purchased, or upon securities subsequently issued in exchange or substitution therefor, to an amount at least equal to 4% per annum upon the capital stock outstanding at the time of such consolidation or purchase, of said corporation which issued or assumed said bond

CREDIT OF A CORPORATION NOT TO BE LOST BY CONSOLIDATION.

(m) If a railroad corporation which has complied with all the requirements of subdivision *e* preceding paragraph five, except that the period of compliance is less than ten, but not less than five successive years, shall be, or shall have been, thereupon consolidated or merged into, or its railroad purchased and all of the debts of such corporation assumed by, another railroad corporation incorporated under the laws of any of the United States, such corporation so succeeding shall be considered as having complied with all the provisions of subdivision *e* preceding paragraph five during those successive years next preceding the date of such consolidation, merger or purchase in which all said consolidated, merged or purchased corporations, if considered as one continuous corporation in ownership and possession, would have so complied: *provided*, that said succeeding corporation shall continue so to comply for a further period which shall make such compliance equivalent to at least ten successive years, but which shall be in no case less than the two fiscal years next following said consolidation, merger or purchase.

STREET RAILWAY CORPORATIONS ARE NOT RAILROAD CORPORATIONS.

(n) In this Act, unless the context otherwise requires, "railroad corporation" means a corporation which owns or is in possession of and operating a railroad or railway of the class usually operated by steam power. Street railway corporations are not railroad corporations within the meaning of this Act.

STATUS OF RAILROADS UNDER FEDERAL CONTROL.

o Railroad bonds, which were legal investments for savings banks at the time when the Government of the United States, under the Act of Congress approved Mar. 21 1918, took over the operation of the railroads issuing such bonds, shall not become illegal investments by reason of the operation of the railroads by the Federal Government. The time during which any such railroad is operated by the Federal Government shall be excluded, including the year in which the Government operation ends, in determining the compliance of any such railroad with the provisions of this section: *provided, however*, that in case a railroad corporation the mortgage bonds of which would become legal for investment under sub-division *e* of this section upon its compliance with the requirements of said sub-division shall have complied with the requirements of said sub-division during the two years or more next preceding Jan. 1 1918, such railroad corporation shall be deemed to have complied with the requirements of said sub-division during the period of the Government operation of its railroad, including the year in which such Government operation ends, in computing the time of compliance with the requirements of said sub-division.

The time during which any railroad is operated by the Government of the United States under the provisions of an Act of Congress approved Aug. 29 1916, of an Act of Congress approved March 21 1918, or of any other Act or Acts of the Congress of the United States, and for two years thereafter, and the earnings made and dividends paid during said time and for said two years thereafter shall not be taken into consideration in determining whether the bonds of the railroad corporation comply with any of the provisions of this section. Any railroad corporation, which, at the time when the operation of its railroad by the Government of the United States under the provisions of the said Act or Acts began, had complied with the provisions of subdivision *e* of this clause, for one or more years next preceding the commencement of such Government operation and control shall be entitled to include, in computing the period of ten years prescribed by the provisions of said subdivision *e* every year during any part of which its railroad shall have been operated by the Government of the United States under the provisions of said Act or Acts, and the two years succeeding the termination of such operation, in determining whether such corporation has complied with the provisions of said subdivision *e* each year for ten years. Except as hereinbefore provided, whenever a reference is made in said subdivision *e* to a period of ten years preceding the date of an investment in the bonds of any railroad corporation, such period shall be deemed exclusive of any time during which the property of such railroad corporation has been operated by the Government of the United States under the provisions of the said Acts and of the two years succeeding the termination of such operation.

Section 2. Any bonds acquired by savings banks or institutions for savings, or by any institution to which said Chapter 590 applies, prior to the passage of this Act, or at any time hereafter, which comply with the provisions of said clause entitled "*Third*," as amended by said Chapter 13 or by this Act, so long as they continue to comply therewith, be retained as investments authorized by law.

Approved May 7 1920.

PRESENT INVESTMENTS NOT TO BECOME ILLEGAL.

FOURTH.—The provisions of this Act shall not render illegal the investment in any mortgages of real estate held by such corporation at the time of its passage, nor the investment at such time or thereafter in any issue of bonds or notes dated prior to its passage, in which such corporation was then authorized to invest, so long as such bonds or notes continue to comply with the requirements of law then in force.

STREET RAILWAY BONDS.

FIFTH.—In the bonds of any street railway company incorporated in this Commonwealth the railway of which is located wholly or in part therein, and which has earned and paid in dividends in cash an amount equal to at least five per cent upon all its outstanding capital stock in each of the five years last preceding the certification by the Board of Railroad Commissioners hereinafter provided for. No such investment shall be made unless said company appears from returns made by it to the Board of Railroad Commissioners to have properly paid said dividends without impairment of assets or capital stock, and said board shall on or before the fifteenth day of January in each year certify and transmit to the Bank Commissioner a list of such street railway companies.

Dividends paid by way of rental to stockholders of a leased street railway company shall be deemed to have been earned and paid by said company within the meaning of this clause, provided that said company shall have annually earned, and properly paid in dividends in cash, without impairment of assets or capital stock, an amount equal to at least five per cent upon all its outstanding capital stock in each of the five fiscal years next preceding the date of the lease thereof.

If two or more street railway companies have been consolidated by purchase or otherwise during the five years prior to said certification, the payment severally from the earnings of each year of dividends equivalent in the aggregate to a dividend of five per cent on the aggregate capital stocks of the several companies during the years preceding such consolidation shall be sufficient for the purpose of this Act.

Bonds which have been or shall become legal investments under the provisions of this clause shall not, except as hereinafter provided, be deemed to be an illegal investment by reason of the fact that the corporation issuing such bonds shall hereafter fail or shall have heretofore failed for a period not exceeding two successive fiscal years to earn and pay dividends in accordance with the requirements of this clause, but no further investments in the bonds issued by the corporation shall be made during said period. If after the expiration of said period the corporation earns and pays or has earned and paid dividends during the following fiscal year in accordance with the requirements of this clause, it shall be regarded as having complied therewith during said period; provided, that it shall not have so failed to comply during any other period within the next preceding five years; and provided, that during said period of non-compliance its annual earnings shall have at least been sufficient to provide for the payment of the interest upon its outstanding indebtedness and all other fixed charges in addition to its operating expenses. Nothing in this Act shall be interpreted as invalidating any investments in bonds now held as legal investments by savings banks and trust companies of this Commonwealth under the provision of existing law.

The Public Service Commission shall, after the passage of this Act, certify and transmit to the Bank Commissioner a list of any street railway companies whose bonds may be or become legal investments by virtue of the provisions thereof.

TELEPHONE COMPANY BONDS.

SIXTH.—In the bonds of any telephone company subject to the provisions of section thirty-seven of chapter fourteen of the Revised Laws, and of which a majority of the directors are residents of the Commonwealth: *Provided*, that during each of the five fiscal years of such telephone company next preceding the date of such investment—

(1) The gross income of such telephone company shall have been not less than ten million dollars per annum.

(2) Such telephone company shall have paid the matured principal and interest of all its indebtedness.

(3) Such telephone company shall have paid in dividends in cash an amount equal to not less than six per cent per annum on all its outstanding issues of capital stock.

(4) The dividends paid on the capital stock of such telephone company shall not have been less than the total amount necessary to pay the interest upon its entire outstanding indebtedness.

(5) And further *provided* that such bonds shall be secured either (*a*) by a first mortgage upon at least seventy-five per cent of the property of such telephone company or (*b*) by the deposit with a trust company incorporated under the laws of this Commonwealth of bonds and shares of stock of other telephone corporations, under an indenture of trust which limits the amount of bonds so secured to seventy-five per cent of the value of the securities deposited as stated and determined in said indenture, and provided that during each of the five years next preceding such investment the annual interest and dividends paid in cash on the securities deposited have amounted to not less than fifty per cent in excess of the annual interest on the bonds outstanding and secured by said deposit. Not more than two per cent of the deposits of any savings bank shall be invested in the bonds of telephone companies.

SIXTH.—In the bonds of a gas, electric or water company secured by a first mortgage of the franchise and property of the company: provided, that the net earnings of the company, after payment of all operating expenses, taxes and interest, as reported to, and according to the requirements of, the proper authorities of the commonwealth, have been in each of the three fiscal years preceding the making of such investment equal to not less than 4% on all its capital stock outstanding in each of said years; and, provided, that the gross earnings of the company in the fiscal year preceding the making of the investment have been not less than one hundred thousand dollars. [*Approved April* 4 1921.]

BANK STOCKS AND DEPOSITS IN BANKS

SEVENTH.—In the stock of a banking association located in the New England States and incorporated under the authority of the United States, or in the stock of a trust company incorporated under the laws of and doing business within this Commonwealth, but such corporation shall not hold both by way of investment and as security for loans more than twenty per cent of its deposits in the stock of such associations or companies, nor in any one such association or company more than three per cent of its deposits in, nor more than one hundred thousand dollars nor more than one-quarter of the capital stock of, such association or company. Such corporation may deposit not more than two and one-half per cent of its deposits in any banking association incorporated under the authority of the United States and located in this Commonwealth, and in any trust company incorporated in this Commonwealth, but such deposit shall not in any case exceed five hundred thousand dollars nor twenty-five per cent of the capital stock and surplus fund of such depositary.

Clause *Eighth* relates to loans on personal security, which are restricted to one-third of the deposits and income. [In addition to loans authorized by Clause *Eighth*, under an Act approved April 8 1910, banks may loan on notes with a pledge as collateral of life insurance policies. V. 90, p. 1376.] Clause *Ninth* concerns the amount to be invested in a bank building. Clause *Tenth* deals with real estate acquired by foreclosure, and Clause *Eleventh* with securities acquired in settlement of indebtedness. Clause *Twelfth* relates to pledges of securities as collateral and provides against invalidating the same. For the provisions of these clauses, see V. 87, p. 257, where the law was printed in full.

SEVENTH (a) In bankers' acceptances and bills of exchange of the kinds and maturities made eligible by law for rediscount with Federal Reserve banks, provided the same are accepted by a bank, banking association or trust company incorporated under the laws of the United States or of this Commonwealth, and having its principal place of business within the Commonwealth. Not more than 10% of the deposits and of the income derived therefrom shall be invested by any savings bank in bankers' acceptances or bills of exchange, nor shall any savings bank invest in the acceptances and bills of exchange eligible by law for rediscount with Federal Reserve banks of any one accepting bank or trust company to any amount in excess of 5% of its deposits and of the income derived therefrom. The aggregate amount of bankers' acceptances and bills of exchange of any bank, banking association or trust company held by any savings bank shall not exceed 20% of the paid up capital and surplus of such bank, banking association or trust company.

LIST OF BONDS TO BE PREPARED

THIRTEENTH.—Not later than the first day of February in each year the Commissioner shall prepare a list of all the bonds and notes which are then legal investments under the provisions of clauses *second, third, fourth, fifth* and *sixth*. Said list shall at all times be open to public inspection and a copy thereof shall be sent to every savings bank.

The Bank Commissioner issued a report in Feb. 1921, *containing a list of bonds considered legal under clauses second, third, fourth, fifth and sixth of the above Act. This list appeared in the "State and City Department" of the "Chronicle" June* 11 1921, *page* 2554.

FOURTEENTH.—Bonds which at any time hereafter have been for ten successive years legal investments under the provisions of subdivisions a, b, c or d of Clause 3, or Clause 6 of this section shall not be rendered illegal although the corporation issuing, assuming or guaranteeing such bonds shall fail for a period not exceeding two successive years to comply, as to dividends on its capital stock, with the requirements of the clauses specified above; but no further investment in the bonds issued, assumed or guaranteed by such corporation shall be made during said period. If after the expiration of said period, such corporation complies for the following fiscal year with the requirements of the clauses specified above, it shall be regarded as having complied therewith during said period; *provided* that it shall not have so failed to comply during any other period within the next preceding ten years.

[*Opinion of Attorney-General Regarding Legality of N. Y. N. H. & Hartford RR. Bonds as Savings Banks Investments.*]—The Attorney-General rendered an opinion in Feb. 1911 with reference to the Act passed by the Legislature in June 1910 to validate bonds and stocks of the New York New Haven & Hartford RR. Co., and for the purpose of determining whether or not the assets were sufficient to show the road a solvent corporation. As noted in V. 92, p. 462, the report of the Commission appointed under the Act referred to was filed with the Legislature on Feb. 17 1911. The Act stated that "nothing herein contained shall authorize the investment by savings banks in the securities aforesaid unless they are otherwise legal investments under the provisions of Chapter 590, Acts of 1909," and the Attorney-General finds that "no matter what the finding of the Commission appointed under the Act with reference to assets and liabilities was, it would not in and of itself make any change in the standing of securities for savings bank investments." See V. 92, p. 541.

INT. payable in Boston on water and school bonds at Old Colony Trust Co.; other bonds at Union Nat. Bank, Lowell.

BOSTON.—Andrew J. Peters, Mayor; Thos. W. Murray, City Treas.; J. Alfred Mitchell, City Auditor.

City was incorporated Feb. 23 1822. On Nov. 2 1909 a charter amendment was adopted under which municipal nominations are to be made only upon petition of 5,000 voters. The Mayor serves for four years, subject to recall after two years. V. 89, p. 1234. In 1918 the legislature rescinded the recall and made 3,000 the number for petition for Mayor. On Nov. 7 1911 the voters accepted an Act passed by the Legislature annexing the town of Hyde Park, which became a part of the city Jan. 1 1912. V. 93, p. 1337.

The county of Suffolk, in which Boston is situated, contains also the cities of Chelsea, and Revere, and the town of Winthrop. Boston, however, receives all the county income, pays all the county expenses, owns the county buildings, and is responsible for the county debt, which amounted on Jan. 31 1921 to $2,143,999.99. The details of this county debt are included in the following financial report for this city.

Sinking Fund Debt.

1910 (Jan. 31)	110,716,406.00	39,370,433.42	71,345,972.58
1905 (Jan. 31)	94,121,606.00	31,694,386.88	62,427,219.12
1900 (Jan. 31)	86,996,978.98	28,663,641.39	58,333,337.59
1890 (April 30)	53,930,095.22	22,854,262.98	31,075,832.24
1881 (April 30)	40,949,332.18	14,943,711.59	26,005,620.59

ASSESSED VALUATION.—The city's assessed valuation of real estate and personal property and tax rate have been as follows:

	Assessed Valuation			*Rate of Tax*
Years—	*Real.*	*Personal.*	*Total.*	*per $1,000.*
1920	$1,396,073,300	$176,523,335	$1,572,596,635	$24.10
1919	1,329,650,400	200,108,870	1,529,759,278	23.60
1918	1,313,553,600	184,668,698	1,498,222,298	21.20
1917	1,304,620,800	162,545,343	1,467,166,143	17.70
1916	1,279,775,700	313,219,300	1,592,995,000	17.80
1914	1,237,448,500	303,902,900	1,541,351,400	17.50
1912	1,186,474,900	295,345,020	1,481,819,920	16.40
1910	1,118,989,100	274,771,323	1,393,760,423	16.40
1905	1,021,431,200	238,314,482	1,259,745,682	16.00
1900	902,490,700	226,685,132	1,129,175,832	14.70
1895	744,751,050	206,616,878	951,367,928	12.80
1890	619,990,275	202,051,525	822,041,800	13.30
1880	437,370,100	202,092,395	639,462,495	15.20
1870	365,593,100	218,496,300	584,089,400	15.30

The tax rate for 1920 includes the State tax, $3.64 per $1,000, the county tax, $1.42, the city tax proper, $19.04; total, $24.10. Of the city tax of $19.04 $7.14 is for school expenditure.

DEBT AND TAX LIMITATIONS.—Taxes in Boston, exclusive of the State tax, county tax and sums required by law to be raised on account of the city debt, are limited by Chapter 521 of the Acts of 1910 and amendments, to $20.11 for 1921 on every $1,000 of the assessor's valuation of the taxable property therein for the preceding year, said valuation being first reduced by the amount of all abatements allowed thereon previous to the thirty-first day of December in the year preceding said assessment.

Sec. 2, Chap. 312, Laws of 1885 (Sec. 3, Chap. 27, of the 1902 edition, Revised Statutes), places the debt limitation of the city of Boston at 2½% of the average assessors' valuations of the taxable property for the preceding three years.

The foregoing limitation is of course exclusive of debts created for water supply, and further exceptions have been made from year to year by different legislatures authorizing bonds outside of the debt limit for various purposes, especially enumerated.

It is proper to state that under Chapter 93, Acts of 1891, the city is authorized to *anticipate* its authority to borrow money within its debt limit for any current municipal year.

BORROWING POWER.—The city's borrowing power Jan. 31 1921 was $4,451,821.61.

POPULATION.—1920, 748,060; 1915, 745,439; 1910, 670,585; 1905, 593,598; 1900, 560,892; 1890, 448,477; 1880, 362,839; 1870, 250,526.

Serial Loans.

Since Jan. 1 1914 all loans of the city of Cambridge have been issued on the "serial" basis in compliance with Chapter 719, Acts of 1913 and amendments thereto. The "serial" loans have been issued in the form of coupon bonds of $500 or $1,000 each whenever possible; odd amounts, less than $1,000, only when issue necessitated them. Coupon bonds may be exchanged for reg. bonds on request.

***Metropolitan Park Loan.**

3½sg	'08	J-D	$250,000c	June 1 1958
4s	'14	F-A	300,000c	Feb 1 1964

Charitable Institution Bonds.

4s g	'16	M-S	$149,500	Sept 1 1966
4½sg	'18	F-A	155,000	Aug 1 1968

Soldiers' Bonus Bonds.

4½g	'20	J-J	$2,500,000c	Jan 1 1945

*This is debt incurred for the benefit of the several towns and cities included in Metropolitan Park System. While such debt is a direct obligation of the State, its payment must eventually be met by assessment on the towns and cities benefited. (*x*) Coupon with privilege of registration.

INTEREST on the State-House bonds and Charitable Inst. Loan 1914 is payable in Providence at the Rhode Island Hospital Trust Co.; on the Charitable Inst. bonds of 1916 and 1918 and bridge bonds of 1917, payable at National Exchange Bank; on all other issues at Industrial Trust Co.

TOTAL DEBT, SINKING FUNDS, &c.—

	Jan. 1 1921.	*Jan.* 1 1920.	*Jan.* 1 1919.	*Jan.* 1 1918.
Total funded debt	$10,832,000	$7,832,000	$7,702,000	$7,624,000
Sinking funds	1,631,918	1,421,860	1,263,843	1,186,774
Net debt	$9,200,082	$6,410,140	$6,438,157	$6,437,226

The sinking fund is largely invested in city, town and district bonds and notes, and it is to receive $165,537 yearly.

TAX VALUATION.—The total assessed valuation of real estate and personal property in Rhode Island Jan. 1 1921 was $988,745,048, consisting of $599,134,386 real estate and $389,610,662 personal property. Tax rate (per $1,000) in 1912, 1913, 1914, 1915, 1916, 1917 and 1918 was $0.90; in 1919, $1.50; in 1920 and in 1921, $1.20.

POPULATION OF STATE—

STATE AND MUNICIPAL INDEBTEDNESS LIMITATIONS.—Under Section 13, Article IV of the State constitution, the General Assembly has no power to incur State debt to an amount exceeding $50,000 without the consent of the people, except in time of war or of insurrection or invasion. In no case is the Assembly to pledge the faith of the State for the payment of obligations of others without the approval of the people. In reference to city debts, there is nothing in the constitution of Rhode Island limiting the amount of such obligations. The following, however, are two sections taken from Title 8, Chapter 46 (page 221) of the Revised Statutes of the State of 1909. Since 1878 these provisions have been in force, and consequently 3% of the taxable property has been the limit of the power of each town (which includes city) to create debt.

SECTION 20.—"The outstanding notes, bonds and contracts of towns shall be paid and be fulfilled according to the tenor thereof, and all public works now authorized to be prosecuted shall be prosecuted and all indebtedness now authorized to be incurred on account thereof may be incurred according to the tenor of the authority thereof."

SECTION 21.—"No town shall, *without special statutory authority therefor*, incur any debt in excess of three per centum of the taxable property of such town, including the indebtedness of such town on the tenth day of April, one thousand eight hundred seventy-eight; but the giving of a new note or bond for a pre-existing debt, or for money borrowed and applied to the payment of such pre-existing debt, is excepted from the provisions of this section, and the amount of any sinking fund shall be deducted in computing such indebtedness."

The voters on Feb. 10 1920 approved the issuance of $2,500,000 Soldiers bonus bonds and $500,000 State road bonds. These bonds are all sold.

EXEMPTION FROM TAXATION.—Bonds and notes of the State are not subject to taxation. Loans of municipalities, we were advised Dec. 12 1911 by the Secretary of State, are taxable.

SAVINGS BANK INVESTMENTS, RESTRICTIONS, &c.—At the 1911 session of the Legislature the laws concerning Rhode Island savings bank investments were completely revised and materially altered in many respects. In 1912, 1914, 1917 and 1918 further amendments were made. See V. 94, p. 1397; V. 98, p. 1629; V. 104, p. 1824, and V. 106, p. 1741. In 1919 the General Assembly passed an Act amending Clause IX of Section 1 of Chapter 232 of the General Laws so as to permit investment by savings banks in the bonds of the Federal Loan banks; the 1919 Legislature also passed an Act amending Clause VI, which deals with investments in bonds of telephone companies, the qualifications being changed. A comprehensive digest of the law as it now stands is furnished in the following:

Clause I. Permits investments in (a) bonds or notes of the United States or any State or Territory which has not, in the ten years next preceding the time of investment, defaulted in the payment of its debt

(b) Bonds or notes of any city or town of the New England States or New York State which has not defaulted in ten years and whose net debt does not exceed 7% of the last preceding assessed valuation; or of any incorporated district of said States having over 5,000 inhabitants, or in New Hampshire, with a population of over 2,500, whose bonds are a direct obligation on all the taxable property of such district, and whose net debt does not exceed 5% of such valuation, and which bonds are provided for by a sinking fund or serial retirement.

(c) Bonds or notes of any city of the United States other than the New England States and New York State which has not defaulted during ten years, has 30,000 or more inhabitants, as established by the last national or State Census, or city Census certified to by the City Clerk or Treasurer of such city, and taken in the same manner as a national or State Census preceding such investment, and a net debt of not exceeding 7% of the last preceding assessed valuation, or the bonds and obligations of any incorporated school district within such city, payable primarily from taxes levied on all taxable property in such district; providing the population of the district is 30,000 or more, and the population and assessed valuation of the district are equal to at least 75% of the population and assessed valuation of the city within which such district is located.

(d) Bonds or notes of any county in the United States having a population of over 100,000 (according to National or State Census), and whose net indebtedness does not exceed 3% of the last preceding assessed valuation.

"Net Indebtedness—Definition.—(e) 'Net indebtedness' shall mean the total debt less sinking funds, the net outstanding water and sewer debts and the tax levy for the current year."

Clauses II to VI, inclusive, which govern investment in railroad bonds, public service securities and bonds of telephone companies, are given in full herewith:

"Steam Railroad Bonds and Notes.—*Clause II.* In the bonds and notes and receivers' certificates of steam railroad orporations described herein below, in the 'table of eligible steam railroad bonds and notes,' subsections (a) to (y) inclusive, subject to the following definitions and classification:

"The words 'railroad' and 'railway' herein used are to be considered synonymous titles.

"The term 'funded indebtedness' herein used shall include all bonds and notes bearing interest.

"All 'income bonds' are ineligible.

"The eligibility of such bonds for such investments is defined as follows, unless hereinafter otherwise provided:

"Definition.—Ownership.—Such railroad corporation shall own its road in fee.

"Location.—The railroad of such corporation shall be located principally in the United States.

"Gauge.—The railroad of such corporation shall be of standard gauge.

"Mileage.—Such railroad must be not less than 100 miles in length, exclusive of sidings.

"Net income.—The net income of any such corporation shall be its earnings and income after payment of all operating expenses, maintenance charges, rentals and taxes, and all guaranteed dividends and guaranteed interest paid by, or due from, it.

"The net earnings and income of any such corporation shall equal the following requirements by the following classes, to which reference is made in the succeeding table of bonds.

"**Classification.**—*Class I.* Any such corporation of this class must have earned and received in each of its three fiscal years, or three nearer and successive periods of one year, next preceding such investment, a net income of not less than twice the annual interest for the current year on all its funded indebtedness, including the bonds in question.

"*Class II.* Any such corporation of this class must have earned and received a net income, in each of its three fiscal years, or three nearer and successive periods of one year, next preceding such investment, not less than twice the annual interest for the current year on the underlying mortgage bonds in question, and all prior liens.

"*Class III.* Any such corporation of this class must have earned and received in each of its three fiscal years, or three nearer and successive periods of one year, next preceding such investment, a net income of not less than twice the annual interest for the current year on all its mortgage indebtedness outstanding, including the bonds in question.

"*Class IV.* Any such corporation of this class must have earned and received in each of its three fiscal years, or three nearer and successive periods of one year, next preceding such investment, a net income of not less than one and a half times the annual interest for the current year on all its funded indebtedness, including the bonds in question.

"Table of Eligible Steam Railroad Bonds and Notes.—(a) Debenture bonds of any such steam railroad corporation, incorporated in any of the United States, whose net income is described in Class I.

"(b) Debenture bonds of any such steam railroad corporation, incorporated in any of the United States, which has leased its railroad to another such railroad whose net income is described in Class I; *Provided*, that such lease is for a term extending at least ten years after the maturity of the bonds in question, and that the rent from such lease is sufficient to meet the interest and sinking fund requirements, if any, on said bonds or any prior lien or any other debenture bonds, together with a dividend of not less than four per centum per annum on the entire capital stock of the lessor corporation: and also provides for the proper maintenance and operation of the property leased.

"(c) Debenture bonds of any such steam railroad corporation, incorporated in any of the United States, guaranteed as to principal and interest or assumed by another railroad described in Class I.

"(d) Bonds of any such steam railroad corporation described in items (b) and (c), which are guaranteed as to principal and interest, or assumed by two or more steam railroads of which one shall be of Class I and the others may be of Class III or Class IV.

"(e) Mortgage bonds of any such steam railroad corporation, incorporated in any of the United States, whose net income is not less than that described in Class III.

"(f) Underlying mortgage bonds of any such steam railroad corporation, incorporated in any of the United States, whose net income is not less than that described in Class II.

"(g) Mortgage bonds of any such steam railroad corporation, incorporated in any of the United States, which are guaranteed as to principal and interest, or assumed by another steam railroad, whose net income is described in Class I or Class III.

'(h) Mortgage bonds of any such steam railroad corporation, incorporated in any of the United States, which are guaranteed as to prinicpal and interest, or assumed, by two or more steam railroads, of which at least one shall be of Class I or Class III and the others may be of Class III or Class IV.

"(i) Mortgage bonds of any such steam railroad corporation, incorporated in any of the United States, which has leased its railroad to another steam railroad whose net income is described in Class I or Class III; *Provided*, that said lease is for a term extending at least ten years after the maturity of the bonds in question, and that the rent from such lease is sufficient to meet the interest and sinking fund requirements, if any, on said bonds and any prior liens, together with a dividend of not less than four per centum on the entire capital stock of the lessor corporation, and provides for the proper maintenance and operation of the property leased.

"(j) Mortgage bonds of any such steam railroad corporation, incorporated in the United States, which has leased its railroad to two or more steam railroads, of which at least one shall be of Class I or Class III; *Provided*, that said lease shall be for a term extending at least ten years after the maturity of the bonds in question, and that the rent from such lease is sufficient to meet the interest, and sinking fund requirements, if any, on said bonds and any prior liens, together with a dividend of not less than four per centum on the entire capital stock of the lessor corporation, and provides for the proper maintenance and operation of the property leased.

"(k) First mortgage bonds or refunding mortgage bonds of any such steam railroad corporation which would be a legal investment under items (g), (h), (i) and (j), respectively, except for the fact that it owns in fee less than 100 miles of road, exclusive of sidings.

"(l) First mortgage bonds of any such steam railroad corporation, irrespective of mileage, which is a constituent part of a steam railroad and transportation system of not less than 1,000 miles of road, exclusive of sidings, and at least ninety per centum of the capital stock of which is owned by a proprietary holding company which operates said railroad and transportation system, and the earnings of which, with the earnings of the other divisions constituting said railroad and transportation system, are received by said holding company, and which bonds in question are fully guaranteed as to principal and interest by such holding company, either by direct guaranty, or by rental under lease extending at least ten years after the maturity of said bonds, the terms of which lease require a payment of rent equivalent to all taxes and interest, and provides a sinking fund sufficient to retire said bonds at maturity; *Provided, however*, that the net income of said holding company shall equal the requirements of railroads in Class I.

"(m) Bonds and debentures of any steam railroad corporation whose railroad property is unencumbered by mortgage, and whose net income is described in Class I; *Provided, however*, that such bonds or debentures shall be issued only under the authority of some State which provides by law that no such railroad corporation which has issued bonds shall subsequently execute a mortgage upon its railroad property without including in and securing by such mortgage all bonds previously issued by it and all its pre-existing debts and liabilities, which provision so enacted in such State shall have been accepted by the stockholders of such railroad company.

"(n) Bonds of any steam railroad corporation described in item (m) which has leased its railroad to another steam railroad for a term extending not less than ten years after the maturity of the bonds in question, which lessee railroad fully guarantees the principal and interest on said bonds; *Provided*, that said lessee railroad is one whose net income is at least up to the standard set in Class III; *and provided, further*, that said lease is for a term extending at least ten years after the maturity of the bonds in question, and that the rent from such lease is sufficient to meet the interest and sinking fund requirements, if any, on said bonds, together with a dividend of not less than four per centum per annum on the entire capital stock of the lessor corporation, and provides for the proper maintenance and operation of the property leased.

"(o) First mortgage bonds of any terminal company, or terminal railway company, incorporated in the United States, whose property is located in the United States, and whose bonds are guaranteed as to principal and interest by any such steam railroad corporation of Class I.

"(p) First mortgage bonds of any terminal company or terminal railway company, incorporated in the United States, whose property is located in the United States, whose bonds are guaranteed as to principal and interest by two or more steam railroad corporations of Class I or Class III.

"(q) First mortgage bonds of any terminal company or terminal railway company, incorporated in the United States, whose property is located in the United States, of which company at least ninety per centum of its capital stock is owned by two or more proprietary steam railroads of Classes I, III or IV, and which use said property, and jointly, or jointly and severally, guarantee the principal and interest of all the indebtedness of said company.

"(r) First mortgage bonds of any terminal company or terminal railway company, incorporated in the United States, whose property is located in the United States, which has leased its property to one or more steam railroad corporations which guarantee the principal and interest on said bonds, and which lease runs for a term extending at least ten years after the maturity of said bonds, and which lease provides for the maintenance and operation of the leased property; *Provided*, that, if such lease is to one steam railroad corporation, it shall be of Class I, and if such lease is to two steam railroad corporations, they may be of Classes I or III, and if such lease is to three or more steam railroad corporations, they may be of Classes I, III or IV.

"(s) First mortgage bridge bonds issued by any railroad corporation of Class I.

"(t) First mortgage bonds of any bridge company, incorporated in the United States, whose property is in the United States, whose entire indebtedness is guaranteed as to principal and interest by one or more steam railroad corporations; *Provided*, that, if such guarantee is by one such railroad corporation, it shall be of Class I, and if such guarantee is by two or more railroad corporations they may be of Classes I, III or IV.

"(u) First mortgage bonds of any bridge company, incorporated in the United States, whose property is in the United States and whose capital stock is entirely owned, except shares qualifying directors, by two or more proprietary steam railroad corporations of Classes I, III or IV which guarantee the maintenance of the property and the principal and interest of such bonds.

"(v) Equipment bonds or equipment notes issued by any steam railroad corporation of Class I, Class III or Class IV which are secured by a first lien on the equipment against the purchase of which said bonds or notes were issued at not exceeding eighty per centum of the purchase price thereof; *Provided*, that the indenture under which said lien is established contains adequate requirements for the maintenance of the property pledged, and provides that an equal amount of any issue of such bonds or notes shall be paid annually until all are retired without the release of the lien on any of such equipment.

"(w) Notes, warrants and obligations, running for a term of not more than five years from date of issue, given by any steam railroad corporation which has earned and paid dividends at the rate of not less than four per centum per annum on all its outstanding capital stock for five years next prior to the date of issue.

"(x) Certificates of indebtedness commonly termed 'receiver's certificates' issued by a receiver of any such steam railroad under an authorization of the court or courts having jurisdiction over such receiver.

"(y) First mortgage bonds and refunding mortgage bonds of any steam railroad, incorporated and whose property is principally located in the Dominion of Canada, which conform in all respects to the provisions applying to mortgage bonds of steam railroad corporations in the United States.

"Change of Motive Power.—*Clause III.* The change of motive power by any steam railroad corporation, whether wholly or in part, shall not affect the eligibility, for such investment, of any of the steam railroad obligations hereinbefore described, so long as its earnings conform with the foregoing requirements.

"Railroad Stocks.—*Clause IV.* (a) In the shares of the capital stock of any steam railroad which has leased its railroad to another steam railroad, which operates the property so leased as a part of its railroad system; *Provided*, that such lease is for a term of not less than fifty years, and the lessee company is one whose bonds would be a legal investment under the provisions of Clause II, Class III, and that by the terms of the lease the lessee company is obliged to pay rents sufficient to pay the interest on the outstanding bonds of the lessor and a dividend at an annual rate of not less than four per centum per annum on all the capital stock of the lessor company.

"(b) In the shares of the capital stock of any steam railroad which operates its own railroad whose bonds would be an eligible investment under Clause II, Class I; *Provided*, that such railroad has paid regular annual dividends on all its capital stock at the rate of not less than four per centum per annum for ten years next preceding such investment.

"(c) The aggregate investment of such deposits and income by any bank, savings bank or trust company in the stock of any one such steam railroad corporation at par value shall not exceed two per centum of said deposits held by it.

"Public Service Securities.—*Clause V.* In the bonds of public service corporations, commonly called 'public service securities,' described hereinbelow in the 'table of eligible public service securities,' sub-sections (a) to (j), inclusive, subject to the following description and definition:

"The title 'public service securities' shall include only mortgage bonds issued by any electric railroad, street railway, gas company, electric light or power company, or water company, as hereinafter described.

"The term 'funded indebtedness' herein used shall include all bonds and notes bearing interest.

"Descriptive Definition.—Ownership.—Such corporation shall own the major part of its property in fee.

"Location.—The property of such corporation shall be located principally in the United States, unless otherwise provided.

"Net Income.—The net income of such corporation shall be its net earnings and income after payment of all operating expenses, maintenance charges, rentals and taxes, and all guaranteed interest and guaranteed dividends paid by, or due from, it.

"Eligibility for such investment.—Such corporation must have earned and received a net income in each of its three fiscal years, or three nearer periods of one year, next preceding such investment not less than twice the annual interest for the current year on all its indebtedness secured by the mortgage under which the bonds in question are issued and all prior liens, unless otherwise hereinafter specified, and shall not have defaulted on any of its obligations during the same period; *Provided, however*, that said bonds shall mature at least five years before the expiration of the principal franchise or franchises under which such corporation is operated, or there shall exist some definite agreement or contract with the grantors whereby such franchise or franchises may be renewed or extended from time to time throughout and beyond the life of the bonds in question, and or that by such an agreement or contract the security of said bonds is adequately protected and preserved to the bondholders, and a copy of such agreement or contract shall be filed in the office of the Bank Commissioner and shall be preserved in his files during the life of the bonds in question.

"Table of Eligible Public Service Securities.—(a) Mortgage bonds of any such electric railroad, street railway, gas, electric light or power company, incorporated under the laws of Rhode Island, whose property is located and operated chiefly in this State.

"(b) Mortgage bonds of any such electric railroad, street railway, gas and electric light or power company, incorporated under the laws of any of the United States: *Provided, however*, that the said bonds of any such electric railroad or street railroad company shall be a legal investment for such deposits and income only in case such company shall have received average gross earnings of not less than four hundred thousand dollars in each of its three fiscal years, or three nearer periods of one year, next preceding such investment, and if said bonds are issued by a company which carries on the business of an electric railroad or street railway combined with that of either a gas company or an electric light or power company, or both of such kinds of business, then, in such case, such company shall have received average gross earnings of not less than six hundred thousand dollars in each of its three fiscal years, or three nearer periods of one year, next preceding such investment: and if said bonds are issued by any such gas company or electric light or power company, or by a company which combines the business of a gas company and an electric light company, and, or, power company, or any two such businesses, then, in such case, it shall have received average gross earnings of not less than two hundred thousand dollars in each of its three fiscal years, or three nearer periods of one year, next preceding such investment.

"(c) First or refunding mortgage bonds of any such electric railroad, treet railway, gas, electric-light or power company incorporated in any of the United States, which are in operation and show substantial net earnings and which are guaranteed as to principal and interest or assumed by another corporation whose bonds would be a legal investment under the provisions of paragraph (b) of this clause.

"(d) First or refunding mortgage bonds of any such electric railroad or street railway, incorporated in any of the United States, which are guaranteed as to principal and interest, or assumed by a steam railroad or railroads whose bonds would be a legal investment under the provisions of Class III of the classification of steam railroads herein.

"(e) First or refunding mortgage bonds of any such electric railroad, street railway, gas, electric light or power company which has leased its property to any other corporation whose bonds would be a legal investment under the provisions of paragraph (b) of this clause; *Provided, however*, that said lease shall extend for a term of at least ten years after the maturity of said bonds at a rental at least equal to the fixed charges and taxes of the lessor, including the interest on, and a sinking fund for, the bonds in question, or provides for the payment of said bonds at maturity, and shall require the operation and maintenance of the leased property; *and provided, further*, that an authentic copy of such lease shall be filed in the office of the Bank Commissioner, and such copy shall be preserved in his files during the life of the bonds in question.

"(f) Equipment bonds or equipment notes issued by any such electric railroad or street railway which are secured by a first lien on the equipment

against the purchase of which said bonds or notes were issued at not exceeding eighty per centum of the purchase price thereof: *Provided*, the indenture under which said lien is established contains adequate requirements for the maintenance of the property pledged and provides that an equal amount of such bonds or notes shall be paid annually until all are retired, without the release of the lien on any of such equipment.

"(g) Certificates of indebtedness, commonly termed 'receiver's certificates,' issued by a receiver of any such electric railroad, street railway, gas electric light or power company under an authorization of the court or courts having jurisdiction over such receiver.

"(h) First mortgage bonds of any electric railroad, street railway, gas, electric light or power company, described in paragraph (b) of this clause, which is incorporated in the Dominion of Canada, and whose property is located principally in said Dominion; *Provided*, that such bonds conform in all other respects to the provisions of paragraph (b), (c), (d), (e) or (f) of this clause.

"(i) Bonds of any corporation which owns more than ninety per centum of the capital stock and of the outstanding bonds of any electric railroad or street railway company, incorporated in this State, the railway of which is located wholly or in part therein, secured by the deposit in trust of the said stock and bonds as collateral, and which corporation has paid, in each fiscal year for the five years last preceding such investment, dividends of not less than four per centum per annum upon all its outstanding capital stock; or the bonds of any such electric railroad or street railway company which are secured by mortgage on its property and are guaranteed as to principal and interest by any such corporation.

"(j) First mortgage bonds of any company incorporated in this State for the purpose of supplying water for domestic and other purposes; *Provided*, that such company has an exclusive franchise to serve a population of not less than ten thousand in this State, which franchise extends at least five years beyond the life of the bonds in question, and that said bonds are secured by a mortgage of the property, rights and franchises of such company.

(k) Notes, warrants and obligations, running for a period of not exceeding ten years from date of issue, of any electric railroad, street railway, gas and electric light or power company such as is described in paragraph (b) of this clause, and which has earned and paid dividends at the rate of not less than 4% per annum on all its outstanding stock for a term of not less than five years next prior to the date of issue; and in the notes, warrants and obligations, running for a period of not exceeding ten years from date of issue, of any such corporation which are secured by the deposit of collateral security having value in excess of the amount loaned of not less than 20%.

An Act in amendment of and in Addition to Chapter 232 of the General Laws, Entitled "Of Investments," as Amended by Chapter 687 of the Public Laws, Passed at the January Session, A. D. 1911, and as Otherwise Amended and Added to.

It is enacted by the General Assembly as follows:

Section 1. Clause VI of Section 1 of Chapter 232 of the General Laws, entitled "Of investments," as amended by Chapter 687 of the Public Laws, passed at the January Session, A. D. 1911, is hereby amended so as to read as follows:

"Bonds of Telephone Companies.—*Clause VI.* In the bonds of any Telephone Company incorporated in any of the United States, whose property is located chiefly in the United States, subject to the following description and definition:

"The term 'Funded Indebtedness' herein used shall include all bonds and notes bearing interest.

"Descriptive Definition.—Location.—The property of such corporation shall be located principally in the United States.

"Net income.—Net income of such corporation shall be its net earnings and income after payment of all operating expenses, maintenance charges, rentals and taxes, and all guaranteed interest and guaranteed dividends paid by, or due from it.

"Eligibility for such investment.—Such corporation must have earned and received a net income in each of its three fiscal years, or three nearer periods of one year each, next preceding such investment, of not less than twice the annual interest for the current year on all its indebtedness secured by the indenture under which the bonds in question are issued, and all prior liens, unless otherwise hereinafter specified, and shall not have defaulted on any of its obligations during the same period.

"Table of eligible telephone company bonds.—(a) Mortgage bonds of any such telephone company incorporated under the laws of any of the United States: *Provided, however*, that the said bonds of any such telephone company shall be a legal investment for such deposits and income only in case such company shall have received average gross earnings of not less than one million dollars in each of its three fiscal years, or three nearer period of one year, next preceding such investment.

(b) Debenture bonds of any such telephone company incorporated under the laws of any of the United States where definite covenant is made by the company that said debenture issue shall be equally secured with any future mortgage lien that may be later made by the company: *Provided, however*, that such company shall have received average gross earnings of not less than two million dollars in each of its three fiscal years, or three nearer periods of one year next preceding such investment.

(c) First or refunding mortgage bonds of any such telephone company incorporated in any of the United States which is in operation and which shows substantial net earnings and which are guaranteed as to principal and interest or assumed by another corporation whose bonds would be a legal investment under the provisions of paragraph (a) or (b) of this clause.

(d) First or refunding mortgage bonds of any such company which has leased its property to any other corporation whose bonds would be a legal investment under the provisions of paragraphs (a) or (b) of this clause: *Provided, however*, that said lease shall extend for a term of at least ten years after the maturity of said bonds, at a rental at least equal to the fixed charges and taxes of the lessor, including the interest on, and a sinking fund for, the bonds in question, or provides for the payment of said bonds at maturity and shall require the operation and maintenance of the leased property; and *provided, further*, that an authentic copy of such lease shall be filed in the office of the bank commissioner and such copy shall be preserved in his files during the life of the bonds in question.

(e) Certificates of indebtedness commonly termed receiver's certificates issued by a receiver of any such telephone company under an authorization of the court or courts having jurisdiction over such receiver.

(f) Collateral trust bonds of any such telephone company secured by the deposits with a trust company of bonds and of shares of stock of other telephone companies, under an indenture of trust which limits the amount of bonds so secured to not more than 75% of the value of the securities deposited as stated and determined in said indenture, and provided that the company issuing such collateral trust bonds shall have received average gross earnings of not less than five million dollars in each of its three fiscal years, or three nearer periods of one year, next preceding such investment and *provided, further*, that such telephone company shall have earned and paid cash dividends on all its outstanding issues of stock at the rate of not less than 6% per annum during each of its five fiscal years next preceding such investment.

(g) Notes, warrants and obligations, whether secured by collateral or unsecured, running for a period of not exceeding ten years from date of issue, of any telephone company such as is described in paragraph (a) of this clause and which has earned and paid cash dividends on all its outstanding issues of stock at the rates of not less than 6% per annum during each of its five fiscal years next preceding such investment.

A true copy of the mortgage or indenture of trust securing said bonds shall be filed in the office of the bank commissioner and shall be preserved during the life of said bonds.

The aggregate investment of such deposits and income by any bank, savings bank or trust company in the bonds of any one such telephone company at par value shall not exceed 2% of said deposits held by it.

Sec. 2. This Act shall take effect from and after its passage.

An Act in Amendment of and in Addition to Chapter 232 of the General Laws, Entitled "Of Investments," as Amended by Chapter 687 of the Public Laws, Passed at the January Session, A. D. 1911, and as Otherwise Amended and Added to.

It is enacted by the General Assembly as follows:

Section 1. Clause IX of Section 1 of Chapter 232 of the General Laws, entitled "Of Investments," as amended by Chapter 687 of the Public Laws, passed at the January Session, A. D. 1911, is hereby amended so as to read as follows:

"Real Estate Mortgages.—*Clause* 9. In the bonds of the Federal Land Banks organized pursuant to the provisions of an Act of Congress approved July 17 1916: *Provided*, that not more than 3% of the deposits of any bank shall be invested in said bonds.

"In loans secured by first mortgage on real estate subject to the following restrictions:

"No such loan shall be made except upon the report of not less than two officers, or trustees, or directors, or agents duly authorized to the duty by the board of trustees or directors, who shall certify according to their best judgment to the value of the premises to be mortgaged. Such report and certificate shall be in writing, and shall be filed and preserved in the records of the corporation.

"Loans on improved real estate shall not exceed 60% of such valuation.

"Loans on unimproved real estate shall not exceed 40% of such valuation.

"The aggregate amount of such loans shall not exceed 70% of such deposits, and of this authorized amount, not exceeding 30% thereof shall be on real estate located out of Rhode Island.

"In event of any such mortgage loan continuing for five years unreduced in amount, the property upon which such loan is secured, shall be re-examined and revalued, and a written report and certificate of the condition and value of the property at the time of such re-examination, shall be filed and preserved in the records of the corporation after the manner provided for a new loan, and such an examination and revaluation shall be made as often as every fifth year, until such loan is paid. If at the time of any such revaluation it shall appear that the property mortgaged has depreciated in value so that the loan secured thereby is in excess of the percentage limit of such value herein permitted for such loans, a reduction in the amount of the loan shall be required and secured as promptly as is practicable until the margin of safety is restored."

Sec. 2. This Act shall take effect from and after its passage.

Under Clause VII a bank may invest in the capital stock of any bank or trust company incorporated under the laws of any of the New England States, or New York State, or of any national banking association doing business in said States. Holdings both by investment and as security for loans are limited to not more than 25% of a bank's deposits. No more than 3% of the deposits shall be invested in the stock of any one such corporation, nor shall such corporation hold, both by investment and as security for loans, more than one quarter of the capital stock of any one such bank, trust company or national banking association.

Clause VIII concerns limit of deposits in any one bank. Clauses IX, X, XI and XIII concern real estate loans and personal securities. The full text of these sections will be found in the "Chronicle" of May 20 1911, page 1388.

The General Assembly in 1919 passed an Act amending Clause IX of Section 1 of Chapter 232 of the General Laws, entitled "Of Investments," as amended by Chapter 687 of Public Laws, passed at the January Session 1911, so as to permit investments by savings banks in the bonds of the Federal Land Banks, organized pursuant to the provisions of the Act of Congress approved July 17 1916, provided, that not more than 3% of the deposits of any bank shall be invested in said bonds. Investments in loans secured by first mortgage on real estate are defined in the same law and are subject chiefly to the following restrictions: Loans on improved real estate shall not exceed 60% of the valuation; loans on unimproved real estate shall not exceed 40% of the valuation; the aggregate amount of such loans shall not exceed 70% of the deposits, and of this authorized amount, not exceeding 30% shall be on real estate located out of Rhode Island.

Clause XII permits investment in the note or notes of a gas, water, electric light or power, telephone, electric railroad or street railway company incorporated, or doing business, in this State, which has paid dividends of at least 4% in each fiscal year upon all its issues of capital stock for 5 years next preceding the date of such investment; *Provided*, the principal of said note or notes matures at a time not exceeding 3 years from the date of investment therein; *and provided, further*, that said note or notes shall mature at least 5 years before the expiration of the principal franchise or franchises under which said gas, electric light or power, telephone, electric railroad or street railway company are operated; *and provided, further*, that the aggregate amount so invested by any bank, savings bank or trust company in the note or notes of any such corporation, together with the bonds and other securities of such corporation held, shall not exceed 2% of said deposits held by it.

Securities taken in settlement of debt may be held under Clause XIV, but the non-legal securities so obtained shall be sold within five years after being acquired, unless the time is extended.

"General Provisions.—*Clause XV.* (a) Securities acquired after the passage of this Act, which were legal investments when acquired, need not be disposed of if it happens afterwards that the net income of the corporation issuing such securities shall fall below the limit fixed by this Act, or, in the case of a city, county, town or district, if the debt limit is exceeded, unless, in the judgment of the Commissioner, it is hazardous to retain the same, in which case said Commissioner may give directions in writing requiring the disposal of such securities, and when such directions are given, such securities shall be disposed of within one year from the date of such notice, unless an extension of time is granted by said Commissioner.

"(b) Bonds which are legal investments under the foregoing provisions of this chapter and are secured by a mortgage which provides for payments to a sinking fund shall cease to be legal investments if the corporation issuing such bonds shall at any time fail to make such payments. And such bonds shall not be legal investments under the provisions of this section so long as any such payment is in arrears and unpaid.

"(c) If a corporation is formed by a consolidation or merger of two or more corporations, and it is desired to ascertain the legality of the bonds of the successor corporation for investment of savings deposits, the earnings and income of the several predecessor and constituent corporations shall be consolidated, and the aggregate corporate income so ascertained shall be regarded as that of one and the same continuous corporation represented by the successor corporation; or, if a corporation shall acquire by purchase the property and franchises of another corporation, and a bond issue is made for the financing of the transaction, the legality of the bonds so issued with the other bonds of the purchasing corporation shall be ascertained by the same process as in the case of a consolidation or merger above provided, subject to the rules applying to the several classes of corporations described under the preceding clauses of this chapter.

"(d) If the net earnings and income of any corporation whose bonds have been a legal investment under the provisions of this chapter shall fall somewhat below the requirements of this chapter for a period of not exceeding two successive fiscal years, and in the following year such earnings and income shall be restored to the required amount, said corporation after such restoration of income, shall be regarded as having complied with said requirements during said period, but during the period of failure to earn the required amount no investment shall be made in the bonds of a corporation so situated.

"(e) Serial maturities of bonds shall be considered equivalent to sinking fund provisions.

"Of the Segregation of Assets.—*Clause XVI.* (a) Every bank or trust company which maintains a savings or participation department, or solicits or receives deposits as savings or on participation, shall invest all deposits therein, or so received, according to the requirements of this chapter, and such deposits, invested or uninvested, shall be set apart for the exclusive protection of the deposits in said savings or participation department, and shall not be liable for, or be used to pay, any other obligation or liability of such bank or trust company until after the payment of all the deposits in said savings or participation department.

"(b) The foregoing provision as to the character of the investment of savings or participation deposits shall not render illegal any investments of such deposits made prior to May 26 1908, nor compel the change of such investments for those prescribed by this chapter, except as hereinafter provided.

"(c) If any bank or trust company shall continue to hold such investments of non-legal character made prior to May 26 1908 which, in the opinion of the Bank Commissioner, are hazardous and unsafe for the investment of savings deposits, said Commissioner may, by giving notice in writing, require such bank or trust company to dispose of such investments, to substitute other investments of a character in conformity with the requirements of this chapter within one year from the date of receipt of such notice, and said bank or trust company shall make such disposal or substitution in accordance with such requirement; but if it shall appear on written request of such bank or trust company that additional time is reasonably necessary in which to make such disposal or substitution in order to avoid unnecessary sacrifice, said Commissioner may grant a reasonable extension of time for the compliance herewith.

"(d) If any investment of the savings or participation department of any bank or trust company, which has been set apart as provided in (a) of this clause, shall be in default in payment of either principal or interest, such investment shall promptly be reduced in its book value approximately to the market value of the same.

"(e) The uninvested funds of the savings or participation department of any such bank or trust company shall be kept in a distinct deposit account or accounts or demand certificates of deposit in such manner that the same can be readily identified as clearly belonging to the segregated assets of such savings or participation deposits.

"(f) Every bank or trust company shall keep an accurate account wherein shall appear a complete list of the assets set apart for the exclusive protection of savings or participation deposits held by it, showing the

par value, book value, and, periodically, as often as a report is made to the Bank Commissioner shall enter in such account the fair market value of each of the investments of said assets.

"(g) The Bank Commissioner in requiring the substitution of investments under the provisions of (c) of this clause shall not require changes or substitutions aggregating in any one year more than two per centum of the savings or participation deposits of any such trust company at the time of the passage of this Act.

"Of Savings Bank Investments Made Before the Passage of This Act.—*Clause XVII.* (a) The provisions of this chapter shall not render illegal any investments held by any savings bank prior to May 26 1908, nor require the change of any such investment for those herein prescribed for the investment of savings deposits; *Provided, however*, if any savings bank shall hold any such investment or investments which are in default in the payment of interest or dividends thereon, or which, at any time, in the opinion of the Bank Commissioner, are hazardous or unsafe for the investment of savings deposits, the Bank Commissioner may by notice in writing require such savings bank to dispose of such investments; and such savings bank within one year from the receipt of such notice, unless such time shall be extended by the Commissioner, shall dispose of the same; *Provided, further*, said Commissioner shall not require the disposal of investments aggregating in value in any one year more than two per centum of the amount of the deposits of such savings bank.

"Defaulted Bonds.—*Clause XVIII.* If any bonds held by any savings bank shall be in default either in principal or interest, such investment shall promptly be reduced in its book value approximately to the market value of the same."

Clause XIX relates to "loans to officers of savings banks."

Clause XX provides that bonds bought below par shall be entered on the books and returns of the corporation holding the same at the actual cost price thereof, and the discounts in the price thereof may, by an equal annual amortization, be extinguished so as to gradually bring the book value thereof to par at maturity.

"Borrowing by Savings Banks."—*Clause XXI.* It shall not be lawful for any savings bank to borrow money for the purpose of investing or loaning the same, but this shall not be so construed as to prevent any savings bank from borrowing for the purpose of meeting a run or unusual withdrawals by its depositors, and in no case shall such borrowing exceed 10% of the deposits of any such savings bank, and the provisions of Clause XXII of this section shall constitute a further exception to such prohibition against borrowing. The note or notes given may be issued either on the general credit of the corporation or on pledge of securities owned, and shall be made only upon authority granted by vote of the board of trustees, or of the investment committee if specifically authorized so to do, and shall contain a reference to the minutes of the meeting at which the authority to borrow was voted. All such notes shall be executed in the name of the corporation by its Treasurer and shall bear the corporate seal of the corporation, and shall be countersigned by the President or Vice-President and two members of the investment committee. No general authority to borrow shall be voted by the trustees or the investment committee, but all borrowings shall be only upon a specific vote relating to the note to be issued. In event of such borrowing, such savings bank shall not make any new investment or loan until the note or notes given are all paid."

Clause XXII. It shall be lawful for any savings bank to borrow money for the purpose of purchasing bonds or other evidence of indebtedness of the United States, issued on or after the first day of April 1918, provided that in no case shall the aggregate amount of the sum so borrowed exceed 10% of the amount of the deposits of any such savings bank. The note or notes given in payment therefor shall be made only upon authority granted by vote of the board of trustees, or of the investment committee if specifically authorized so to do, and shall contain a reference to the minutes of the meeting at which the authority to borrow was voted. All such notes shall be executed in the name of the corporation by its Treasurer, shall bear the corporate seal of the corporation and shall be countersigned by the President or Vice-President and two members of the investment committee. No general authority to borrow shall be voted by the trustees or the investment committee, but all borrowing shall be upon only a specific vote relating to the note to be issued.

CITIES, COUNTIES AND TOWNS IN STATE OF RHODE ISLAND.

BARRINGTON.

A town in Bristol County. Incorporated in 1770. Population 1910, 2,452; 1920, 3,897.

JOHNSTON.

This town is in Providence County and was incorporated Mch. 6 1759. On June 1 1898 a portion of this town, representing about five-sevenths of the assessed valuation, was annexed to the City of Providence. The commission appointed to apportion the debt to be assumed by the city of Providence reported that the city's share of the net debt is $255,720.64, leaving $101,677.48 as the town debt remaining. Bonds Numbers 151 to 191 (all inclusive) remain as an obligation of the town of Johnston The bonds given below are those remaining as an obligation of the town after division. Chap. 882, Laws o. 1912, increases the limit of debt which may be incurred by this town (not counting temporary loans) to 5% of the taxable property.

DEBT, RESOURCES, &c.

Admitted as a State	One of Original Thirteen
Total area of State (square miles)	5,004
State Capital	Hartford
Governor (term expires Jan. 1923)	Everett J. Lake
Secretary of State (term exp. Jan. 1923)	Donald J. Warner
Treasurer (term exp. Jan. 1923)	G. Harold Gilpatrick
State Comptroller (term exp. Jan. 1923)	Chas. A. Templeton
Attorney-General (term exp. Jan. 1923)	Frank E. Healey

LEGISLATURE meets biennially in odd years on the Wednesday following the first Monday in January. A constitutional amendment adopted in Oct. 1911 limits the length of each session to the first Wednesday after the first Monday in June. V. 95, p. 1435.

HISTORY OF DEBT.—For early history of the Connecticut State debt see "State and City Supplement" of April 1895, page 36. The 3½% bonds below, it is provided, "shall be exempt from taxation by or under State or municipal authority." The 4s are also exempted from taxation, but the Act provides that "this exemption shall not be construed to apply to corporations taxed under the provisions of Section 2331, General Statutes, and amendments thereof." Connecticut's debt now is as follows:

Name and Purpose.		—Interest— Rate.	Payable.	—Principal— When Due.	Outstand'g.
State bonds	1909	3½	A-O	*April 1 1934	$2,955,000
do do	1911	4	J-J	July 1 1936	11,336,000
War loan	1865	Ceased		Oct. 1 1885	100

* Subject to call after April 1 1924.

INTEREST on all bonds is payable in Hartford, Conn., but checks are mailed on request.

TOTAL DEBT, &c.—	*July* 1 '20.	**July* 1 '19.	*Oct.* 1 '18.	*Oct.* 1 '17.
Total bonded debt	$14,291,100	$11,791,100	$12,062,100	$12,535,100
Civil list funds	875,196	2,659,885	8,025,076	5,911,784
Sinking fund.*x*	8,788,162	8,332,255	4,630,596	3,966,337
Net bonded debt	$4,627,742	$798,960	sur$593,572	$2,656,979

* The General Assembly in 1919 changed the date of the fiscal year from Sept. to June 30.

x The General Assembly of 1915 enacted a law providing for a sinking fund of $500,000 annually, to be taken from the State tax on the towns and used in the purchase of State or municipal bonds. The bonds so purchased are to be held and the proceeds, with the interest on the purchased bonds are to be used for the redemption, at maturity, of all State bonds. This law was repealed in 1919 after four such annual appropriations had been made. Appropriations of $3,000,000 were also made by each of the General Assemblies of 1917 and 1919, making a total of $8,000,000 set aside for the sinking fund. This fund has been used to retire $69,000 of the State bonds, and on June 30 1920 the fund also had $8,502,000 invested in United States obligations, besides $286,162 cash on hand.

ASSESSED VALUATION.—Assessed value believed to be fair value.

Years.	*Tax Valuation.*	*Years.*	*Tax Valuation.*	*Years.*	*Tax Valuation.*
1919	$1,661,776,728	1914	*a*1,105,081,413	1905	$712,519,166
1918	*a*1,464,602,164	1912	1,102,990,545	1900	694,200,162
1917	*a*1,375,708,933	1911	1,041,334,019	1895	444,321,927
1916	*a*1,278,357,574	1910	997,500,664	1888	354,557,515
1915	*a*1,174,551,713	1909	965,629,807		

a State tax of $1,750,000 apportioned to towns on basis of taxes collected.

These valuations do not include steam or electric railroads, banks, insurance or investment companies and only a small portion of cash, bonds or notes.

Under Chapter 106, as amended by Chapter 165, Laws of 1901, the State collects the tax on every bank, national banking association, trust, insur-

ance, investment and bridge company whose stock is not exempt from taxation, and remits the amount so collected to the various city and town treasurers. The value of such stocks was previously included in the grand list of each town.

POPULATION OF STATE.—Population has been as follows:

1920	1,380,631	1880	622,700	1840	309,978	1810	261,942
1910	1,114,756	1870	537,454	1830	297,675	1800	251,002
1900	908,420	1860	460,147	1820	275,248	1790	237,946
1890	746,258	1850	370,792				

DEBT LIMITATION.—The constitution of Connecticut contains but a single provision restricting the debt-making power. The provision is Article 25, adopted as an amendment in 1877, and is as follows:

No county, city, town, borough or other municipality shall ever subscribe to the capital stock of any railroad corporation, or become the purchaser of the bonds, or make donation to, or loan its credit in aid of, any such corporation; but nothing herein contained shall affect the validity of any bonds or debts incurred under existing laws, nor be construed to prohibit the General Assembly from authorizing any town or city to protect by additional appropriations of money or credit any railroad debt contracted prior to the adoption of this amendment.

The foregoing is explicit and comprehensive, covering every municipality

There were formerly no general restrictions upon the issue of bonds in the statutes, such restrictions as were provided from time to time being inserted in enabling Acts and in city charters. As to towns, indeed, Section 1931, Chapter 121, of the Revised Statutes of 1902 granted unlimited power to issue bonds. The 1915 Legislature, however, by Chapter 318 passed an Act as comprehensive as it is simple. It is defined as "An Act limiting the indebtedness which towns and municipal corporations may incur," and provides that: "No municipality or subdivision thereof shall incur any indebtedness, through the issue of bonds, in excess of five per centum of its grand list, unless otherwise provided by special Act." V. 101. p. 2158.

TAX EXEMPTION.—A law was enacted by the 1917 Legislature, exempting from taxation within the State all bonds, notes and other evidences of indebtedness issued after April 1 1917 by the U. S. Government, and by any county, town, city, borough or other municipal taxing district in this State. The full text of the new law was given in the "Chronicle" of April 21 1917, page 1617.

SAVINGS BANK INVESTMENTS—PRIVILEGES AND RESTRICTIONS.—A complete revision of the law concerning investments by savings banks was made by the 1919 Legislature. The 1921 Legislature amended sub-section 20 of section 3972 extending for a two-year period the provision that railroad bonds which were legal investments for savings banks at the time when the Federal Government took over the operation of the roads shall not become illegal investments by reason of such operation. The 1921 Legislature passed an act permitting savings banks to invest two per cent. of their deposits and surplus in equipment obligations issued by the National Railway Service Corporation. The text of the law as it now stands follows:

Sec. 1. Section 3972 of the General Statutes is amended to read as follows: Savings banks may invest their deposits and surplus only as provided in chapter 204 of the General Statutes: (1) In the stock or bonds or interest-bearing notes or obligations of the United States, or those for which the faith of the United States is pledged to provide for the payment of the principal and interest, including the bonds of the District of Columbia; (2) not exceeding ten per centum of their deposits and surplus in bills of exchange drawn by the seller on the purchaser of goods and accepted by such purchaser, provided such bill of exchange is indorsed by any national bank, member of a Federal Reserve bank, State bank or trust company in this State, or in the city of Boston, Massachusetts, the city of Providence, Rhode Island, the city of New York, New York, or the city of Philadelphia, Pennsylvania, and in the acceptance authorized by section 13 of the Federal Reserve Act of the United States or any amendment thereto, of any national bank, or member of a Federal Reserve bank, in this State, in the city of Boston, Massachusetts, the city of Providence, Rhode Island, the city of New York, New York, or the city of Philadelphia, Pennsylvania, or of any State bank or trust company in this State which may be authorized to issue such acceptances, nor shall the amount invested in such acceptances and bills of exchange of any one bank by any savings bank, when added to the sum of any funds deposited by the savings bank in such bank, exceed thirty per centum of the capital stock, surplus and undivided profits of said depositary bank; (3) in the stock or bonds or interest-bearing obligations of any State of the United States which was admitted to Statehood prior to January 1 1896, which has not, within ten years previous to making such investment by such corporation, defaulted for more than ninety days in the payment of any part of either principal or interest of any debt authorized by the Legislature of such State to be contracted; and in the bonds or interest-bearing obligations of any such State of the United States which have been issued and outstanding for a period of at least ten years previous to making such investment by such corporation, and which have been issued in pursuance of the authority of the Legislature of such State, (a) for the funding or settlement of any previous obligation of such State theretofore in default, or (b) for the refunding of such funding or settlement obligation of such State theretofore in default, and on which said funding or settlement obligation or obligation issued to refund the same there has been no default in the payment of either principal or interest since its issue, provided the authorization of any obligation by the Legislature of any such State hereinbefore referred to shall not have been in violation of any constitutional provision, and provided such bond or interest-bearing obligation shall be the direct obligation of such State and the faith and credit of the State shall be pledged for its payment, principal and interest; (4) in the obligations of any county, town, city, borough, school district, fire district or sewer district, in this State; (5) in the stock or bonds of any incorporated city situated in one of the States of the United States which was admitted to Statehood prior to January 1 1896, and which was incorporated as a city, under the same or a different name, at least twenty-five years prior to making such investment, and which has not less than twenty thousand inhabitants, as ascertained by the United States or State Census, or any municipal census taken by authority of the State, next preceding such investment, provided the amount of the bonds of such city, including the issue in which such investment is made, and its proportion, based on the valuations of property therein for the assessment for taxation next preceding such investment, of the county and town debt, after deducting the amount of its water debt and the amount of the sinking funds which are available for payment of its bonds other than water bonds, does not exceed seven per centum of the valuation of the taxable property in such city, to be ascertained by the valuation of property therein for the assessment of taxes, next preceding such investment, and provided, the city issuing such bonds, or the State in which it is located, has not defaulted for more than ninety days in the payment of any of its funded indebtedness or interest thereon within fifteen years next preceding the purchase of such bonds by the savings bank. The provisions of this sub-division shall not authorize the investment of funds in any "special assessment" or "improvement" bonds, or other bonds or obligations which are not the direct obligations of the city issuing the same, and for which the faith and credit of the issuing city are not pledged. A city of State shall be considered to be in default within the meaning of this section while any unpaid and overdue obligation, either principal or interest, shall be outstanding; (6) in the bonds or interest-bearing obligations issued by a railroad corporation organized under the laws of any of the New England States, and owning in fee not less than three hundred miles of railroad located in said States, and which has paid in dividends in cash an amount equal to not less than four per centum per annum on its outstanding shares of capital stock in each fiscal year for the 5 years next preceding such investment, or in the bonds or interest-bearing obligations issued by a railroad, terminal, depot, bridge, tunnel or street railway corporation organized under the laws of any of the New England States or the State of New York assumed by a railroad corporation organized under the laws of any of the New England States and owning in fee not less than 300 miles of railroad located in said States and complying with all the provisions of this section; if any such railroad corporation shall be leased to another railroad corporation organized under the laws of any of the New England States and owning in fee not less than 300 miles of railroad located in said States, under a lease which provides for the payment by the lessee as rental an amount sufficient to pay dividends on the capital stock of the lessor amounting in the aggregate in each fiscal year of said lessor corporation during the term of said lease to not less than 4% on its outstanding capital stock, such lessor shall be regarded as having paid its dividends within the meaning of this sub-division, but in case the lessee shall hold any shares of the capital stock of the lessor, such shares shall not be considered as outstanding within the meaning of this sub-division.

(7) In bonds or debentures actually issued by a railroad corporation incorporated in any of the New England States, at least ½ of the railroad of which is located in said State, whether such corporation is in possession of and is operating its own railroad or such railroad is leased to another railroad corporation incorporated in any one of the New England States, provided such bonds or debentures shall be secured either by a mortgage which was at the date thereof, or is at the time of making the investment, a first mortgage on not less than 75% of the railroad of such corporation owned in fee at the date of the mortgage, or by a refunding mortgage which provides for the retirement of all prior lien mortgage bonds of such railroad corporation, or by a mortgage which is a prior lien on some part of the railroad covered by a refunding mortgage which provides for the retirement of all outstanding prior lien bonds, or that if the railroad and railroad property of such corporation are unincumbered by mortgage, such bonds or debentures shall be issued under the authority of one of said States which provides by law that no such railroad corporation which has issued bonds or debentures shall subsequently execute a mortgage upon its road, equipment, franchise or upon any of its real or personal property, without including in and securing by such mortgage all bonds or debentures previously issued and all pre-existing debts and liabilities, and provided such corporation has paid in dividends in cash an amount equal to not less than 4% per annum on all its outstanding capital stock in each fiscal year for the five years next preceding such investments. If any such railroad company shall hold the railroad of another such railroad corporation under a lease which provides for the payment by the lessee as rental of an amount sufficient to pay dividends on the capital stock of the lessor amounting in the aggregate in each fiscal year of said lessor, during the term of said lease, to not less than 4% on all its outstanding capital stock, such lessor shall be regarded as having paid its dividends within the meaning of this subdivision; but in case the lessee shall hold any shares of the capital stock of the lessor such shares shall not be considered as outstanding within the meaning of this sub-division.

(8) No bonds or other interest-bearing obligations shall be made a legal investment by sub-divisions 6 and 7 in case the authorized issue thereof, with all outstanding prior debts of the issuing or assuming corporation, including all evidences of debt that may legally be issued under any of its prior authorizations or under any of its assumed prior authorizations, after deducting therefrom, in case of a refunding mortgage, the bonds reserved under the provisions of said mortgage to retire prior debts at maturity, shall exceed three times the outstanding capital stock of said corporation at the date of such investment.

(9) In the bonds issued by a railroad, terminal, depot, bridge, tunnel or street railway corporation organized under the laws of any of the New England States or the State of New York, the property of which is located wholly or in part in one of said States, or in the bonds issued by a railroad, terminal, depot, bridge, tunnel or street railway corporation, organized under the laws of any of said States, assumed by a railroad, terminal, depot, bridge, tunnel or street railway corporation organized under the laws of said States, provided such bonds shall be secured either by a mortgage which was at the date thereof, or is at the time of making the investment, a first mortgage on not less than 75% of the railroad owned in fee at the date of the mortgage, in the case of a railroad or street railway corporation, or the fixed property, in the case of a terminal, depot, bridge or tunnel corporation, owned by the corporation issuing the bonds, or by refunding mortgage which provides for the retirement of all prior lien bonds of such corporation, or by a mortgage which is a prior lien on some part of the property covered by a refunding mortgage which provides for the retirement of all outstanding prior lien bonds. No bond shall be made a legal investment under this sub-division unless the bonds are guaranteed, principal and interest, by endorsement by, or guaranteed principal and interest by indorsement, which guaranty has been assumed by a railroad corporation owning in fee not less than 300 miles of railroad in the New England States, whose bonds are made a legal investment under sub-division 6. No bonds shall be made a legal investment by this sub-division in case the mortgage securing the bonds shall authorize a total issue of bonds which, added to the total debt described in sub-division 8 of the guaranteeing corporation, including therein the authorized amount of all previously guaranteed bond issues, shall exceed 3 times the outstanding capital stock of said guaranteeing corporation at the time of making said investment.

(10). In the mortgage bonds, as described in sub-division 15, issued or assumed by any railroad corporation incorporated under the laws of the United States, or any State, provided such railroad corporation owned in fee during each of the 5 fiscal years of such railroad corporation next preceding the date of such investment not less than 500 miles of standard-gauge railroad, exclusive of sidings, within the United States, and provided such railroad corporation has complied during each of said fiscal years with the provisions of sub-division 14, or if such corporation owned in fee less than 500 miles of such railroad, the gross earnings of such corporation, as reckoned in sub-division 14, shall have been not less than $10,000,000.

(11) In the mortgage bonds, as described in sub-division 15, issued or assumed by any railroad corporation incorporated under the laws of the United States, or any State thereof, provided during each of the 5 fiscal years of such railroad corporation next preceding the date of such investment its railroad subjected to the lien of the mortgage securing its bonds has been operated by a corporation described in, and which has complied with all the provisions of, sub-divisions 10 and 14. No bonds shall be made a legal investment by this sub-division unless the bonds are guaranteed principal and interest by endorsement by, or guaranteed principal and interest by endorsement which guaranty has been assumed by, the corporation operating the railroad covered by the mortgage securing the bonds and which has complied with all the provisions of sub-divisions 10 and 14.

(12) In the mortgage bonds as described in this Act issued or assumed by any terminal, depot, bridge or tunnel company incorporated under the laws of the United States, or any State, provided the property of such terminal, depot, bridge or tunnel company is used by one or more railroad corporations described in, and which have complied with all the provisions of, sub-division 10 and 14. No bond shall be made a legal investment by this sub-division unless the bond is guaranteed principal and interest by endorsement by, or guaranteed principal and interest by endorsement which guaranty has been assumed by, one or more railroad corporations described in, and which has complied with all the provisions of, sub-divisions 10 and 14

(13). In the mortgage bonds as described in sub-division 15 issued or assumed by any railroad corporation incorporated under the laws of the United States, or any State, provided, during each of the 5 fiscal years of such railroad corporation next preceding the date of such investment, such railroad corporation owned in fee not less than 100 miles of standard-gauge railroad, exclusive of sidings, within the United States, and provided such railroad corporation has complied during each of said fiscal years with the provisions of sub-division 14. No bonds shall be made a legal investment by this sub-division unless the bonds are guaranteed principal and interest by endorsement by, or guaranteed principal and interest by endorsement, which guaranty has been assumed by, a corporation described in, and which has complied with all the provisions of, sub-divisions 10 and 14, nor unless it complies with the provisions of sub-division 16.

(14) Any railroad corporation described in sub-divisions 10 and 13 shall comply with the provisions of this sub-division during each of the 5 fiscal years of such railroad corporation next preceding the date of such investment, before any of its mortgage bonds as described in sub-division 15 shall be made a legal investment. Such railroad corporation shall have paid the matured principal and interest of all indebtedness and shall have paid in dividends in cash to its stockholders an amount equal to at least 4% upon all its outstanding capital stock; the gross earnings from the operation of the property of such railroad corporation, including therein the gross earnings of all railroads leased and operated or controlled and operated by said corporation, and the gross earnings from the sale of coal from mines owned or controlled by it, shall not have been less in amount than 5 times the amount necessary to pay the interest payable upon its entire outstanding indebtedness, the rentals of all leased lines, and the interest on all outstanding indebtedness of railroads controlled and operated which are not owned by said corporation, after deducting from said interest and rentals interest and dividends received from the stocks, bonds or notes of railroad corporations not operated by said corporation, which have been deposited with a trustee as the only security for the payment of bonds or notes issued by said corporation, but not in excess of the interest on said last-named bonds or notes.

(15). Whenever the term "mortgage bonds" is used in sub-divisions 10 to 20, inclusive, it shall mean either (*a*) That the mortgage securing the bonds was at the date thereof, or is at the date of such investment, a first mortgage on not less than 75% of the railroad, in the case of a railroad corporation, or the fixed property, in the case of a terminal, depot, bridge or tunnel company, owned in fee at the date of the mortgage by the corporation which executed the mortgage and issued the bonds; that 75% of the railroad subject to the lien of said mortgage is connected; that the date of said mortgage is at least 5 years prior to the date of such investment, unless the corporation issuing, assuming or guaranteeing the bond has complied with sub-division 14 for each of the 10 fiscal years of such corporation next preceding the date of such investment; but a mortgage given in substitution for and not greater in amount than such mortgage, and covering the same railroad or property, shall be considered to be in accordance with this requirement; (*b*) That if the mortgage securing the bonds was at the date thereof, or is at the date of such investment, not a first mortgage on not less than 75% of the rail-

road owned in fee at the date of the mortgage, it is a first mortgage on at least 75% of the railroad subject to the lien of said mortgage at the date thereof; but if any stocks or bonds are deposited with the trustee of said mortgage as part security therefor, representing or covering railroad mileage not owned in fee, the bonds secured by said mortgage shall not become legal investments unless said corporation owns in fee at least 75% of the total mileage which is subject to the lien of such mortgage, including the mileage which is represented or covered by said stocks or bonds; that 75% of the railroad subject to the lien of said mortgage is connected; that the date of said mortgage is at least 5 years prior to the date of such investment, unless the corporation issuing, assuming or guaranteeing the bond has complied with sub-division 14 for each of the 10 fiscal years of such corporation next preceding the date of such investment; but a mortgage given in substitution for and not greater in amount than such mortgage, covering the same railroad or property, shall be considered to be in accordance with this requirement. (*c*) That the mortgage securing the bonds was at the date thereof, or is at the date of such investment, a first mortgage or a mortgage or trust indenture which is in effect a first mortgage upon all the railroads, subject to the lien of said mortgage or trust indenture by virtue of the irrevocable pledge with the trustee thereof of an entire issue of issues of bonds which are a first lien, upon the railroad of a railroad corporation which is owned and operated, controlled and operated, or leased and operated, by the corporation issuing or assuming said bonds; that 75% of the railroad subject to the lien of said mortgage is connected; that the date of said mortgage is at least 5 years prior to the date of such investment, unless the corporation issuing, assuming or guaranteeing the bonds has complied with subdivision 14 for each of the 10 fiscal years of such corporation next preceding the date of such investment; but a mortgage given in substitution for and not greater in amount than such mortgage, and covering the same railroad property, shall be considered to be in accordance with this requirement. (*d*) That the mortgage securing the bonds was at the date thereof, or is at the date of such investment, a refunding mortgage which provides for the retirement of all prior lien mortgage bonds of said corporation outstanding at the time of said investment, and covering at least 75% of the railroad owned in fee by said company at the date of said mortgage. No mortgage is to be regarded as a refunding mortgage under the provisions of this subdivision unless the bonds which it secures mature at a later date than any bond which it is given to refund; but, in case bonds are issued to mature at an earlier date than any bond which it is given to refund, the mortgage contains the provisions that bonds issued to mature at an earlier date may be retired by a like amount of bonds reissued under said mortgage. (*e*) That the mortgage securing the bonds is a prior lien to a refunding mortgage described above, on some part of the railroad or railroad property covered by said refunding mortgage, provided the bonds issued under such mortgage are to be refunded by said refunding mortgage, and the property covered by said prior lien mortgage is operated by, and its operations included in, those of the railroad corporation issuing said refunding mortgage.

(16). No bond shall be made a legal investment by sub-division 10 in case the mortgage securing the same shall authorize a total issue of bonds, which, with all outstanding prior debts of the issuing or assuming corporation, including all bonds not issued that may legally be issued under any of its prior debts, or of its assumed prior debts, after deducting therefrom in case of a refunding mortgage the bonds reserved under the provisions of said mortgage, to retire prior debts at maturity, shall exceed 3 times the outstanding capital stock of said corporation at the date of such investment; no bond shall be made a legal investment by sub-divisions 11, 12 and 13 in case the mortgage securing the same shall authorize a total issue of bonds, which, added to the total debt, as defined in this sub-division, of the guaranteeing corporation, including therein the authorized amount of all previously guaranteed bond issues, shall exceed 3 times the capital stock of said guaranteeing corporation outstanding at the time of making said investment; in case of a mortgage executed prior to May 28 1913, under which the total amount of bonds which may be issued is not specifically stated, the amount of bonds outstanding thereunder at the date of such investment shall be considered as the total authorized issue.

(17). Bonds which have been or shall become legal investments under any of the provisions of sub-divisions 10 to 20, incl., shall not be rendered illegal, although the corporation issuing, assuming or guaranteeing such bonds shall fail for a period not exceeding 2 successive fiscal years to comply with the requirements of sub-divisions 10 and 14; but no further investment in the bonds issued, assumed or guaranteed by said corporation shall be made after the first fiscal year of such failure; but if, after the expiration of said period, said corporation complies for the following fiscal year with all the requirements of sub-divisions 10 and 14, it shall be regarded as having complied therewith during said period, and thereupon said bonds shall be legal investments, but in case of any subsequent failure to comply with subdivisions 10 and 14 the bonds of said corporation shall not be purchased until said corporation shall have complied each year for 5 successive years with said sub-divisions 10 and 14.

(18) Bonds which have been or shall become legal investments under any of the provisions of sub-divisions 10 to 20, incl., shall not be rendered illegal because the property upon which they are secured has been or shall be conveyed to or legally acquired by another railroad corporation, and the corporation which issued or assumed said bonds has been or shall be consolidated with another railroad corporation, if the consolidated or purchasing corporation shall assume the payment of said bonds, and so long as it shall continue to pay regularly interest or dividends, or both, upon the securities issued against, in exchange for, or to acquire the stock of, the corporation consolidated, or the property purchased, or upon securities subsequently issued in exchange or substitution therefor, to an amount at least equal to 4% per annum upon the capital stock outstanding at the times of such consolidation or purchase, of said corporation which issued or assumed said bonds.

(19). If a railroad corporation which has complied with all the requirements of sub-divisions 10 and 14 except that the period of compliance is less than 5 years, shall be, or shall have been, consolidated or merged with, or its railroad purchased and all the debts of such corporation assumed by, another railroad corporation incorporated under the laws of the United States, or any State, the corporation so succeeding shall be considered as having complied with all the provisions of said sections during those successive years next preceding the date of such consolidation, merger or purchase, in which said consolidated, merged or purchased corporations, if considered as one continuous corporation in ownership and possession, would, taken together, have so complied, provided in the case of a railroad corporation which has complied with all the requirements of said subdivisions except that the period of compliance is less than 5 years, said succeeding corporation shall continue so to comply for a further period which shall make such compliance equivalent to at least 5 successive years.

(20). If, by means of consolidation, merger or purchase, a railroad corporation shall own and possess the properties and franchises which, prior thereto, belonged to similar corporations, and, during the years next preceding such consolidation, merger or purchase, one or more of said corporations, have regularly paid in cash to stockholders dividends in amounts equaling or exceeding 4% per annum upon the entire capital stock of the successor corporation outstanding at the time of the investment, such successor corporation shall be considered as having paid such dividends during the same period of years; the time during which any railroad is operated by the Government of the United States and the earnings and dividends made and paid during said time shall not be taken into consideration in determining the compliance of the corporation owning said railroad and any of the provisions of this section nor shall any default in the earning or payment of dividends or any failure to make the gross earnings required by this section during said period of Government control, render any bonds illegal for investment which were legal at the beginning of said Government operation or for two years thereafter.

(21). Savings banks may invest not exceeding 2% of their deposits and surplus in equipment trust notes, bonds or certificates issued by, or which are guaranteed by endorsement both as to principal and interest by, or which are secured by lease of equipment to, a railroad corporation which, in case of a railroad corporation incorporated under the laws of any of the New England States, has complied with sub-division 6, or which, in the case of a railroad corporation incorporated under the laws of any other State, or of the United States, has complied with all the provisions of sub-divisions 10 and 14, provided said notes, bonds or certificates are secured by a first lien on, or by a lease and conditional sale of, new standard railroad equipment free from other encumbrances, for the purchase of which said notes, bonds or certificates were issued at not exceeding 90% of the purchase price thereof, and provided the instrument under which such notes, bonds or certificates are issued, or the lease of such equipment to the railroad corporation, provides for the proper maintenance of the equipment covered thereby and for the payment of the entire issue of such notes, bonds or certificates in not exceeding 15 annual or 30 semi-annual installments, without the release of any part of the lien or interest in any of the equipment securing such notes, bonds or certificates until the entire issue of such series of notes, bonds or certificates shall have been paid or redeemed. No equipment trust notes, bonds or certificates shall be made a legal investment by this section in case the series authorizes an amount which, added to the total debt as defined in sub-division 8, in the case of a railroad corporation organized under the laws of any of the New England States, or sub-division 16 in the case of a railroad corporation organized under the laws of any other State or of the United States, which issued or guaranteed or is the lessee of the equipment securing such equipment trust notes, bonds or certificates, including therein the outstanding amounts of all previously issued series of such equipment trust notes, bonds or certificates, shall exceed 3 times the capital stock of such railroad corporation outstanding at the time of making said investment.

(22). Savings banks may invest not exceeding 2% of their deposits and surplus in bonds issued by any street railway corporation incorporated in this State the railway of which is located wholly or in part therein, provided such bonds are secured by a mortgage which was at the date of the mortgage or is at the date of the investment a first mortgage on not less than 75% of the railway of such corporation owned in fee at the date of the mortgage, and provided the gross earnings of said corporation each fiscal year for the 5 years next preceding the date of such investment were not less than $100,000, and that said corporation in each of said years earned and paid in dividends in cash an amount equal to at least 4% per annum upon the outstanding capital stock, and provided, at the date of any such dividend, the outstanding capital stock is equal to at least ½ of the debt of such corporation.

Sections 23, 24 and 25, given below, add the bonds of water companies and telephone companies to the list of securities in which banks may invest.

(23). Savings banks may invest not exceeding 2% of their deposits and surplus in mortgage bonds and other interest-bearing obligations of any water company incorporated in this State supplying water for domestic use to communities in this State having a population of not less than 15,000 whose franchise is an exclusive one and unlimited in time, provided the amount of all the outstanding debts of such company does not exceed its capital stock, and provided such water company has earned each year and paid in cash from its officially reported net earnings, as shown by its annual report or other official statement under oath, to municipal, State or United States authorities, dividends of not less than 4% per annum on its entire outstanding capital stock, for a period of 4 years next preceding the making of the investment

(24). Savings banks may invest not exceeding 2% of their deposits and surplus in bonds of any telephone company incorporated in this State, whose property is located chiefly in this State, which are secured by a first mortgage upon at least 75% of the property of such company, including its franchises, rights and privileges, and limiting the amount of bonds issuable thereunder to 75% of the valuation of the property mortgaged, excluding any valuation of said franchises, rights and privileges, and providing the gross income of such telephone company shall have been not less than $2,000,000 per annum during each of the 5 fiscal years of such telephone company next preceding the date of such investment.

(25). Savings banks may invest not exceeding 2% of their deposits and surplus in bonds of any telephone company incorporated in any of the New England States, or in the State of New York, and secured by a first mortgage upon at least 75% of the property of such telephone company, or by the deposit with a trust company incorporated under the laws of one of the New England States or of the State of New York of bonds or shares of stock, or both, of other telephone corporations under an indenture of trust which limits the amount of bonds so secured to 75% of the value of the securities deposited as stated and determined in said indenture, and provided the gross income of such telephone company shall have been not less than $25,000,000 per annum during each of the 5 fiscal years of such telephone company next preceding the date of such investment. No bond of a telephone company shall be made a legal investment under sub-divisions 24 and 25 unless during each of the fiscal years of such telephone company next preceding the date of such investment said telephone company shall have paid the matured principal and interest of all its indebtedness, and shall have paid, during each of said years, in cash dividends an amount equal to not less than 6% per annum of all its outstanding issues of capital stock, and the dividends paid on the capital stock of such telephone company shall not have been less than the total amount necessary to pay the interest upon its entire outstanding indebtedness.

(26) Savings banks may invest not exceeding 2% of their deposits and surplus in mortgage bonds of any gas or electric light company, incorporated under the laws of this State, supplying gas or electricity for lighting to any community in this State whose franchise is an exclusive one and unlimited in time, provided the amount of the outstanding debts of such company does not exceed its capital stock, and provided such gas or electric company has earned each year and paid in cash from its officially reported net earnings as shown by its annual report or other sworn official statement to the municipal, State or United States authorities, dividends of not less than 5% per annum on its entire outstanding capital stock for a period of four years next preceding the making of such investment. The term "indebtedness," as used in this Act, shall be construed to mean and include all bonds, notes and other obligations or accounts payable at a time or times more than a year after their date.

(27) Savings banks may invest in the capital stock of any bank or trust company located in this State, or in the City of New York in the State of New York, or in the City of Boston in the State of Massachusetts, but no savings bank shall hold by way of investment and as security for loans more than 20% of its deposits in the stocks of such banks or trust companies, at par value, nor more than 3% of its deposits, nor more than $100,000 of par value in, nor more than ¼ of the capital stock of, any such bank or trust company. The provisions of this sub-division shall not render illegal any such investments owned by any bank or trust company on Aug. 1 1913.

(28) Savings banks may invest not exceeding 20% of their deposits and surplus in notes secured by pledge of stock or bonds as collateral, provided the corporation issuing such stock or bonds shall have paid thereon dividends or interest at the rate of not less than 4% per annum during the two years next preceding the time when such loan is made; or by the pledge of any stocks or bonds or other obligations which under the provisions of this section may be purchased by savings banks; but the market value of any securities given to secure any collateral loan shall be at least 20% in excess of the amount of the loan and not more than 5% of the aggregate deposit in any savings bank shall be loaned on the stock, bonds or other obligations of one corporation, or by the pledge of deposit accounts and books in savings banks in this State to an amount not exceeding the balance due from said savings banks on such deposit account.

(29) The provisions of this Act shall not render illegal the investment in, nor the investment hereafter in, any bonds or interest-bearing obligations issued or assumed by a railroad corporation, which were a legal investment on May 28 1913, so long as such bonds or interest-bearing obligations continue to comply with the laws in force prior to said date: but no such bond or interest-bearing obligation that fails, subsequent to said date, to comply with said laws, shall again be a legal investment unless such bonds or interest-bearing obligations comply with the provisions of this section.

(30) If any street railway company, the bonds of which were a legal investment prior to May 28 1913 shall fail, in any fiscal year subsequent to said date, to pay dividends equal to 4% upon its outstanding capital stock, the bonds of such railway company shall cease to be a legal investment until such company has complied with all the provisions of sub-division 22 of this section.

(31) In the sub-divisions of this section which relate to railroad bonds the word "debt" shall be construed to mean obligations issued or assumed evidenced by a series of bonds or other interest-bearing instruments which mature at a time or times exceeding 3 years after their date, and the term "railroad corporation" shall be construed to mean a corporation which owns or is in possession of and operating a railroad or railway of the class usually operated by steam power. Street railway corporations are not railroad corporations within the meaning of this section.

(32) Savings banks may invest not exceeding 2% of their deposits and surplus in notes secured by a trust indenture of any stocks or bonds or other obligations which under provisions of this section may be purchased by savings banks; the market value of any securities given shall be at least 20% in excess of the amount of the loan, provided the bonds under such trust indenture shall be legal investment for the savings banks of this State.

(33) Savings banks may invest not exceeding 10% of their deposits and surplus in the obligations of the Government of the Kingdom of Great Britain and Ireland, and the Government of the French Republic and the Government of the Dominion of Canada or any of its provinces, provided such obligations have a fixed and definite date of maturity and shall be the direct obligations of such Government or province and that the full faith and credit of such Government or province shall be pledged for its payment, principal and interest.

In addition to the foregoing the 1921 Legislature passed the following act permitting savings banks to invest two per cent. of their deposits and surplus in equipment obligations issued by the National Railway Service Corpora-

tion. "Savings banks may invest not exceeding two per centum of their deposits and surplus in prior lien equipment obligations or equipment trust certificates issued by the National Railway Service Corporation in pursuance of any equipment trusts financed in whole or in part through a loan or loans made or approved by the Inter State Commerce Commission, provided such securities are issued for not exceeding in par value sixty per centum of the cost of standard railway equipment, and that such obligations shall mature in approximately equal annual or semi-annual installments over a period of not exceeding fifteen years."

The Bank Commissioner on May 1 1921 issued his usual semi-annual compilation enumerating the municiaplities and obligations falling within the definition of legal investments. This was published in the "Chronicle" of June 11, 1921, page 2,557.

TRUST FUNDS—HOW LOANED OR INVESTED.—We find in Sec. 54 of Chapter 22 of the Revised Statutes of 1902 the following liberal provisions providing that trust funds may be loaned or invested in the same securities savings banks are authorized to invest in:

SEC. 254.—Trust funds, unless it is otherwise provided in the instrument creating the trust, may be loaned on the security of mortgages on unencumbered real estate in this State double in value the amount loaned, or may be invested in such mortgages or in the bonds or loans of this State, or of any town, city or borough of this State, or in any bonds, stocks or other securities which the savings banks in this State are, or may be, authorized by law to invest in, or may be deposited in savings banks incorporated by this State.

CITIES, COUNTIES AND TOWNS IN THE STATE OF CONNECTICUT.

The relation which the towns, cities and boroughts of this State bear to one another is peculiar and requires a word of explanation. The State is divided into eight counties, and these counties are made up of towns, numbering in the aggregate 167. The towns are the civil unit, and on the assessed valuation (which is called the "Grand List" of each town) is levied the tax for State purposes as well as the tax for town expenditures. Within the town is often situated a city or a borough, or both, all of which may at the same time have bonds outstanding. Many towns and cities, however, whose limits were about identical, have been consolidated (including Stratford, Bridgeport, New Britain, New London and New Haven), and the outstanding bonds of both town and city are reported together without distinction.

The borough stands in about the same relation to the town as does the city. The grand list as determined for the town is used by both the city and the borough in levying taxes, the city, for instance, putting a tax of its own on its share of the total grand list of the town. This tax is additional to the town tax. In some instances the schools are in the charge of school districts, which also are empowered to issue bonds and to levy a tax, so that to cover the total tax paid by a city, it is necessary to take into account the State, town, city and school district levies. In the statements which follow we give under one heading the town and city, wherever they bear the same name, for, though distinct corporations, their debts are to greater or less extent the debts of a single community.

AGGREGATE MUNICIPAL INDEBTEDNESS.

The total indebtedness of all the towns, cities, boroughs and counties in the State was in 1920 $79,385,900.75. In the following table we show the funded indebtedness, the floating debt and the total indebtedness of all the civil divisions of the State at quadrennial periods:

	Funded debt.	*Floating debt.*	* *Total debt.*
1920	$69,511,940 00	$9,873,960 75	$79,385,900 75
1916	51,268,300 00	9,122,333 00	60,390,633 00
1912	37,058,361 70	6,481,868 99	43,540,230 69
1908	30,598,153 47	7,865,551 44	38,463,704 91
1904	26,906,859 05	5,269,101 56	32,520,460 61
1900	22,142,993 58	5,005,323 09	27,624,827 42
1896	19,749,667 08	4,384,980 56	24,581,066 55
1892	16,023,832 46	4,473,571 36	20,627,058 48
1888	15,569,818 67	3,759,642 86	19,392,804 89
1884	14,655,903 75	2,980,386 15	17,636,289 91
1880	15,388,375 69	1,967,623 60	17,355,999 29
1877	14,437,742 93	2,713,584 35	17,151,327 28

* In 1904 and at former periods the county debt ($344,500 in 1904) was not divided into funded and floating debt, and therefore is included only in total debt column.

ANSONIA.
Ansonia is in New Haven County. Inc. April 1889. Legislature in 1893 authorized consolidation of borough, town and fire district to form present city.

LEGISLATURE meets annually the first Wednesday in January, and length of sessions is not limited.

HISTORY OF DEBT.—The early historical details of New York State's debt from 1817 to 1894 will be found in the "State and City Supplement" of April 1893, page 41.

During a period of eleven years ending in 1893 the State debt was paid at the average of $1,000,000 per year, and practically wiped out.

In Nov. 1895 the voters approved a bond issue of $9,000,000, for the purpose of enlarging and improving the Erie, Oswego and Champlain canals. These bonds were all issued and have since been redeemed. In 1903 a further issue of $101,000,000 canal bonds was authorized, and these bonds have all been sold. [A bill, signed by the Governor April 17 1912, authorized the State Comptroller to issue canal improvement bonds made payable in foreign currency. V. 94, p. 1131.] At the 1905 election a constitutional amendment was adopted giving authority to create an aggregate debt of $50,000,000 for highway purposes, and all of these bonds have been sold. The question of issuing an additional $50,000,000 bonds for highways received a favorable vote in Nov. 1912, the last of these bonds were sold in June 1921. In Nov. 1909 the voters approved the issuance **of $7,000,000 bonds for the Cayuga and Seneca Canals, all of which have been sold. In 1910 the voters approved the issuance of $2,500,000 bonds, all of which have been sold, for the acquisition of the Palisades Interstate Park. At the election Nov. 7 1916 a favorable vote was polled on the referendum proposition providing for the issuance of $10,000,000 additional** bonds for this purpose and for State Forest Preserve, and the last of these bonds were sold in June 1921. Under the provisions of Chap. 394, **Laws of 1911, and Chap. 252, Laws of 1914, Chap. 335, Laws of 1915, $1,284,000 bonds were authorized for a State Reservation at Saratoga Springs. These bonds were all issued, but $855,000 have been redeemed, leaving outstanding Mar. 31 1921 $429,000. A proposition to issue $19,800,000** barge canal terminal bonds was adopted Nov. 7 1911, and the last of these bonds were sold in June 1921. On Nov. 2 1915 the voters approved the issuance of $27,000,000 bonds for the completion of the barge canal; all of these have been disposed of. On Nov. 2 1920 the voters approved the proposition to issue $45,000,000 "Soldiers' Bonus" bonds. $10,000,000 of these bonds were offered to the public on June 9 1921, but owing to the raising of a question of their legality, were not sold. The State's total bonded debt on March 31 1921 was $235,929,000. (a) The sinking fund resources on the same date were $77,157,664. Loans outstanding Mar. 31 1921 were as follows:

STATE DEBT FOR A SERIES OF YEARS.—The 1916, 1917, 1918 and 1919 and 1920 figures of gross State debt given below are for the fiscal years beginning with June 30 1916, the year having been changed from Sept. 30 to this date by Chap. 118, Laws of 1916. All other figures in the following table are for the old date (Sept. 30):

1920	$236,024,000	1910	$57,230,660	1899	$10,185,660
1919	236,119,660	1909	41,230,660	1898	9,340,660
1918	236,214,660	1908	26,230,660	1897	5,765,660
1917	236,309,660	1907	17,290,660	1893	660
1916	211,404,660	1906	10,630,660	1892	763,160
1915	186,400,660	1905	11,155,660	1891	2,927,655
1914	†159,260,660	1904	9,410,660	1890	4,964,304
1913	*108,355,660	1903	9,665,660	1885	9,461,854
1912	109,702,660	1902	9,920,660	1880	9,114,054
1911	79,730,660	1900	10,130,660		

1875	$28,328,686		
1870	8,641,606		
1865	50,861,349		
1860	34,182,975		
1850	23,507,874		
1840	18,385,309		
1830	8,635,035		
1820	2,983,500		
1816	2,905,535		

† Comptroller's temporary loan certificates amounting to $650,000 were also outstanding Sept. 30 1914. * In addition, there were outstanding Sept. 30 1913 $27,000,000 notes issued in anticipation of the sale of bonds.

a In addition to the bonded debt on Mar. 31 1921 there were outstanding $7,000,000 temporary loans in anticipation of the sale of long term bonds for highways and canals.

TAX VALUATION, TAX RATE, &c.—Large increase in values for 1904, due mainly to New York City's real estate being assessed about full value. The constitutional amendment adopted in 1905 permits interest and sinking fund requirements to be met out of funds in the Treasury instead of by means of a direct tax as heretofore. No direct State levy, therefore, was made in 1906 to 1910, revenue being entirely raised through the operation of mortgage, stock transfer, liquor, inheritance and corporation taxes. In July 1911, however, the Legislature again imposed a direct tax of 6-10 of a mill on each dollar of real and personal property. In 1912 the Legislature made provision for a direct tax levy of one mill. At the 1913 session, in order to avoid the levying of a direct tax, a bill was introduced to permit the transfer to the general fund of a part of the sinking fund. This measure, however, failed to pass both houses. V. 96, p. 1435. On Sept. 17 1913, while the Legislature was in extra session, a bill was passed authorizing the levy of a direct tax of 5805-10000 of a mill. In 1914 a bill was passed providing for a direct tax of three hundred and fifty-five thousandths of a mill but this was vetoed by the Governor. V. 98, p. 1404. At the 1915 session of the Legislature provision was made for the levy of a direct tax of one and seven-tenths mills. V. 100, p. 1525. No direct State tax was imposed by the 1916 Legislature. In 1917 the Legislature provided for a direct tax of 1.08 mills, and in 1918 and 1919 it imposed a direct tax of 1.06 mills and in 1920 it imposed a tax of 2.69 mills.

Year—	Valuation—Real Estate	Valuation—a Personal.	Total Equalized Valuation.	*State Tax—Rate per $1,000.	*State Tax—Total Levied.

*** The direct State tax, it will be noticed from the above, is always reckoned on the valuations of the previous year, these being the latest figures available at the time of the session of the Legislature.**

a This does not include bank stock.

POPULATION OF STATE.—New York ranks first in population among the States of the Union. The following gives the U. S. Census figures, except 1905 and 1915 returns, which were compiled under State supervision.

1920	10,384,829	1900	7,268,894	1860	3,880,735	1820	1,372,812
1915	9,687,744	1890	*6,003,174	1850	3,097,394	1810	959,049
1910	9,113,614	1880	5,082,871	1840	2,428,921	1800	589,051
1905	8,067,308	1870	4,382,759	1830	1,918,608	1790	340,120

*Includes population (5,321) of Indian reservations, specially enumerated.

CANASERAGA CREEK IMPROVEMENT BONDS.—On July 1 1910 the State Water Supply Commission sold under authority of Chap. 54, Consolidated Laws of 1909, and on behalf of the Canaseraga Creek Improvement District in Livingston County, $200,000 5% bonds, due $5,000 yearly from 1915 to 1954, incl. V. 91, p. 110. These bonds are payable by assessment upon the lands and properties in such improvement district.

CONSTITUTIONAL AMENDMENT CHANGING CLASSIFICATION OF CITIES.—At the Nov. 1907 election an amendment to Sec. 2 of Art. 12 of the constitution was adopted by a vote of 309,159 "for" to 123,919 "against." This amendment alters Sec. 2 by changing the population of cities of the first class from "250,000 or more" to "175,000 or more," and cities of the second class from "50,000 and less than 250,000" to "50,000 and less than 175,000." This section was printed in full in V. 85, p. 359.

NEW YORK, NEW JERSEY PORT DISTRICT.—A treaty, creating a port district between New York and New Jersey, ratified by the Legislatures of both States, was signed on April 30 1921. The treaty provides for the creation of a single "Port District" governed by a single Port Authority, which body will control the improvement and development of the district in conjunction with the Federal authorities. See "Chronicle" May 7 1921, page 1998.

NEW CONSTITUTION DEFEATED.—A revised Constitution drafted by the Convention of 1915, in session from April 6 to Sept. 10, was overwhelmingly defeated at the general election Nov. 2 1915. V. 102, p. 172. The changes proposed by the Convention were explained in an "address to the people," which was given in full in the "Chronicle" of Sept. 18 1915, page 892. The voters, at the general election on Nov. 7 1916, defeated the question of holding another constitutional convention. V. 104, p. 86.

DEBT LIMITATION—STATE.—The provisions of the fundamental law restricting the power of the Legislature over the issue of debt under the Constitution of 1894 are contained in Article 7. Amendments to Sections 2, 4, 5, 11, and 12 were adopted by the voters on Nov. 2 1920. We give the sections of that article (Article 7) below which have reference to the subject as amended.

State credit not to be given.—SECTION 1. The credit of the State shall not in any manner be given or loaned to or in aid of any individual, association or corporation.

State debts—power to contract.—SEC. 2. The State may contract debts in anticipation of the receipt of taxes and revenues, direct or indirect, for the purposes and within the amounts of appropriations therefor made; bonds or other obligations for the moneys so borrowed shall be issued as may be provided by law, and shall with the interest thereon be paid from such taxes and revenues within one year from the date of issue.

State debts to repel invasions.—SEC. 3. In addition to the above limited power to contract debts, the State may contract debts to repel invasion, suppress insurrection, or defend the State in war; but the money arising from the contracting of such debts shall be applied to the purpose for which it was raised, or to repay such debts, and to no other purpose whatever.

Limitation of legislative power to create debts.—SEC. 4. At the Nov. 1918 election amendents to Section 4 and 11 of Article 7 of the Constitution, relating to the contracting of debts by the State, were adopted by the people. See V. 108, p. 189. The full text of the amendments, as passed, is published below

Except the debts specified in Sections 2 and 3 of this Article, no debt shall be hereafter contracted by or in behalf of this State, unless such debt shall be authorized by law, for some single work or object, to be distinctly specified therein. On the final passage of such bill in either house of the Legislature, the question shall be taken by ayes and noes, to be duly entered on the journals thereof, and shall be: "Shall this bill pass, and ought the same to receive the sanction of the people?" No such law shall take effect until it shall; at a general election, have been submitted to the people and have received a majority of the votes cast for and against it at such election nor shall it be submitted to be voted on within three months after its passage nor at any general election when any other law, or any bill shall be submitted to be voted for or against. The Legislature may at any time, after the approval of such law by the people, if no debt shall have been contracted in pursuance thereof, repeal the same; and may at any time, by law, forbid the contracting of any further debt or liability under such law.

Except the debts specified in sections 2 and 3 of this article, all debts contracted by the State after Jan. 1 1920, pursuant to an authorization therefor, heretofore or hereafter made and each portion of any such debt from time to time so contracted irrespective of the terms of such authorization, shall be paid in equal annual installments, the first of which shall be payable not more than one year, and the last of which shall be payable not more than fifty years after such debt or portion thereof shall have been contracted. No such debt hereafter authorized shall be contracted for a period longer than that of the probable life of the work or object for which the debt is to be contracted, to be determined by general laws, which determination shall be conclusive.

The Legislature may from time to time alter the rate of interest to be paid upon any State debt which has been or may be authorized pursuant to the provisions of this section or upon any part of such debt, provided, however, that the rate of interest shall not be altered upon any part of such debt or upon any bond or other evidence thereof which has been or shall be created or issued before such alteration. The money arising from any loan creating such debt or liability shall be applied to the work or object specified in the Act authorizing such debt or liability, or for the payment of such debt or liability, and for no other purpose whatever.

Sec. 11. The Legislature shall annually provide by appropriation for the payment of the interest upon and installments of principal of all debts created on behalf of the State except those contracted under section 2 of this Article, as the same shall fall due, and for the contribution of all of the sinking funds heretofore created by law, of the amounts annually to be contributed under the provisions of section 5 of this Atricle. If at any time the Legislature shall fail to make any such appropriation, the Comptroller shall set apart from the first revenues thereafter received, applicable to the general fund of the State, a sum sufficient to pay such interest, installments of principal, or contributions of such sinking fund, as the case may be, and shall so apply the moneys thus set apart. The Comptroller may be required to set aside and apply such revenues as aforesaid, at the suit of any holder of such bonds.

[On June 2 1913 a bill was signed increasing from 4% to 4½% the rate of interest on bonds thereafter issued for canal and highway improvements and barge canal terminal facilities. V. 96, p. 1642. A bill passed in 1915 permits the sale of canal and highway bonds at *not exceeding* 4½% interest and a block of $27,000,000 4¼s was sold on March 10 1915.]

Chapter 645, Laws of 1913, as amended by Chap. 333, Laws of 1915, allows the Comptroller to issue 5% 1-year notes in anticipation of the sale of State bonds. On June 5 1913 the State sold $27,000,000 of these notes due Feb. 1 1914, and these were taken up with a part of the proceeds of $51,000,000 4½% bonds sold Jan. 21 1914.]

Sinking Fund, how kept and invested.—SEC 5.—The sinking funds provided for the payment of interest and the extinguishment of the principal of the debts of the State heretofore contracted shall be continued; they shall be separately kept and safely invested, and neither of them shall be appropriated or used in any manner other than for such payment and extinguishment as hereinafter provided. The Comptroller shall each year appraise the securities held for investment in each of such funds at their fair market value not exceeding par. He shall then determine and certify to the Legislature the amount of each of such funds and the amounts which, if thereafter annually contributed to each such fund, would, with the fund and with the accumulations thereon and upon the contributions thereto, computed at the rate of 3% per annum, produce at the date of maturity the amount of the debt to retire which such fund was created, and the Legislature shall thereupon appropriate as the contribution to each such fund for such year at least the amount thus certified.

If the income of any such fund in any year is more than a sum which, if annually added to such fund would, with the fund and its accumulations as aforesaid, retire the debt at maturity, the excess income may be applied to the interest on the debt for which the funds was created.

After any sinking fund shall equal an amount the debt for which it was created, no further contributions shall be made thereto except to make good any losses ascertained at the annual appraisals above mentioned, and the income thereof shall be applied to the payment of the interest on such debt. Any excess in such income not required for the payment of interest may be applied to the general fund of the State.

The Legislature may also by general laws provide means and authority whereby outstanding bonds of the State, for which sinking funds are provided, may be exchanged at par for cancellation, for serial bonds of the form authorized under section 4 of this Article, upon such terms and conditions as to interest and otherwise as it may in its discretion authorize or determine, except that the debt as thus refunded shall finally mature no later and at no greater comparative cost to the State than the original debt; the determination of the Legislature as to such comparative cost shall be conclusive. No further contributions to the respective sinking funds shall be made on account of bonds so exchanged and the proportion of any such sinking fund which the amount of the bonds so exchanged shall bear to the amount of bonds outstanding of the same issue may be appropriated, as required, for the payment of the substituted serial bonds. [At the general election Nov. 2 1915 the voters rejected a proposed amendment to Section 4 of Article VII. of the Constitution providing that—

"In case any annual tax heretofore imposed for the payment of a debt authorized by vote of the people under the Constitution will, if continued, provide for the payment of the interest on such debt as it falls due and also the payment of the principal of such debt before it becomes due, the Legislature may amend the law by reducing the rate of such tax, provided that the same shall not be reduced below a sum sufficient to pay the interest on such debt as it falls due, and also the principal of such debt when it becomes due."

DEBT LIMITATION—CITIES, COUNTIES, TOWNS AND VILLAGES.—The constitution of 1894 puts a general and uniform limit to the power of counties and cities of the State to contract and put out their obligations, leaving the Legislature to fix the debt-making power of villages and towns only. These provisions are found in Art. 8, Sec. 10. We give that section in full below. The separation into paragraphs and the figures in parentheses which number and begin the paragraphs are our own, we having inserted them so that those who need to refer to any particular portion can the more readily find the part desired.

(1) No county, city, town or village shall hereafter give any money or property, or loan its money or credit to or in aid of any individual, association or corporation, or become directly or indirectly the owner of stock in, or bonds of, any association or corporation; nor shall any such county, city, town or village be allowed to incur any indebtedness except for county, city, town or village purposes. This section shall not prevent such county, city, town or village from making such provision for the aid or support of its poor as may be authorized by law.

(2) No county or city shall be allowed to become indebted for any purpose or in any manner to an amount which, including existing indebtedness, shall exceed 10% of the assessed valuation of the real estate of such county or city subject to taxation as it appeared by the assessment rolls of said county or city on the last assessment for State or county taxes prior to the incurring of such indebtedness; and all indebtedness in excess of such limitation, except such as may now exist, shall be absolutely void, except as herein otherwise provided.

(3) No county or city whose present indebtedness exceeds 10% of the assessed valuation of its real estate subject to taxation shall be allowed to become indebted in any further amount until such indebtedness shall be reduced within such limit.

(4) This section shall not be construed to prevent the issuing of certificates of indebtedness or revenue bonds issued in anticipation of the collection of taxes for amounts actually contained, or to be contained in the taxes for the year when such certificates or revenue bonds are issued and payable out of such taxes.

(5) Nor shall this section be construed to prevent the issue of bonds to provide for the supply of water; but the term of the bonds issued to provide for the supply of water shall not exceed twenty years, and a sinking fund shall be created on the issuing of the said bonds for their redemption, by raising annually a sum which will produce an amount equal to the sum of the principal and interest of said bonds at their maturity.

At the 1909 election a constitutional amendment with reference to the exclusion of debt incurred for rapid transit and dock purposes by New York City, and with reference to the exclusion after Jan. 1 1910 of water bonds issued by third class cities, was ratified by the voters. In November 1917 the voters adopted an amendment to the constitution providing that debts incurred *by any city of the first class* after Jan. 1 1904 to provide for the supply of water, are not to be included in ascertaining the power of a city to become indebted. Previously this section simply applied to New York City. The amendments referred to change sub-division (6), making it read as follows:

(6) All certificates of indebtedness or revenue bonds issued in anticipation of the collection of taxes, which are not retired within five years after their date of issue, and bonds issued to provide for the supply of water, and any debt hereafter incurred by any portion or part of a city, if there shall be any such debt, shall be included in ascertaining the power of the city to become otherwise indebted; except that debts incurred by any city of the first class after the first day of January, nineteen hundred and four, and debts incurred by any city of the second class after the first day of January nineteen hundred and eight, and debts incurred by any city of the third class after the first day of January, nineteen hundred and ten, to provide for the supply of water, shall not be so included; and except further that any debt hereafter incurred by the City of New York for a public improvement owned or to be owned by the city which yields to the city current net revenue, after making any necessary allowance for repairs and maintenance for which the city is liable, in excess of the interest on said debt and of the annual installments necessary for its amortization, may be excluded in ascertaining the power of said city to become otherwise indebted, provided that a sinking fund for its amortization shall have been established and maintained and that the indebtedness shall not be so excluded during any period of time when the revenue aforesaid shall not be sufficient to equal the said interest and amortization installments, and except further that any indebtedness heretofore incurred by the city of New York for any rapid transit or dock investment may be so excluded proportionately to the extent to which the current net revenue received by said city therefrom shall meet the interest and amortization installments thereof, provided that any increase in the debt-incurring power of the city of New York which shall result from the exclusion of debts heretofore incurred shall be available only for the acquisition or construction of porperties to be used for rapid transit or dock purposes. The Legislature shall prescribe the method by which and the terms and conditions under which the amount of any debt to be so excluded shall be determined, and no such debt shall be excluded except in accordance with the determination so prescribed. The Legislature may in its discretion confer appropriate jurisdiction on the Appellate Division of the Supreme Court in the First Judicial Department for the purpose of determining the amount of any debt to be so excluded. No indebtedness of a city valid at the time of its inception shall thereafter become invalid by reason of the operation of any of the provisions of this section.

(7) Whenever hereafter the boundaries of any city shall become the same as those of a county, the power of the county to become indebted shall cease, but the debt of the county at that time existing shall not be included as part of the city debt. At the November 1899 election an amendment to the constitution was adopted changing this paragraph to read as follows: Whenever the boundaries of any city are the same as those of a county, or when any city shall include within its boundaries more than one county, the power of any county wholly included within such city to become indebted shall cease, but the debt of the county heretofore existing shall not, for the purposes of this section, be reckoned as a part of the city debt.

(8) The amount hereafter to be raised by tax for county or city purposes, in any county containing a city of over 100,000 inhabitants, or any such city of this State, in addition to providing for the principal and interest of existing debt, shall not in the aggregate exceed in any one year 2% of the assessed valuation of the real and personal estate of such county or city, to be ascertained as prescribed in this section in respect to county or city debt.

By the terms of the foregoing section, Paragraph (1), every "County, City, Town or Village" is included in the prohibition against (1) loaning "its money or credit," (2) in becoming "directly or indirectly the owner of stock in or bonds of any association or corporation," and (3) in "incurring any indebtedness except for County, City, Town or Village purposes." Most of the other paragraphs include only counties and cities.

In May 1886 the New York Court of Appeals decided at the end of a litigation begun in July 1885 *that the sinking fund was not a part* of the city debt within the meaning of the above provision of the constitution limiting the creation of debt to 10% of the assessed valuation of the real estate.

Towns and villages are not limited in their debt-making power by the constitution. Those municipalities are governed by general or special statutes.

The 1920 Legislature amended the Educational Law by adding a sentence to Section 1 of Chapter 16 of the Consolidated Laws, limiting the bonded debt of districts having a total valuation of real property of $1,000,000 or over to 10% of the aggregate assessed value of real property. See V. 111, p. 310.

The 1895 Legislature passed an Act "for the protection of bona fide purchasers and holders of coupon bonds and of municipal corporations against misfeasance, malfeasance or negligence of public officers." The full text of this law was published in the "Chronicle" of June 8 1895. V. 60, p. 1023.

HOME RULE BILL.—On April 10 1913 a bill was signed (given in full in V. 96, p. 1108), conferring on all cities full powers of local self-government.

OPTIONAL CITY GOVERNMENT LAW DECLARED VALID.—The Court of Appeals on Dec. 22 1917 declared valid the optional city government law passed by the Legislature in 1914. V. 105, p. 2560.

BILL REGULATING ISSUANCE AND SALE OF MUNICIPAL AND SCHOOL BONDS.—The general municipal law was amended in 1917 (Chapter 534) providing that municipal bonds having no coupons attached must have the payee's name inserted and registered with the treasurer or other designated official, before interest shall be paid. The bill also provides that all bonds hereafter issued by any municipal corporation, or by any school district or civil division of the State shall be sold, in the case of first class cities as required by its charter or special act, and in the case of second class cities, as required by the second class cities law, and in all other cases, bonds must be sold at public sale not less than 5 or more than 30 days after publication of offering. The full text of the 1917 amendment was published in the "Chronicle" of May 19 1917, page 2031.

BILL PERMITTING LEGALIZING OF MUNICIPAL BONDS BY SUPREME COURT.—The 1911 Legislature passed a bill amending the general municipal law by providing that proceedings heretofore or hereafter taken by municipal corporations in relation to bond issues, pursuant to statute authorizing such procedure, may be legalized and confirmed by the Supreme Court instead of requiring legislative enactments. This bill was given in full in the "Chronicle" of Dec. 9 1911, page 1619. See also "Chronicle" of Feb. 3 1912, pages 316 to 318, inclusive. The Appellate Division of the Supreme Court at the July 1913 term declared the Act to be constitutional. V. 97, p. 211.

EXEMPTION FROM TAXATION.—Sec. 8, Article Two, Chapter 24, Consol. Laws of 1909 (p. 403) provides that "all bonds of a municipal corporation, until payable, shall be exempt from taxation for town, county, municipal or State purposes." Chapter 24 here mentioned provides that the term 'municipal corporation' as used in this chapter includes only a county, town, city and village." This differs from the definition given in the General Corporation Law (Chapter 23, Consolidated Laws of 1909), which in Section 3 of Article 1 says that "A 'municipal corporation' includes a county, town, school district, village and city and any other territorial division of the State established by law with powers of local government."

A bill was passed by the 1917 Legislature, now Chapter 97, Laws of 1917, amending the tax law in relation to exemption from taxation of bonds of

the State and its civil divisions. The new law amends sub-division 6 of Section 4, Chapter 62, Laws of 1909, constituting Chapter 60 of the consolidated laws, so as to read that "bonds of this State or any civil division thereof," are exempt from taxation. V. 104, p. 1513.

TAXATION ON MORTGAGES.—Mortgages on real property wholly within the State of New York are not subject to taxation of any kind, the only charge being the payment of a recording tax of ¼ of 1%. Important changes, however, were made by the 1916 Legislature in that section of the mortgage recording tax law, relating to mortgages and bonds secured by real property both within and without the State—a condition which oft-times applies in the case of corporation mortgages.—V. 103, p. 551 and 552. Among these was the amendment to Section 264 of this law relating to an optional tax on prior advanced mortgages on real property. It applies to mortgages recorded prior to July 1st 1906 (the date when the mortgage recording tax went into effect) and bonds secured thereby. When first enacted this section was intended to enable the holder of any such bond to present it to the recording officer in the county where the mortgage was first recorded and pay a tax on the whole amount at the prevailing rate of ¼ of 1%, thus putting such bonds on a parity with those issued subsequent to the recording tax law as regards exemption from the personal property tax. A ruling of the Attorney-General (V. 95, p. 993) held that such bonds could only be exempted from the personal property tax to the extent that the mortgage covered real property within the State. The 1916 amendment made it clear that the whole amount of such bonds would be included under this section, and when the recording tax was paid the bonds would become exempt from the personal property tax. Another amendment of 1916, to Section 260, provided that when a mortgage was recorded covering property, both within and without the State, the tax could be paid on the entire amount, and the whole value of bonds be exempted from the personal property tax. The Legislature in 1917 again amended this section of the law (Chapter 72, Laws of1917) so that now the situation is as it was prior to 1916, that the tax can be paid only on the value of the mortgaged property within New York State, and bonds are exempt pro rata only, the remaining portion of the bond being liable to personal property assessment as an investment, without deduction for indebtedness of the owner. See "Chronicle" of May 5 1917, pages 1762 and 1763.

TAX ON SECURED DEBTS OR INVESTMENTS.—In July 1911 the Legislature passed a bill providing for a tax of ½ of 1% on bonds and other obligations secured by property located outside the State (and also on unsecured debt), and for exemption of the same from the annual tax on personal property. The 1915 Legislature suspended the operation of the law referred to until May 1 1915 and also passed a bill increasing the registration fee on secured debts registered between May 1 and Nov. 1 1915 from ½ to ¾ of 1% and limiting the period of exemption to 5 years. The definition of secured debts was extended at this time so as to include such proportion of a bond, &c., secured by mortgage or deed of trust recorded in the State of New York, and covering also property outside the State, as the value of the property outside the State bears to the value of the entire mortgaged property. As this law expired by limitation on Nov. 1 1915, the 1916 Legislature passed a bill reviving the same until Jan. 1 1917 and also providing that bona fide bond dealers might be permitted to deduct their debts from the value of such securities as are held by them for sale.

The law having expired in Jan. 1917, the 1917 Legislature passed a new law changing the term "secured debts" to "investments," the definitions remaining substantially the same As finally amended, it provided for a tax of 20 cents per $100 *annually* which might be paid for one or more years, not exceeding five. The 1917 bill also amended the inheritance tax law to provide a penalty of 5% on any investment owned by a decedent on which the investment tax has not been paid. See "Chronicle" of May 5 1917, pages 1761 and 1762, for full text of law as signed by Governor Whitman on June 1 1917; also see "Chronicle" of July 14 1917 (page 126) and Aug. 11 1917 (page 553). Under the State Income Tax Law of 1919 (to which reference is made below) it is provided (Sec. 359) that "investments upon which the tax provided for in Sec. 331 of this chapter has heretofore been paid since June 1 1917, during the period of years for which such tax shall have been paid," shall be exempt from taxation under the Income Tax Law. The Legislature, however, by Chap. 646 of the General Laws of 1920, entirely repealed Article 15 of the Tax Law regarding investments, and by Chap. 644 also repealed Sec. (221-b) of the Tax Law under which a penalty of 5% had been imposed on any investment owned by a decedent on which the investment tax had not been paid (V. 111, p. 106)

STATE INCOME TAX LAW.—The 1919 Legislature by Chapter 627 (which received the approval of the Governor on May 14 1919) enacted a State Income Tax Law. This was done by amending Chapter 62 of the Laws of 1909, entitled "An Act in relation to taxation, constituting Chapter 60 of the Consolidated Laws," by adding a new article, to be Article 16. The law was published in full in the "Chronicle" of May 10 1919, pages 1883 to 1887. It imposes an annual tax upon every resident of the State of 1% of the amount of net income not exceeding $10,000, 2% of the amount of net income in excess of $10,000 but not in excess of $50,000, and 3% of the amount of net income in excess of $50,000. A like tax is imposed with respect to the net income from all property owned and from every business, trade, profession or occupation carried on in the State of New York by natural persons not residents of the State. The tax is first to be levied in the year 1920 and based upon the taxable income for the calendar year 1919. In the case of a single person, a personal exemption of $1,000 is allowed, while in the case of the head of a family or a married person living with husband or wife the personal exemption is $2,000. There is a further exemption of $200 for each person (other than husband or wife) dependent upon and receiving his chief support from the taxpayer, if such dependent person is under 18 years of age or is incapable of self support because mentally or physically devective. The income tax supersedes the personal property tax. Of the revenue collected, 50% goes into the State Treasury while the remaining 50% is distributed to the Treasurers of the several counties who in turn apportion the amount received among the several towns and cities within the county. In its original form the law allowed larger exemptions to residents than to non-residents The validity of this provision was attacked in the courts, and in March 1920 the U. S. Supreme Court declared the law unconstitutional in that respect. In April 1920 the Legislature amended the law so as to remove the objection referred to (see V. 110, p. 1611). The New Jersey State Attorney-General still thought the law discriminatory as to non-residents, and (V. 111, p. 38) advised residents of New Jersey to comply only under protest. The Court of Appeals on June 2 1921 sustained the claim of the State that the original statute was only void in part and that its invalidity had been cured when the Legislature amended the law in 1920 (V. 112, p. 2608).

At the same time the Legislature (Chapter 628 of the Laws of 1919, approved May 14 1919) passed an Act increasing the tax on net incomes of corporations from 3% to 4½% annually, and extending the application of the law so as to make it apply to business corporations in general in the State instead of merely to manufacturing and mercantile corporations. The law was printed in the issue of the "Chronicle" of May 3 1919, pages 1780 and 1781.

CONDEMNATION OF PRIVATE PROPERTY FOR PUBLIC USE.—In Nov. 1911 a proposed constitutional amendment relating to the taking of private property for public use was defeated. V. 93, p. 1679. A similar amendment permitting municipalities to condemn property in excess of the amount actually needed for public parks and streets was ratified at the general election in Nov. 1913 (V. 97, p. 1837).

TAX LAW RELATIVE TO INVESTMENTS IN STATE BONDS BY SAVINGS BANKS, TRUST COMPANIES AND INSURANCE COMPANIES.—Section 190 of the Tax Law (Chapter 60, Consolidated Laws) provides that every corporation, company or association required by Section 187, 188 or 189 of that Chapter to pay to the State an annual tax equal to a percentage of its gross premiums, capital stock, surplus, undivided profits or undivided earnings for the privilege of exercising its corporate franchise, or carrying on its business in such corporate or organized capacity, which shall own any State bonds, shall have credited to it annually to apply upon or in lieu of the payment of such tax, an amount equal to 1% of the par value of such bonds bearing interest at a rate not exceeding 3% annually, and owned and held in the name of such corporation, company or association. The text of this bill was given in V. 84, p. 1216.

At the 1913 session a law was passed proposing to increase the credit to 1½% on all holdings of bonds at not exceeding 3% interest and allowing a credit of ½ of 1% on all bonds bearing more than 3% interest and not exceeding 4% interest. This law was repealed, however, at the special session which convened June 16 1913. V. 96, p. 1784.

SAVINGS BANK INVESTMENTS—POWER AND RESTRICTIONS.—The general banking law, known as Chap. 2 of the Consolidated Laws, was completely revised by the Legislature of 1914, but no material change was made in that part of the law regulating investment by savings banks, except that the section dealing with this subject is now numbered 239, instead of 146, and its provisions apply to the sums credited to the guaranty fund as well as to savings bank deposits. The Legislature in 1915 passed an Act authorizing banks to invest in certain judgments against the State and in contracts entered into by the special examiner and appraiser of canal lands (V. 100, p. 1525), and in 1920 amended the first-mentioned provision so as to broaden its scope somewhat. See V. 111, p. 106. Another amendment passed in 1915 adds to Paragraph A of Subdivision 7, of Section 239 of the Banking Law, the words which we have given in *italics*. The purpose of the amendment was to remove any question as to the legality of the refunding bonds issued by the N. Y. Central RR. since the last consolidation with the Lake Shore & Mich. Sou. Ry. and other roads. In 1916 the Legislature passed an amendment to subdivision 8 of Section 239 relating to promissory notes in which investments may be made. This amendment also adds to the banking law a new paragraph (subdivision 10) and allows the investment by savings banks in the bonds of the land bank of the State of New York. See V. 102, p. 1825. Three important changes were made in the banking law by the 1918 Legislature. The first of these amends subdivision 5 by granting savings banks much broader authority to invest their funds in the securities of municipalities in contiguous States. Formerly the qualifications and limitations for municipalities in these States were the same as for those in other States. Now it is provided that they may invest in the stocks or bonds of any incorporated city, county, village or town situated in one of the States of the United States which adjoins the State of New York. Another amendment permits the investment by savings banks in promissory notes secured by savings bank passbooks and by the assignment of one or more first mortgages on real estate situated in the State of New York. The third amendment of 1918 adds a new subdivision (No. 11), authorizing savings banks in this State to invest in bankers acceptances and bills of exchange to the extent of 5% of their total deposits. See V. 106, p. 1596, and 1738. The 1919 Legislature by Chapter 160 amended Subdivision 7 of Section 239 of Chapter 369 of the Laws of 1914 by adding a new paragraph, providing that the period during which a railroad is operated by the U. S. Government shall not be taken into consideration in determining whether the bonds of the road comply with the provisions of the law. In 1920 the Legislature amended this subdivision (7) by extending the period of suspension of restrictions on railroad bonds for two years after the termination of Government control (V. 110, p. 1896). The 1920 Legislature also amended subdivision (11) in relation to the investment in bankers' acceptances. V. 110, p. 1994. By an addition to subdivision 6 made at the special session of the Legislature in June 1919, it is provided that real property, on which there is a building in process of construction, and which when completed will constitute a permanent improvement, shall be considered improved and productive real property. We give Section 239 in full below as it now stands:

Sec. 239. A savings bank may invest the moneys deposited therein, the sums credited to the guaranty fund thereof and the income derived therefrom, in the following property and securities, and no others, and subject to the following restrictions:

1. The stocks or bonds or interest-bearing notes or obligations of the United States, or those for which the faith of the United States is pledged to provide for the payment of the interest and principal, including the bonds of the District of Columbia. [*The State Attorney-General ruled that this sub-division does not authorize savings banks to invest in the land purchase bonds of the Philippine Islands. V. 78, p. 298.*]

2. The stocks or bonds or interest-bearing obligations of this State issued pursuant to the authority of any law of the State.

3. The stocks, bonds or interest-bearing obligations of any State of the United States upon which there is no default and upon which there has been no default for more than 90 days, provided that within 10 years immediately preceding the investment such State has not been in default for more than 90 days in the payment of any part, principal or interest, of any debt duly authorized by the Legislature of such State to be contracted by such State since Jan. 1 1878.

[On July 24 1909 the Attorney-General rendered an opinion to the effect that bonds of the State of Oklahoma are legal investments for savings banks under the terms of this sub-division. The right of the banks to invest in these bonds was questioned for the reason that Oklahoma had not existed as a State for ten years. The Attorney-General, however, was of the opinion that this does not prevent its bonds from fulfilling the requirements of the law so long as there has been no default within ten years on any of the obligations. V. 89, p. 298.]

[On Aug. 11 1909 the Attorney-General held that Port Commission 5% bonds of the State of Louisiana "maturing at any time between July 1 1924 and July 1 1959" were not legal investments for New York State savings banks. The Attorney-General mentioned as a ground of objection to the Port Commission bonds that they are not a direct obligation of the State o Louisiana. This view, however, is not concurred in by the United States authorities, for on Oct. 23 1911, the Assistant Attorney-General for the Post Office Department, rendered an opinion holding that the bonds referred to are an obligation of the State of Louisiana, and in accordance with this advice the Treasurer of the United States, on March 11 1912 announced that the bonds would be accepted by his office as security for postal savings funds.]

[Bonds of the State of Louisiana to be issued for the refunding of what is known as "Consolidated Bonds," due Jan. 1 1914, were held to be legal investments for New York State savings banks in an opinion rendered by the Attorney-General on October 22 1913. In previous opinions (July 3 1912 and August 11 1909), it was held that, inasmuch as Louisiana had defaulted in the payment of the "baby bonds," other obligations of the State could not be legally purchased by savings bank trustees. In reversing these former rulings the Attorney-General said that it now appeared that these "baby" bonds were not bonds for the payment of which the credit of the State was pledged, but were issued against certain revenues of the State, namely unpaid taxes, and were payable out of these revenues only. Therefore the failure to pay the same does not, according to the Attorney-General, constitute such a default as would make other bonds of the State improper investments. See V. 97, p. 1227, 1304, 1367 and 1444.]

[On June 16 1913 the Attorney-General held that bonds of the State of New Mexico issued pursuant to an Act approved June 1 1912 are legal investments for New York savings banks. V. 96, p. 1852.]

[Bonds of the Territory of Hawaii were held to be legal investments in an opinion by the Attorney-General dated Aug. 10 1914. V. 99, p. 554.]

4. The stocks, bonds, interest-bearing obligations or revenue notes sold at a discount of any city, county, town, village, school district, union free school district or poor district in this State, provided that they were issued pursuant to law and that the faith and credit of the municipality or district that issued them are pledged for their payment.

5. (*a*) The stocks or bonds of any incorporated city, county, village or town, situated in one of the States of the United States which adjoins the State of New York. If at any time the indebtedness of any such city, town or village, together with the indebtedness of any district or other municipal corporation or sub-division, except a county, which is wholly or in part included within the boundaries or limits of said city, town or village, less its water debt and sinking fund, or the indebtedness of any such county, less its sinking fund, shall exceed 7% of the valuation of said city, county, town or village for the purposes of taxation, its bonds and stocks shall thereafter, until such indebtedness shall be reduced to 7% of the valuation for the purposes of taxation, cease to be an authorized investment for the moneys of savings banks.

(*b*) The stocks or bonds of any incorporated city situated in any other of the States of the United States which was admitted to Statehood prior to Jan. 1 1896, and which, since Jan. 1 1861, has not repudiated or defaulted in the payment of any part of the principal or interest of any debt authorized by the Legislature of any such State to be contracted, provided said city has a population, as shown by the Federal Census next preceding said investment of not less than 45,000 inhabitants, and was incorporated as a city at least twenty-five years prior to the making of said investment and has not since January 1 1878 defaulted for more than ninety days in the payment of any part either of principal or interest of any bond, note or other evidence of indebtedness, or effected any compromise of any kind with the holders thereof But if, after such default on the part of any such State or city, the debt or security, in the payment of the principal or interest of which such default occurred, has been fully paid, refunded or compromised by the issue of new securities, then the date of the first failure to pay principal or interest, when due, upon such debt or security, shall be taken to be the date of such default within the provisions of this sub-division, and subsequent failures to pay installments of principal or interest upon such debt or security, prior to the refunding or final payment of the same, shall not be held to continue said default or to fix the time thereof within the meaning of this sub-division, at a date later than the date of said first failure in payment. If at any time the indebtedness of any such city, together with the indebtedness of any district, or other municipal corporation or subdivision except a county, which is wholly or in part included within the bounds or limits of said city, less its water debt and sinking funds, shall

exceed 7% of the valuation of said city for purposes of taxation, its bonds and stocks shall thereafter, and until such indebtedness shall be reduced to 7% of the valuation for the purposes of taxation, cease to be an authorized investment for the moneys of savings banks.

[On Feb. 15 1911 an opinion was rendered by the Attorney-General deciding that both *real and personal* property should be used as a basis in determining the 7% debt limit which the savings bank law says must not be exceeded in the case of municipalities in the bonds of which the banks may make investments. The question was raised because of the fact that the constitutional provision in regard to cities of this State provides that no city shall be allowed to become indebted for more than ten per cent of its assessed real estate. See V. 92, p. 610.]

[On Apr. 27 1914 the Attorney-General, in holding that banks may legally invest in bonds of the City of Minneapolis, Minn., ruled that it is proper to include in the estimate of the valuation of property for purposes of taxation, pursuant to sub-division 5 above, the valuation placed upon money and credits pursuant to Chap. 285 of the 1911 laws of the State of Minnesota. V. 98, p. 1404.

[On Sept. 6 1912 the Attorney-General rendered an opi ion, the full text of which was given in the "Chronicle" of Sept. 14 1912, page 700, holding that bonds of the city of Tacoma, Wash., are legal investments.]

[In an opinion rendered Sept. 14 1912, the Attorney-General held that bonds of the City of Dallas, Tex., are legal investments. V. 95, p. 842.]

[Improvement bonds of the City of Portland, Ore., issued pursuant to Section 383A of the city charter are legal investments, according to an opinion of the Attorney-General dated April 5 1913. V. 96, p. 1169.]

[On April 20 1916 the Attorney-General held that bonds of the city of El Paso, Tex., are legal investments. See V. 102, p. 1643.]

[The Attorney-General in 1917 held that bonds of the City of San Francisco, Calif., and of the City of Peoria, Ill., are legal investments. See V. 104, p. 877.]

[Bonds of the City of Newark, N. J., were declared legal investments for savings banks by Attorney-General on July 11 1917.—V. 105, p. 304.]

6. in bonds and mortgages on unincumbered real property situated in this State to the extent of 60% of the appraised value thereof. Not more than 65% of the whole amount of deposits and guaranty fund shall be so loaned or invested. If the loan is on unimproved and unproductive real property, the amount loaned thereon shall not be more than 40% of its appraised value. No investment in any bonds and mortgages shall be made by any savings bank except upon the report of a committee of its trustees charged with the duty of investigating the same, who shall certify to the value of the premises mortgaged or to be mortgaged, according to their judgment, and such report shall be filed and preserved among the records of the corporation. For the purposes of this subdivision real property on which there is a building in process of construction, which when completed will constitute a permanent improvement, shall be considered improved and productive real property.

7. The following bonds of railroad corporations:

(a) The first mortgage bonds of any railroad corporation of this State the principal part of whose railroad is located within this State, or of any railroad corporation of this or any other State or States connecting with and controlled and operated as a part of the system of any such railroad corporation of this State, and of which connecting railroad at least a majority of its capital stock is owned by such a railroad corporation of this State, or in the mortgage bonds of any such railroad corporation of an issue to retire all prior mortgage debt of such railroad companies respectively; provided that at no time within five years next preceding the date of any such investment such railroad corporation of this State or such connecting railroad corporation, respectively, shall have failed regularly and punctually to pay the matured principal and interest of all its mortgage indebtedness, and in addition thereto regularly and punctually to have paid in dividends to its stockholders during each of said five years an amount at least equal to 4% upon all its outstanding capital stock; and provided, further, that at the date of every such dividend the outstanding capital stock of such railroad corporation, or such connecting railroad company, respectively, shall have been equal to at least one-third of the total mortgage indebtedness of such railroad corporations, respectively, including all bonds issued or to be issued under any mortgage securing any bonds, in which such investment shall be made. *If by means of consolidation a railroad corporation shall own and possess the properties and franchises which prior thereto belonged to similar corporations, and if the outstanding capital stock of the railroad corporation formed by such consolidation shall be equal to at least one-third of the total mortgage indebtedness of such railroad corporation, including all bonds issued or to be issued under any mortgage securing any bonds in which such investment shall be made, and if during the five years next preceding such consolidation no one of the consolidating railroad corporations shall have failed regularly and punctually to pay the matured principal and interest of all of its mortgage indebtedness, and if in addition thereto during the five years next preceding such consolidation, the dividends paid in cash by one or more of such consolidating corporations have equaled or exceeded four per centum per annum upon an amount equal to the combined capital stock of the consolidating corporations as outstanding at the time of each dividend payment during such five-year period, such successor railroad corporation formed by such consolidation shall be considered as having regularly and punctually paid, such matured principal and interest and such dividends equal to or exceeding four per centum per annum during the same period of five years, provided further that the amount of dividends paid in cash during each of such five years has equaled or exceeded four per centum per annum on the stock of the consolidated corporation as outstanding at the time of such consolidation.*

(b) The mortgage bonds of the following railroad corporations: The Chicago & North Western RR. Co., Chicago Burlington & Quincy RR. Co., Michigan Central RR. Co., Illinois Central RR. Co., Pennsylvania RR. Co., Delaware & Hudson Co., Delaware Lackawanna & Western RR. Co., New York New Haven & Hartford RR. Co., Boston & Maine RR. Co., Maine Central RR. Co., the Chicago & Alton RR. Co., Morris & Essex RR. Co., Central RR. of New Jersey, United New Jersey RR. & Canal Co.; also in the mortgage bonds of railroad companies whose lines are leased or operated or controlled by any railroad company specified in this paragraph if said bonds be guaranteed, both as to principal and interest, by the railroad company to which said lines are leased or by which they are operated or controlled. Provided that at the time of making investment authorized by this paragraph the said railroad corporations issuing such bonds shall have earned and paid regular dividends of not less than 4% per annum in cash on all their issues of capital stock for the ten years next preceding such investment, and provided the capital stock of any said railroad corporation shall equal or exceed in amount one-third of the par value of all its bonded indebtedness; and further provided that all bonds authorized for investment by this paragraph shall be secured by a mortgage which is a first mortgage on either the whole or some part of the railroad and railroad property of the company issuing such bonds, or that such bonds shall be mortgage bonds of an issue to retire all prior mortgage debts of such railroad company; provided, further, that the mortgage which secures the bonds authorized by this paragraph is dated, executed and recorded prior to January 1 1905.

(c) The mortgage bonds of the Chicago Milwaukee & St. Paul Railway Co. and the Chicago Rock Island & Pacific Railway Co., so long as they shall continue to earn and pay at least 4% dividends per annum on their outstanding capital stock, and provided their capital stock shall equal or exceed in amount one-third of the par value of all their bonded indebtedness, and further provided that all bonds of either of said companies hereby authorized for investment shall be secured by a mortgage which is a first mortgage on either the whole or some part of the railroad or railroad property actually in the possession of and operated by said company, or that such bonds shall be mortgage bonds of an issue to retire all prior debts of said railroad company; provided, further, that the mortgage which secures the bonds authorized by this paragraph is dated, executed and recorded prior to January 1 1905.

(d) The first mortgage bonds of the Fonda Johnstown & Gloversville RR. Co., or in the mortgage bonds of said railroad company of an issue to retire all prior mortgage debts of said railroad company, and provided the capital stock of said railroad company shall equal or exceed in amount one-third of the par value of all its bonded indebtedness, and provided also that such railroad be of standard gauge of four feet eight and one-half inches and in the mortgage bonds of the Buffalo Creek Railroad Company of an issue to retire all prior mortgage debts of said railroad company, provided that the bonds authorized by this paragraph are secured by a mortgage dated, executed and recorded prior to Jan. 1 1905.

(e) The mortgage bonds of any railroad corporation incorporated under the laws of any of the United States which actually owns in fee not less than 500 miles of standard-gauge railway, exclusive of sidings, within the United States, provided that at no time within five years next preceding the date of any such investment such railroad corporation shall have failed regularly and punctually to pay the matured principal and interest of all its mortgage indebtedness and in addition thereto regularly and punctually to have paid in dividends to its stockholders during each of said five years an amount at least equal to 4% upon all its outstanding capital stock; and provided, further, that during said five years the gross earnings in each year from the operations of said company, including therein the gross earnings of all railroads leased and operated or controlled and operated by said company, and also including in said earnings the amount received directly or indirectly by said company from the sale of coal from mines owned or controlled by it, shall not have been less in amount than five times the amount necessary to pay the interest payable during that year upon its entire outstanding indebtedness, and the rentals for said year of all leased lines, and further provided that all bonds authorized for investment by this paragraph shall be secured by a mortgage which is at the time of making said investment or was at the date of the execution of said mortgage, (1) a first mortgage upon not less than 75% of the railway owned in fee by the company issuing said bonds, exclusive of sidings at the date of said mortgage or (2) a refunding mortgage issued to retire all prior lien mortgage debts of said company outstanding at the time of said investment and covering at least 75% of the railway owned in fee by said company at the date of said mortgage. But no one of the bonds so secured shall be a legal investment in case the mortgage securing the same shall authorize a total issue of bonds which, together with all outstanding prior debts of said company, after deducting therefrom in case of a refunding mortgage the bonds reserved under the provisions of said mortgage to retire prior debts at maturity, shall exceed three times the outstanding capital stock of said company at the time of making said investment. And no mortgage is to be regarded as a refunding mortgage, under the provisions of this paragraph, unless the bonds which it secures mature at a later date than any bond which it is given to refund, nor unless it covers a mileage at least 25% greater than is covered by any one of the prior mortgages so to be refunded.

[*In an opinion rendered by the Attorney-General on Jan. 13 1908, stating that bonds of the Missouri Pacific Ry. Co. were not legal investments for savings banks, owing to the fact that the dividend for the 6 months ending Dec. 31 1907 had been paid with a new issue of stock, he held that the words "an amount" must necessarily mean the payment thereof *in cash*. V. 86, p. 494.]

(f) Any railway mortgage bonds which would be a legal investment under the provisions of paragraph (e) of this subdivision, except for the fact that the railroad corporation issuing said bonds actually owns in fee less than 500 miles of road, provided that during five years next preceding the date of any such investment the gross earnings in each year from the operations of said corporation, including the gross earnings of all lines leased and operated or controlled and operated by it, shall not have been less than ten million dollars.

(g) The mortgage bonds of a railroad corporation described in the foregoing paragraph (e) or (f) or the mortgage bonds of a railroad owned by such corporation, assumed or guaranteed by it by indorsement on said bonds, provided said bonds are prior to and are to be refunded by a general mortgage of said corporation, the bonds secured by which are made a legal investment under the provisions of said paragraph (e) or (f); and provided, further, that said general mortgage covers all the real property upon which the mortgage securing said underlying bonds is a lien.

(h) Any railway mortgage bonds which would be a legal investment under the provisions of paragraph (e) or (g) of this subdivision, except for the fact that the railroad corporation issuing said bonds actually owns in fee less than 500 miles of road, provided the payment of principal and interest of said bonds is guaranteed by indorsement thereon by, or provided said bonds have been assumed by a corporation whose first mortgage is, or refunding mortgage bonds are, a legal investment under the provisions of paragraph (e) or (f) of this subdivision. But no one of the bonds so guaranteed or assumed shall be a legal investment in case the mortgage securing the same shall authorize a total issue of bonds which, together with all the outstanding prior debts of the corporation making said guaranty or so assuming said bonds, including therein the authorized amount of all previously guaranteed or assumed bond issues, shall exceed three times the capital stock of said corporation at the time of making said investment.

(i) The first mortgage bonds of a railroad the entire capital stock of which, except shares necessary to qualify directors, is owned by and which is operated by a railroad whose last issued refunding bonds are a legal investment under the provisions of paragraph (a), (e) or (f) of this subdivision, provided the payment of principal and interest of said bonds is guaranteed by endorsement thereon by the company so owning and operating said road, and further provided the mortgage securing said bonds does not authorize an issue of more than $20,000 in bonds for each mile of road covered thereby. But no one of the bonds so guaranteed shall be a legal investment in case the mortgage securing the same shall authorize a total issue of bonds which, together with all the outstanding prior debts of the company making said guaranty, including therein the authorized amount of all previously guaranteed bond issues, shall exceed three times the capital stock of said company at the time of making said investment. Bonds which have been or shall become legal investments for savings banks under any of the provisions of this section shall not be rendered illegal as investments though the property upon which they are secured has been or shall be conveyed to another corporation, and though the railroad corporation which issued or assumed said bond has been or shall be consolidated with another railroad corporation, if the consolidated or purchasing corporation shall assume the payment of said bonds and shall continue to pay regularly interest or dividends or both upon the securities issued against, in exchange for or to acquire the stock of the company consolidated or the property purchased, or upon securities subsequently issued in exchange or substitution therefor to an amount at least equal to 4% per annum upon the capital stock outstanding at the time of such consolidation or purchase of said corporation which has issued or assumed said bonds. Not more than 25% of the assets of any savings bank shall be loaned or invested in railroad bonds, and not more than 10% of the assets of any savings bank shall be invested in the bonds of any one railroad corporation described in paragaph (a) of this subdivision, and not more than 5% of such assets in the bonds of any other railroad corporation. In determining the amount of the assets of any savings bank under the provisions of this subdivision, its securities shall be estimated in the manner prescribed for determining the per centum of par value surplus by Section 257 of this article. Street railroad corporations shall not be considered railroad corporations within the meaning of this subdivision.

The time during which any railroad is operated by the Government of the United States under the provisions of an Act of Congress approved Aug. 29 1916, an Act of Congress approved March 21 1918, or any other Act or Acts of the Congress of the United States, and two years thereafter, and the earnings made and dividends paid during said time and said two years thereafter, shall not be taken into consideration in determining whether the bonds of the railroad corporation comply with any of the provisions of this section. Any railroad corporation which, at the time that the operation of its railroad by the Government of the United States under the provisions of such Act or Acts began, had complied with the provision of paragraph (e) of this subdivision for one or more years next preceding the commencement of such Government operation and control shall be entitled to include in computing the period of five years prescribed by the provisions of said paragraph (e) each year a portion of which its railroad shall have been operated by the Government of the United States under the provisions of such Act or Acts, and the two years succeeding the termination of such operation, in determining whether such corporation has complied with the provisions of said paragraph (e) each year for five years as required by said paragraph. Except as hereinbefore provided, whenever a reference is made in this subdivision to a period of five years preceding the date of an investment in the bonds of any railroad corporation, such period shall be deemed exclusive of any time during which the property of such railroad corporation has been operated by the Government of the United States under the provisions of such Act or Acts, and of the two years succeeding the termination of such operation. Any bonds acquired prior to the passage of this amendment and at any time hereafter which comply with the provisions of this section as amended may so long as they continue to comply herewith be retained as investments authorized by law.

8. (*a*) Promissory notes payable to the order of the savings bank upon demand, secured by the pledge and assignment, if necessary, of the stocks or bonds of any of them enumerated in sub-divisions one, two, three, four, five and ten of this section or by the railroad bonds or any of them mentioned and described in sub-division seven of this section, but no such loan shall exceed ninety per centum of the cash market value of such securities so pledged. Should any of the securities so held in pledge depreciate in value after the making of such loan, the savings bank shall require an immediate payment of such loan or of a part thereof or additional security therefore, so that the amount loaned thereon shall at no time exceed ninety per centum of the market value of the securities so pledged for such loan.

(*b*) Promissory notes made payable to the order of a savings bank upon demand by a savings and loan association of this State which has been incorporated for three years or more and has an accumulated capital of at least fifty thousand dollars.

(*c*) Promissory notes made payable to the order of the savings bank within 90 days from the date thereof secured by the assignment and pledge

to it of one or more first mortgages on real estate situated in the State of New York, provided that the amount of any such note is not in excess of 60% of the appraised value in the case of improved real estate, or 40% in the case of unimproved or unproductive real estate, of the property o. properties mortgaged; that the amount of any such loan shall not exceed 75% of the principal sum secured by said mortgage or mortgages; that the value of said properties has been certified in accordance with the provisions of Sub-division 6 of this section; that the assignment of each of such mortgages has been recorded in the proper offices and the provisions of Section 241 of this chapter with reference to the title of the property and the insurance upon the buildings, covered by such mortgage or mortgages, shall have been fully complied with. Such loans shall be considered mortgage loans and the amount thereof, together with all direct loans by any such savings bank upon bonds and mortgages shall not exceed 65% of the whole amount of the deposits and the guaranty fund of any such savings bank.

(*d*) Promissory notes made payable to the order of the savings bank within 90 days from the date thereof, secured by the pledge and assignment of the passbook of any savings bank in the State of New York as collateral security for the payment thereof. No such loan shall exceed 90% of the balance due the holder of such passbook as shown therein.

9. Real estate as follows:

(*a*) A plot whereon there is or may be erected a building or buildings suitable for the convenient transaction of the business of the savings bank, from portions of which not required for its own use a revenue may be derived.

(*b*) Such as shall be conveyed to it in satisfaction of debts previously contracted in the course of its business.

(c) Such as it shall purchase at sales under judgments, decrees or mortgages held by it.

The trustees of a savings bank shall not be held liable for investing in State or municipal bonds named in the last list furnished by the Superintendent of Banks pursuant to Section fifty-two of Article two of this chapter, or in any railroad bonds mentioned in such list, which have been legally issued and properly executed, unless such savings bank shall have been notified by the Superintendent of Banks that, in his judgment, such bonds do not conform or have ceased to conform to the provisions of this section

10. Bonds of the Land Bank of the State of New York.

11. Bankers' acceptances and bills of exchange of the kind and maturities made eligible by law for purchase in the open market by Federal Reserve banks, provided the same are accepted by a bank, national banking association or trust company, incorporated under the laws of the State of New York or under the laws of the United States and having its principal place of business in the State of New York. Not more than 20% of the assets of any savings bank less the amount of the available fund held pursuant to the provisions of Section 251 of this chapter, shall be invested in such acceptances. The aggregate amount of the liability of any bank, national banking association or trust company to any savings bank for acceptances held by such svaings bank and deposits made with it shall not exceed 25% of the paid-up capital and surplus of such bank, national banking association or trust company and not more than 5% of the aggregate amount credited to the depositors of any savings bank shall be invested in the acceptances of or deposited with a bank, national banking association or trust company of which a trustee of such savings bank is a director.

SUPERINTENDENT MUST FURNISH SAVINGS BANKS LIST OF LEGAL INVESTMENTS.—Section 52 of Article II of the General Banking Law reads as follows:

On or before the first day of January, 1915, and on or before the first day of January in each and every year thereafter, the Superintendent of Banks shall mail to each savings bank in the State a list containing the names of States and municipalities, the bonds of which, in his judgment, if legally issued and properly executed, conform to the requirements of Section 239 of this Chapter, and also as complete a list as is practicable of railroad bonds which, in his judgment, if legally issued and properly executed, conform to the provisions of said Section.

In the preparation of such list he may employ such expert assistance as he deems proper and apportion the expense thereof among the savings banks of the State, or he may rely upon information contained in publications which he may deem authoritative in reference to such matters. He shall be in no way liable for the omission from such list of the name of any State or municipality the bonds of which conform to the provision of said Section, or of any railroad bond which conforms to the provisions of said Section, nor for the inclusion in such list of the name of any State or municipality the bonds of which do not conform to the provisions of said Section, or of any railroad bond which does not conform to the provisions of said Section.

For list of bonds considered legal investments on Jan. 1 1921, *see "Chronicle" of May* 14 1921, *pages* 2108 *and* 2109.

TRUST FUNDS.—*How Loaned or Invested.*—Sec. 21, Chap. 41, Consol. Laws of 1909, permits executors, administrators, guardians, &c., to invest in the same securities as savings banks. We quote the provision below:

INVESTMENT OF TRUST FUNDS.—A trustee or other person holding trust funds for investment may invest the same in the same kind of securities as those in which savings banks of this State are by law authorized to invest the money deposited therein, and the income derived therefrom, and in bonds and mortgages on unincumbered real property in this State worth 50% more than the amount loaned thereon.

HEMPSTEAD, TOWN.
Hempstead (inc. April 17 1784) is now in Nassau Co., but was formerly in Queens Co., then including Far Rockaway, Hempstead, Inwood, Lawrence, Rockaway Beach and Seaford villages. On Jan. 1 1898 that portion of the town lying "westerly of a straight line drawn from the southeasterly point of the town of Flushing through the middle of the channel between Rockaway Beach and Shelter Island, in the county of Queens, to the Atlantic Ocean," became part of New York City, under the Greater New York Charter. This boundary was changed by the Legislature in April 1899, and the new boundary is that portion of the old town of Hempstead "bounded on the east and north by the east and north bounds of the former village of Far Rockaway, and on the east by a line drawn due north from the northwest corner of said village to the south line of the town of Jamaica, as it existed on the thirty-first day of December 1897." The bonds given below are those remaining as a debt against the town after assigning to New York City the portion belonging to it according to a decision of the Supreme Court of the Third Judicial District at Albany Dec. 9 1899. See V. 69, p. 1357.

Int. at Newburgh National Bank Newburgn.

NEW YORK CITY. John F. Hylan, Mayor; Chas. L. Craig, Comptroller

The consolidation provided under the Greater New York Charter became effective Jan. 1 1898, and New York City now includes Kings County, Richmond County and the following portions of Queens County, namely Long Island City, the towns of Newtown, Flushing and Jamaica, and part of the town of Hempstead. The Legislature in 1912 enacted a law (Chap. 548, Laws 1912) providing for the creation of the County of The Bronx out of the Borough of The Bronx. The bill was subject to referendum of the citizens of the borough in November 1912 and was favorably passed upon at that time, but on Jan. 17 1913 was declared unconstitutional by the Appellate Division of the Supreme Court. V. 96, p. 299. This decision was reversed, however, by the Court of Appeals on March 14 1913. V. 96, p. 810. In 1917 a bill was passed providing for setting off the Fifth Ward of Queens (constituting the villages of Far Rockaway, Arverne and Rockaway Beach) to constitute what was to be known as the city of Rockaway. This measure, however, was vetoed by the Mayor. A similar bill was passed by the Legislature in 1915, but this too was defeated at the hands of the Mayor. The following statement includes all of the funded debt of the former City of New York and of the municipalities in Brooklyn, Queens and Richmond which was recorded at the date of consolidation; also such additional amounts as were recorded in subsequent years as being funded obligation of said former municipalities to be assumed by the City of New York. These figures do not include $2,007,600 revenue bonds of the former City of New York outstanding Jan. 1 1898 and redeemable from its tax levy of 1897 nor $4,060,000 of revenue bonds or certificates of indebtedness of the former city of Brooklyn outstanding Jan. 1 1898, but redeemable from its tax levy for the year 1898.

DEBT OF GREATER CITY AT CONSOLIDATION JAN. 1 1898.

	Tot. Funded Debt.	*Sinking Fund.*	*Net Debt.*
Manhattan & The Bronx	§$226,144,311.28	$85,654,317.52	$140,489,993.76
Brooklyn	81,626,175.53	6,734,055.69	74,892,119.84

Richmond	3,486,736.67		3,486,736.67
Total	*$324,967,159.10	$92,718,373.21	$232,248,785.89

§Includes $3,061,645.01 special revenue bonds.

DEBT OF GREATER CITY AT PRESENT TIME.

Since consolidation (Jan. 1 1898), the Greater City has issued, excluding general fund bonds, special revenue bonds and revenue bonds and bills, up to Dec. 31 1920, $1,151,676,689.89, and redeemed and canceled during that period $320,536,785.57. The following compares gross and net debt of the consolidated city at different dates.

Comparative Yearly Table of the Total Bonded Debt, from Jan. 1 1898 to Jan. 1 1920.

Divided to show in separate columns the Funded Debt, the Total Sinking Fund Holdings and the Temporary Debt as at Jan. 1 of each year and as at Dec. 31 1919.

As at Jan. 1	x*Funded Debt viz., Corporate Stock, Corporate Stock Notes and Assessment Bonds.*	*Sinking Fund Holdings. (Bonds).*	*Net Funded Debt.*	—*Temporary Debt*— *Special Revenue Bonds.*	*Revenue Bonds and Bills.*

x The funded debt on Jan. 1 1912 included $23,795,579 of the corporate stock notes described below; $35,391,095 of these securities were included on Jan. 1 1913, $62,435,562 Jan. 1 1914, $58,608,977 Jan. 1 1915, $34,080,285 Jan. 1 1916, $35,348,500 Jan. 1 1917, $18,447,000 Jan. 1 1918, $38,709,000 Jan. 1 1919, $68,619,000 Jan. 1 1920 and $92,203,443 Jan 1 1921. None outstanding at previous dates.

The funded debt as given above is exclusive of general fund bonds as follows: $8,500,000 at Jan. 1 1904, $18,000,000 at Jan. 1 1905, $29,000,000 at Jan. 1 1906, $40,750,000 at Jan. 1 1907, $54,250,000 at Jan. 1 1908, $68,750,000 at Jan. 1 1909, $85,500,000 at Jan. 1 1910, $102,500,000 at Jan. 1 1911, $120,000,000 Jan. 1 1912, $137,500,000 Jan. 1 1913, $159,500,000 Jan. 1 1914, $183,000,000 Jan. 1 1915, $206,000,000 Jan. 1 1916, $229,500,000 Jan. 1 1917, $254,500,000 Jan. 1 1918, $281,500,000 Jan. 1 1919, $310,000,000 Jan. 1 1920 and $342,500,000 Jan. 1 1921. There is also excluded from the above table tax notes which on Jan. 1 1918 amounted to $4,600,000, on Jan. 1 1919 $3,000,000, 1920 $2,050,000 on Jan. 1 and on Jan. 1 1921, $3,961,000. None outstanding at previous dates.

The table below of the City's funded debt as at Dec. 31 1920, is designed, to first present the total outstanding amount of bonds which have been issued to finance undertakings that are largely, or in part, self-carrying. In the first group (Group "A") are shown the total amounts of water bonds, rapid transit bonds, docks and ferries bonds, and assessment bonds payable from assessments These make a combined total of $568,136,773 61, of which the City's sinking funds hold $89,723,332 98 and the public holds $478,413,440 63.

Of the total amount of water bonds outstanding, it is claimed that there are probably from $95,000,000 to $100,000,000 which are self-carrying. The water revenues actually realized each year are probably sufficient to meet all administration, operation and maintenance charges of the Water Department per se, and to provide annual interest payments on and set aside a sum sufficient to amortize and ultimately redeem the principal of from $95,000,000 to $100,000,000 of these bonds. The remainder of the water bonds outstanding represent to a great extent the amount which has been expended in the Catskill aqueduct still in course of construction. Altogether $203,995,100 38 of water bonds and notes are exempted from the debt limit under the provisions of the State Constitution.

Of the rapid transit bonds $51,013,724 86 have been exempted by the Appellate Division in accordance with the provisions of the State Constitution. The lessee of the subway is now paying interest and annual installments to the Sinking Fund on $52,376,727.37. Consequently, of the total amount of rapid transit bonds outstanding as shown in the table herewith submitted, over $52,000,000 are self-carrying.

The revenues realized by the city from the operation of the Dock Department are sufficient to meet all administration, operation and maintenance expenses, together with interest and amortization charges on nearly $70,000,000 ($69,943,053) of Dock Bonds, which in consequence have been exempted from the constitutional debt of the City by the Appellate Division of the Supreme Court in accordance with certain provisions of the State constitution.

The bonds which are fourth in order of arrangement in Group "A" are assessment bonds issued by the city payable from assessments levied against property presumably benefited by the improvements made and to finance which these assessment bonds were issued. If the total interest on these bonds was payable and the entire principal was redeemable from the proceeds of special assessments laid for that purpose it would mean that all of these bonds were also fully self-carrying; but as the city in many cases has to assume a certain percentage of the assessments levied for certain improvements made, it follows that only a proportion of these assessment bonds is payable principal and interest from the proceeds of assessments laid for that purpose. A careful estimate of the proportion of assessment bonds on which interest and principal may ultimately require to be provided for by the city would place such as not exceeding 15% of the total amount thereof shown in Group "A."

A conservative approximation, therefore, of the total amount of self-carrying bonds contained in Group "A", based on actual figures and careful estimates, would indicate that there are from $237,000,000 to $240,000,000 of these which can be so regarded.

The succeeding classifications in Groups "B" and "C" consist of bonds issued for schools and sites, libraries and sites, city parks and places, bridges, streets, public buildings—including hospitals, charities, health, fire, police, correction, &c.; streets, highways: to cover deficiencies in tax collections, &c. The interest on these is provided for by annual tax levy together with the annual installments required to amortize and ultimately redeem the principal of such bonds.

Classification According to Function or General Purpose—	*Gross funded Debt, viz.: Total Amount Outstanding.*	*Purchased and held by Sinking Funds.*	*Purchased and held by Public.*	*Corporate Stock Notes Outstanding.*
Group "A"	$	$	$	$
Water	212,674,610	31,043,780	181,630,830	9,220,000

Public buildings, viz.: health, fire, courts, police, corrections, &c.	103,243,013	14,325,797	88,917,216	6,235,857
Sundry other purposes	7,290,758	2,331,351	4,959,407	1,036
Various municipal purposes (unalloted)	294,105	294,105	------	271,121
Totals of Group "B"	545,327,808	86,956,980	458,370,828	27,423,500
Group "C"				
Refunding bonds	11,861,662	496,471	11,365,190	------
To fund deficiencies—taxes	(2) 29,124,175	5,000,000	24,124,176	------
Totals of Group "C"	40,985,837	5,496,471	35,489,363	------
Aggregate totals of Groups "A," "B," "C"	(3)1,154,835,419	182,176,785	972,658,634	92,023,443
General fund bonds	(4)342,500,000	342,500,000	------	------
Grand totals of funded debt	1,497,335,419	524,676,785	972,658,634	92,023,443

(1) Includes the amounts expended in the acquirement of property for and in the construction of the new Municipal Building—$18,945,755.

(2) Of these, $26,124,175 76 were issued in 1910, 1911, 1912, 1913, 1915 and 1916 for deficiencies in taxes of 1904 and prior years.

(4) Represent the amount of Surplus Revenue of Sinking Fund, No. 1 applied toward reduction of current taxation; these bonds are held by Sinking Fund No. 1.

Of the total funded debt (3) the following amounts are exempted under the State Constitution and decisions of the Appellate Division of the Supreme Court from inclusion in the debt limit:

Water bonds and notes	$203,995,100.38	
Rapid transit bonds	51,013,724.86	
Dock bonds	69,943,053.55	
County bonds	6,905,295.48	
		$331,857,174.27

ASSESSED VALUES.—The assessed valuation of property in the consolidated city for the year 1921 follows:

	Real Estate.	*Personal Estate.*	*Total.*	—*Tax Rate*— *R. E.*	*Pers.*
Manhattan	$5,878,847,633	$152,742,600	$6,031,590,233	$2.77	$2.77

*No assessment or tax in 1898.

In 1903 the assessment of real estate was made on the basis of about real value; 1903 and subsequent values, therefore, were greatly in excess of those for previous years, and consequently the tax rate is much lower.

[Under a law passed by the 1911 Legislature, the collection of taxes takes place semi-annually instead of annually, as heretofore. V. 93, p. 63.]

[State Supreme Court early in 1916 decided against the city in its efforts to have value of bank shares excluded from personal tax valuation in levying direct State tax. See "Chronicle" of Mar. 4 1916, page 906.]

[The State Supreme Court upholds the city's right to make its own appraisal of personal property of foreign corporations. See "Chronicle" of May 27 1916, page 2005.]

[The sum of $18,439,335, which the city had been carrying as an asset for the previous eleven years and representing unsatisfied claims against 92,844 persons for personal taxes from 1899 to 1905, inclusive, was wiped from the city's books by the Board of Estimate on Oct. 13 1916. V. 103, p. 1528.]

[The City Comptroller on May 1 1917 issued a report dealing with the city's experience in connection with the imposition and subsequent liquidation of the special franchise tax. See V. 104, p. 1761.]

PAY-AS-YOU-GO POLICY APPROVED.—On May 20 1916 the Governor signed the bill approved by the 1916 Legislature providing for the incorporation in the city charter of the pay-as-you-go policy. See "State and City Department" of "Chronicle" for May 27 1916.

In 1918, however, the State Legislature passed a bill which was later approved by both the Mayor and Governor for the relief in financing this city's obligations during the period of the war and one year thereafter in reference to the issuance of corporate stock and serial bonds. The new law permits the city to issue, in addition to corporate stock and serial bonds now authorized by law, $15,000,000 in bonds or corporate stock each year, dating from Jan. 1 1918, for the period of the war and for one year thereafter, the proceeds to be used in needed public improvements. The full text of the law will be found in the "Chronicle" of April 13 1918, page 1596.

GENERAL FUND BONDS.—A new kind of bond (known as the "General Fund Bonds") was created by the Legislature in 1903. It is issued for the purpose of releasing the surplus revenues of the sinking fund of the old City of New York, and to allow the money to be applied to the reduction of taxation. Under the law the bonds will be issued only in the way indicated, and they will be taken for account of sinking fund for redemption of the city debt No. 1. See V. 76, p. 610. Up to Dec. 31 1920 $342,500,000 of these bonds had been issued.

APPROPRIATIONS.—The total appropriation for Greater New York in 1898 was $77,473,084; in 1900 it was $90,778,972; for 1902 it was $98,619,600; for 1904, $106,674,955; for 1906, $116,805,490; for 1908, $143,572,266; for 1910, $163,130,270; for 1912, $181,000,657; 1914, $192,995,551; for 1915, $198,989,786; for 1916, $212,956,155.81 (including $13,975,000 apportioned to N. Y. City as its share of the direct State tax of $20,000,000); for 1917, $211,114,136.82 (no direct State tax in 1917); for 1918 the appropriations were $238,123,759.20 (including $8,463,756 apportioned to New York City as its share of the direct State tax of $12,800,000), in 1919 $248,025,434.88, including a State tax amounting to $8,522,629 61; in 1920 $273,689,485, including a State tax amounting to $8,539,156, and in 1921 $345,530,039, including State tax aggregating $22,041,183. The 1917 Legislature passed a bill providing for a direct tax of 1.08 mills, in 1918 for 1.06 mills, in 1919 for 1.06055 mills, and in 1920 for 1.155 mills.

On April 26 1917 a bill was signed by the Governor providing that hereafter this city shall have a tentative budget. Under the terms of the measure a budget setting forth every expense in items must be prepared and must be ready by Oct. 10 for public discussion. It is further provided that the Board of Estimate and Apportionment must file with its Secretary on Oct. 20 each year, a copy of the proposed budget, after which date no item is to be added, nor any item already in the budget increased. Between Oct. 20 and the date of adoption of the budget any item, however, may be decreased or dropped.

POPULATION (*U. S. Census figures*)—

	1920	1910.		1920.	1910.
Greater N. Y.	5,621,151	4,766,883	Boro. of Queens	469,042	284,041
Man. & Bronx	3,016,119	2,762,522	Boro. of Rich'd	116,531	85,969
Boro. of Br'klyn	2,018,356	1,634,351			

The population of the Greater City, according to the State Census for 1915, is officially reported as 5,047,221.

DETAILS OF INDEBTEDNESS.

The tables which follow give full details regarding the indebtedness of the consolidated city and the various boroughs and other divisions forming part of it. The loans marked (s f) are held in the sinking fund.

FUNDED DEBT OF THE CITY OF NEW YORK.

(As Constituted from January 1 1898.)

Payable from the sinking fund of the City of New York under the provisions of Sections 206 of the Greater New York Charter.

FUNDED DEBT COUNTY OF NEW YORK.

Consolidated stock payable from the sinking fund for the redemption of the city debt (No. 1) under the provisions of Section 213 of the Greater N.Y. Charter.

3.30g	'01	J-J	$2,000,000	July 1 1921

THE CITY OF BROOKLYN.

The old city of Brooklyn covered the entire area of the county of Kings, the county government being consolidated with that of the city on Jan. 1 1896 under the provisions of Chapter 954 of the Laws of 1895. Under the provisions of this Act, "the debt of the said county shall not be deemed to be, or be included as, a part of the debt of the City of Brooklyn, within the meaning of the provision of the constitution of the State of New York limiting the power of cities to incur indebtedness." (See "Chronicle," Vol. 62, p. 49.) The towns of Flatbush, New Utrecht and Gravesend were annexed to the City of Brooklyn in 1894 and the town of Flatlands became a ward of the city on the first day of January 1896.

Payable from the sinking fund of the City of Brooklyn under the provisions of Chapter 488, Laws of 1860, and amendments thereto.

Public Park Loan Bonds.

COUNTY OF QUEENS.

The debt of the county of Queens is reported under the county's own name on a subsequent page; the amount of the original debt which was chargeable to the City of New York was adjudicated finally to be $3,796,032.11, leaving $1,011,967.89 as Nassau County's share of the old indebtedness. Instead of apportioning certain bonds to N. Y. City and to Nassau County, the debt and interest is not divided, but N. Y. City pays 78.952414973% of the principal and interest as it becomes due, and Nassau County 21.047585027%. The Comptroller of N Y. City acts as agent in the payment of the debt. The amount of Queens County bonds outstanding on April 30 1921 was $650,000, of which $505.295,48 was chargeable to New York City. For details of bonds see "Queens County" on a subsequent page.

QUEENS COUNTY.
County seat is Jamaica. A large part of the old County of Queens is now included in the Greater New York, and a law changing the name of that portion of the old county *outside* of Greater New York to Nassau County went into effect Jan. 1 1899. The amount of outstanding bonds of this county which will be chargeable to the City of New York has been finally determined by the Supreme Court (V. 71, p. 875). Under this decision the City of NewYork was made liable for $3,796,032.11 of the old debt of Queens County as it stood at the date of division, and the remaining $1,011,967.89 became an obligation of Nassau County. Instead of apportioning certain bonds to New York City and to Nassau County, the debt and interest is not divided. New York City pays 78.952414973 of the principal and int. as it becomes due and Nassau Co. 21.047585027. The Comptroller of New York City acts as agent in the payment of the debt.
The statement below shows the obligations of the old County of Queens which remained outstanding on April 30 1918.

INT. in New York Exchange.

SUMMARY OF DEBT JAN. 1 '21.

Water bonds	$2,260,500
School bonds	3,687,720
Special assessment bonds	1,202,000
Other bonds	4,962,847
Total	$12,113,067

The full faith and credit of the city are pledged to the payment of all bonds of the city.

Prior to Jan. 1 1908, the School Bonds were issued by the Board of Education and the water bonds by the Water Board. Since the date referred to, however, all bonds of the city have been issued under the Uniform Charter for cities of the second class. Chapter 452 of the Laws of 1908 repeals the Acts under which the Board of Education and the Water Board were created separate bodies.

CITY PROPERTY.—Real estate owned by the city is assessed at $11,056,297.75. including water works valued at $4,261,594.67.

ASSESSED VALUATION.—The city's assessed valuation has been:

	1921.	1920.
	$	$
Real estate	178,123,037	139,825,210
Personal	348,550	1,896,250
Total	178,471,587	141,721,460
Average rate (per $1,000)	$28.99	$29.95

YORKVILLE.
This village is in Oneida County Inc. 1902. Population 1910, 691; 1920, 1,512.

TOTAL DEBT May 23 '21 $30,800
Assessed valuation 1921 1,065,965
(Assessment about ¾ actual value.)
Total tax rate (per $1,000) '21 $11.00

State of New Jersey.

ITS

DEBT, RESOURCES, ETC.

Admitted as a State—One of Original Thirteen
Total area of State (square miles)—7,815
State Capital—Trenton
Governor (term expires Monday before 3d Tuesday, January 1923)—Edward I. Edwards
Secretary of State (term exp. Apl. 6 '25)—Thos. F. Martin
Treasurer (term expires Apr. 1 1922)—William T. Read
Comptroller (term expires Feb. 20 '23)—Newton A. K. Bugbee
Attorney-General—Thos. F. McCran

LEGISLATURE meets annually the second Tuesday of January, and there is no limit to the length of the session.

HISTORY OF DEBT.—New Jersey has always been a conservative State; there are consequently no facts out of which to construct a history of debt issues. In a report made in 1838 the financial officer of the State affirmed that New Jersey had put out no obligations of any kind or loaned its credit to any company. The constitution of 1844 forbade the creation of a State debt exceeding one hundred thousand dollars *except* for purposes of war, &c. This exception, under which it was allowable to exceed the hundred-thousand-dollar limit, became operative on the occasion of the breaking out of the Civil War. Quite a debt was created at that period. The last of these war bonds was retired on Jan. 1 1902.

TOTAL DEBT.—With the exception of $116,000 certificates issued to the Commissioners of the Agricultural College under Act approved June 13 1895, the State is now clear from debt, and has been since Jan. 1 1902. At previous dates the debt was:

Nov. 1 1901	$71,000	Nov. 1 1895	$660,400
Nov. 1 1898	194,000	Nov. 1 1894	735,400
Nov. 1 1897	394,000	Nov. 1 1880	1,996,300
Nov. 1 1896	593,400	Nov. 1 1866	3,395,200

On June 30 1920 the cash balance of the State Fund in bank was $11,047,673. This fund also held on the same date 1,887 shares (par value $188,700) of the stock of the United Railroad & Canal Co., of New Jersey, the market value of which amounts to about $3 0,000. The State School Fund on June 30 1920 held securities to the amount of $7,959,943.50; cash balance on hand for investment, $276,344.43.

ASSESSED VALUATION.—The assessed valuation for a series of years has been as below. Under new tax laws the assessment beginning with 1906 has been at supposed full value—a much higher basis than formerly.

1920	$3,254,964,269	1909	$1,949,687,287	1890	$649,979,700
1919	3,032,164,104	1908	1,843,001,178	1888	603,676,953
1918	3,030,926,010	1906	1,570,210,073	1886	573,256,303
1917	2,888,117,701	1905	1,153,682,961	1884	554,828,114
1916	2,696,314,011	1900	891,237,286	1882	534,917,876
1915	2,583,953,595	1898	844,354,193	1880	518,617,518
1914	2,481,605,038	1896	794,428,048	1878	531,851,849
1912	2,289,770,281	1894	774,398,332	1876	596,833,707
1910	2,045,898,214	1892	742,759,082	1874	619,057,903

In addition to the above, valuation of main stem, tangible personality and franchises of railroad property in 1912 was $327,647,993, in 1913 329,595,655, in 1914 334,738,372, in 1915 344,947,959, in 1916 $349,195,216, in 1917 $358,440,155, in 1919 $246,621,381 and in 1920 $250,806,026. The values of railroad and canal property from 1906 to 1911, incl., do not include second-class railroad property, the latter being given in the totals shown above for those years. No general tax is imposed in New Jersey, the State deriving its revenue from other sources

POPULATION OF STATE.—Population has been as follows:

1920	3,155,900	1880	1,131,116	1830	320,823
1915	2,844,342	1870	906,096	1820	277,575
1910	2,537,167	1860	672,035	1810	245,562
1905	2,144,134	1850	489,555	1800	211,149
1900	1,883,669	1840	373,306	1790	184,139
1890	1,444,933				

DEBT LIMITATIONS.—(1) *THE STATE* is restricted as to its debt-making power by the State Constitution. In Article IV, Section VI, paragraphs 3 and 4, the whole subject is disposed of as follows:

3. The credit of the State shall not be directly or indirectly loaned in any case.

4. The Legislature shall not in any manner create any debt or debts, liability or liabilities of the State which shall singly or in the aggregate, with any previous debts or liabilities, at any time exceed one hundred thousand dollars, except for purposes of war, or to repel invasion, or to suppress insurrection, unless the same shall be authorized by a law for some single object of work, to be distinctly specified therein; which law shall provide the ways and means, exclusive of loans, to pay the interest of such debt or liability as it falls due, and also to pay and discharge the principal of such debt or liability within thirty-five years from the time of the contracting thereof, and shall be irrepealable until such debt or liability and the interest thereon are fully paid and discharged; and no such law shall take effect until it shall, at a general election, have been submitted to the people, and have received the sanction of a majority of all the votes cast for and against it at such election; and all money to be raised by the authority of such law shall be applied only to the specific object stated therein, and to the payment of the debt thereby created. This section shall not be construed to refer to any money that has been, or may be, deposited with this State by the Government of the United States.

According to the foregoing (4th paragraph), the power of the State for making debt is limited to $100,000, except (1) for purposes of war, &c., and (2) when the authorization is for some single object of work specified therein, &c. In the latter case the mode of procedure is, as will be seen, given in the same paragraph of the constitution.

[On Nov. 2 1915 the voters decided against the question of issuing $1,000,000 bonds for the purchase of what is known as the "Wharton Tract" in Atlantic and Burlington counties. V. 101, p. 1825. It was originally intended to issue these bonds in the name of the State Water Supply Commission, without a vote of the people, but the Court of Errors and Appeals on March 1 1915 decided that this would be in violation of the constitutional provision which prohibits the bonding of the State for a sum exceeding $100,000, except by direct vote of the people. See "Chronicle" of March 6 1915, page 829.]

The 1920 Legislature passed two bond acts which were approved by the voters at the November 1920 election, one for $15,000,000 for soldiers bonus, and the other $28,000,000 for a vehicular tunnel from Jersey City to New York and a bridge from Camden to Philadelphia. See V. 110, p. 1771,2103, respectively. $12,000,000 of the soldier's bonus bonds and $5,000,000 of the tunnel and bridge bonds were offered on June 14, but owing to a question of legality these bonds were not sold.

The 1921 Legislature passed an act (Chapter 201) authorizing $14,000,000 State bonds for State institutions, subject to a vote of the people at the November 1921, election.

CITIES, COUNTIES, TOWNS, &c., are also restricted in the making of certain kinds of debt by Article I, paragraphs 19 and 20, of the constitution. We give these paragraphs in full:

19. No county, city, borough, town, township or village shall hereafter give any money or property, or loan its money or credit, to or in aid of any individual, association or corporation, or become security for, or be directly or indirectly the owner of any stock or bonds of any association or corporation.

20. No donation of land or appropriation of money shall be made by the State or any municipal corporation to or for the use of any society, association or corporation whatever.

It will be noted that the above prohibitions are absolute.

Article IV, Section VII, Paragraph 11, of the constitution, forbids the passage by the Legislature of any special laws "regulating the internal affairs of towns and counties," the constitution directing that in this and all other cases where general laws are feasible, general laws shall be provided.

In compliance with this last provision the Legislature has from time to time passed many general laws relating to the different kinds of munici-

palities existing in New Jersey, but latterly the situation has been greatly simplified, and now the debt-incurring powers of New Jersey municipalities are regulated almost entirely by a series of general laws passed in 1916-1918, which practically supersede the complex system of laws described in the "State and City Supplement" for Nov. 1916 and previous issues. These new statutes are Laws 1917, Chapter 152, known as the Home Rule Act (amended and supplemented by numerous subsequent Acts), which grants broad power to make public improvements; Laws 1918, Chapter 185 (as amended), which is a similar Act concerning the powers of counties: Laws 1916, Chapter 252 (amended by Laws 1917, Chapter 240, Laws 1918, Chapter 259; Laws 1919, Chapter 51, Laws 1920, Chapters 78, 108 and 252, and Laws 1921, Chapters 120, 157, 164 and 235), known as the Pierson Bond Act, referred to at length below; Laws 1916, Chapter 112, Laws 1919, Chapters 73 and 186 and Laws 1921, Chapters 98 and 234, relating to loans for school purposes; Laws 1920 (Chapter 84, supplemented by Laws 1921, Chapter 30), directing the funding of floating debt; Laws 1917, Chapters 154 (amended by Laws 1918, Chapter 266), 155 and 156, creating the office of State Commissioner of Municipal Accounts and requiring municipalities to file with him financial reports and transcripts of proceedings for bond issues; Laws 1917, Chapter 192 (amended by Laws 1918, Chapter 242, and Laws 1919, Chapters 178, 238 and 242), providing for an annual budget and for temporary loans against taxes; Laws 1918, Chapters 267 and 268, and Laws 1921, Chapters 105 and 106, relating to the auditing of municipal accounts; Laws 1918, Chapter 238, establishing the fiscal year of municipalities; and Laws 1917, Chapter 212 (amended by Laws 1918, Chapter 243), providing for sinking funds for bonds heretofore issued (all future issues being required to be serial bonds).

THE PIERSON BOND ACT, mentioned above, authorizes and regulates the issuance of all bonds and notes of counties, cities, boroughs, villages, towns, townships and improvement commissions, other than bonds or notes for school purposes or against unpaid taxes or tax titles. Except in regard to registration and transfer of bonds, it supersedes all laws on the same subject matters passed before March 22 1916, and probably also those passed before Jan. 1 1917; but on the latter point the amendatory Act of 1917 is not entirely clear. Saving clauses in the Act make certain restrictions inapplicable to proceedings commenced before March 29 1917. The Act provides substantially as follows:

Power to Issue Bonds and Notes.—Power is given to issue bonds for any public improvement for which the municipality or county may lawfully make or for any other purpose for which it may lawfully appropriate money, except to pay current expenses or fund debts incurred after March 22 1916 for current expenses or refund bonds issued after that date. Power is also given to issue temporary bonds or notes to temporarily finance any purpose for which bonds may be issued under the Act. Such temporary obligations may run not longer than six years after such purpose has been carried out, unless the levying of special assessments for improvements for which the obligations are issued is delayed by litigation.

Term of Bonds.—Bonds must mature (*a*) within the probable life of the improvement or property for which they are issued, to be determined by the bond ordinance or resolution, but not to be deemed greater than the maximum period specified in the Act for such an improvement or property (a period ranging from 5 to 50 years); or (*b*) if the bonds are to fund debt incurred before March 22 1916 for unascertainable purposes, within 15 years; or (*c*) if for refunding, within 20 years; or (*d*) if for more than one such purpose, within the average of the periods assigned, to the several purposes, taking into consideration the amount of bonds for each purpose; or (*e*) if issued in anticipation of the collection of special assessments, within a period ending not more than two years after the last installment of the assessment will become delinquent.

Serial Bonds.—All bonds must mature in annual installments beginning not more than two years after the date of the bonds, and no installment can be more than 50% greater than the smallest prior installment.

Sale of Bonds.—Bonds cannot be sold below par. If the amount of the issue exceeds $10,000, they must be sold at public sale, unless sold within 30 days after a public sale at which no bids are received, or unless the sale is to the municipal sinking fund or insurance fund commissioners. Only such an amount of the bonds can be sold as will produce a sum less than $1,000 in excess of the amount of money necessary to be raised. In case of public sale, advertisement must be made in a local newspaper and also in a financial paper in New York City or Philadelphia. Temporary bonds or notes may be disposed of privately.

Debt Limits.—Except as noted below, the Pierson Bond Act prohibits a municipality from passing an ordinance or resolution authorizing bonds or notes under that Act in an amount which, with the amount of all evidences of indebtedness then outstanding, or to be issued under previous authorizations, exceeds 7% of the average of the three next preceding assessed valuations of taxable real property. In a county the limit is 4%. But in order that the statute may not work a hardship on municipalities heavily indebted at the time of passage of the Act, it permits municipalities to exceed the 7% limit so long as the bonds and notes issued or authorized under the Act after Dec. 31 1916 (including debt so incurred and paid) do not exceed 2% of the average assessed valuation of taxable real property for the years 1914, 1915 and 1916. The statute prescribes in great detail the method for computing and determining net debt under these limitations. The chief financial officer of the municipality or county is required to file annually with the clerk of the municipality or of the county board of freeholders, as the case may be, an "Annual Debt Statement," showing the debt situation as of the close of the preceding calendar year; and he must file a "Supplemental Debt Statement," showing the changes since the last annual statement, before the passage of any ordinance or resolution authorizing bonds or notes to which the debt limitations apply. The debt limitations do not apply to the issuance of bonds or notes for funding, refunding, water supply, or the construction or reconstruction of dikes, bulkheads, jetties or other devices on the ocean or inlet fronts to prevent the encroachment of the sea, including improvements to restore property damaged by the sea, or for the construction of boardwalks, pavilions; piers, bathing houses "or other devices along the ocean front," Nor do they affect the incurring of debt under other laws, such as debts for schools or current expenses. But some of these exempted debts must be considered (as indicated below) in ascertaining the power to become indebted under the Act for other purposes. The net debt subject to the limits is computed by ascertaining the gross amount of all bonds or other evidences of debt outstanding, or authorized but not yet issued, or about to be authorized by the ordinance or resolution in connection with which the computation is made, exclusive of debts for current expenses of the current fiscal year, and by deducting from such gross amount (1) the following portions of the gross debt, viz.: (*a*) debts for self-sustaining utilities (not for support or maintenance), in so far as they do not exceed 3% of the average assessed valuation of taxable real property for the next preceding three years; (*b*) debts for schools, in so far as they do not exceed 3% of such average assessed valuation; (*c*) debts for ocean or inlet front improvements referred to above; (*d*) debts for certain sewer improvements in boroughs (Laws 1919, Chapter 51); (*e*) debts for certain highway improvements in counties (Laws 1918, Chapter 183); (*f*) certain county bonds payable out of motor vehicle funds received from the State (Laws 1921, Chapter 164), and (*g*) debts for certain self-sustaining electric light plants (Laws 1921, Chapter 235); also (2) the following assets, to the extent that they are applicable to the payment of any part of the gross debt not deducted as above stated, viz.: (*a*) uncollected special assessments levied or to be levied; (*b*) funds in hand or to be derived from the issuance of bonds or notes included in the gross debts and (*c*) uncollected taxes levied to pay gross debt; and (3) also other assets to the extent that they are not included in the foregoing assets, viz.: (*a*) unpaid taxes not more than three years in arrears, and (*b*) amounts owing to the municipality on account of improvements for which any partof the gross debt, not deducted, was incurred or authorized.

Procedure for Issuing Bonds.—In boroughs and townships bonds cannot be issued without a vote of the people if protests against the issue are filed by one-third of the governing body or by taxpayers representing 10% of the assessed valuation of propertuy. In other municipalities no election is provided for by the Pierson Bond Act; but the so-called Home Rule Act (Article 37, Section 24) apparently makes all bond ordinances subject to referendum if demanded by taxpapers.

Validation of Bonds.—The Act provides that the validity of bonds shall not be questioned in any suit commenced after the lapse of 20 days from the first publication of the ordinance or resolution authorizing them, unless issued in violation of the referendum provisions. In the case of Dale vs. Borough of Bayhead, bonds were sustained by reason of this provision. The Act also declares that bonds reciting that they are issued under the Act shall be incontestible.

SCHOOL BONDS.—The issuance of bonds and other obligations for school purposes is authorized and regulated by the general School Law of 1913 (Comp. Stat, 1910, p. 4724), as amended, especially the supplement and amendments of 1916 and 1919 already referred to. School bonds must matur serially as provided in the Pierson Bond Act, and within the maximum period specified in the School Law for the class of improvement or property for which they are issued, ranging from 10 to 40 years. Bonds for refunding school bonds must mature within 20 years and in annual installments, equal as nearly as practicable. If the bonds are issued for several purposes they must mature within the average of the periods assigned to the several purposes, taking into consideration the amount of bonds for each purpose, such average period to be conclusively determined by the governing body. The method of sale of bonds under the School Law is substantially the method prescribed by the Pierson Bond Act. The amount of school bonds in school districts governed by Article VI of the School Law is limited to 5% of the assessed valuation of property. There is no limit in districts governed by Article VII. Bonds of the latter districts cannot be attacked in litigation instituted after the lapse of 20 days after the election at which they are authorized.

The School Law makes every incorporated city, town, township and borough a school district. City school districts are governed by Article VI of this law, which practically makes the Board of Education a branch of the city government, their bonds being obligations of the city. School districts in towns, townships and boroughs are governed by Article VII, and their bonds are not obligations of the municipality with which they are coterminous. The School Law also provides that the voters of any city school district may accept the provisions of Article VII, and that the voters of a town, township or borough district may accept the provisions of Article VII, and be governed accordingly. So far as we are aware no city has accepted Article VII. But certain large towns and townships (West Hoboken, Union, Kearny, Montclair, Irvington, Weehawken and North Bergen) have accepted Article VI, because they found it cumbersome to submit all important matters as to taxation and bond issues to meetings of the voters as required by Article VII. An election is necessary for the issuance of bonds by school districts operating under Article VII, except districts embracing more than one municipality and having a population of more than 10,000, this exception being made by Chapter 73 of the Laws of 1919. Proceedings for the issuance of bonds by school districts under Article VII must be approved by the Attorney-General before the bonds can be issued. A supplement to the School Law, Laws 1911, p. 514, requires all school bonds to be signed, sealed, delivered and paid for in the State of New Jersey, such payment to be made by cash or certified check to the order of the custodian of school moneys.

TAX EXEMPTION OF MORTGAGES AND RAILROAD BONDS.—A law was enacted by the 1917 Legislature (Chapter 231) amending Section 10 of the General Tax Act of 1903 (Comp. Stat. of 1910, p. 5075), by providing that bonds issued by any railroad company of any State shall be exempt from taxation while owned by any savings bank or institution for savings of New Jersey. Section 10 as it now reads follows. We italicize the portion added in 1917: "No mortgage or debt secured by mortgage on real property which is taxed in this State shall be listed for taxation; and no deduction from the assessed value of real property shall be made by the assessor on account of any mortgage debt, but the mortgagor or owner of the property paying the tax on mortgaged real property shall be entitled to credit on the interest payable on the mortgage for so much of the tax as is equal to the tax rate applied to the amount due on the mortgage, except where the parties have otherwise agreed, or where the mortgage is an investment of funds not subject to taxation, or where the parties have lawfully agreed that no deduction shall be made from the taxable value of the lands by reason of the mortgage. *Bonds issued by any railroad company of any State shall be exempt from taxation while owned by any savings bank or institution for savings of this State.*"

TAX EXEMPTION OF PUBLIC SECURITIES.—Section 3 of the General Tax Act of 1903 (Compiled Stat. of 1910, p. 5075), relating to the exemption of public securities in New Jersey, was amended in 1917 (Chapter 258) so as to read as follows. The portions added in 1917 we print in italics:

"The bonds and other securities of the United States, *other than circulating notes of national banking associations and United States legal tender notes and other notes and certificates of the United States, payable on demand and circulating or intended to circulate as currency and gold, silver or other coin*, and all bonds, securities, improvement certificates and other evidences of indebtedness, heretofore or hereafter issued by this State or by any county thereof, or by any taxing district or school district of this State, and the personal property owned by citizens or corporations of this State situate and being out of the State upon which taxes shall have been actually assessed and paid within 12 months next before May 20 being the day prescribed by law for commencing the assessment."

LIMITATION OF TAX RATE.—Chap. 116, Laws of 1906, limiting the tax rate, was repealed by Chapter 9, Laws of 1914.

SAVINGS BANKS' INVESTMENTS—POWERS AND RESTRICTIONS.—The savings bank law of New Jersey was completely revised by the State Legislature of 1906, without, however, changing in any essential respects the investment provisions. In 1913 the law was further amended to permit investment in certain bonds secured by first mortgage on terminal or dock property. See V. 96, p. 1169. There were no amendments in 1915. In 1917 the Legislature passed an Act (Chapter 36) authorizing savings banks and other institutions in this State to invest in Federal Land Bank bonds. This we print in full below, at the end of Section 33. Another measure was adopted in 1917 (Chapter 171) amending paragraph VI in regard to investments in first mortgage bonds. See V. 104, p. 1721. Paragraph VI. was further amended by the 1920 Legislature. We put the part to be stricken out in brackets and the portions added are printed in italics. See V. 110, p. 1886 The 1919 Legislature passed an Act permitting savings banks to purchase from their available fund, notes, drafts, bills of exchange or acceptances, acceptable to the Federal Reserve Bank. We give below in full the investment sections of the law:

VI. DEPOSITS—HOW INVESTED.

SECTION 33. No savings bank shall invest the moneys deposited with the same in any manner except as follows, to wit:

I. In stocks or bonds or interest-bearing notes or obligations of the United States, or those for which the faith of the United States is distinctly pledged to provide for the payment of the principal and interest thereof;

II. In the interest-bearing bonds of this State; or in any bonds authorized by the laws of this State to be issued by any commission appointed by the Supreme Court of this State, by virtue of any law of this State;

III. In the bonds of any State in the Union that has not, within ten years previous to making such investment by any such bank, defaulted in the payment of any part of either principal or interest in any debt authorized by any law of such State to be contracted.

IV. In the bonds of any county, township, municipality or school district of this State issued pursuant to the authority of any law of this State, *provided*, such county, township, municipality or school district shall not, within the five years next preceding, have defaulted in the payment of any part of either principal or interest of any legal debt or obligation thereof; and *provided further*, the total indebtedness of any borough or village does not exceed 10% of its assessed valuation, and such school district bonds are by law charged upon all the property of the inhabitants of such district or in any interest-bearing obligation issued by the county in which such bank is situated, or by any city, town, township, borough or village in such county.

V. In the bonds of any city or county of any other State of the Union issued pursuant to the authority of any law of any such State; *provided*, no such city or county has, within ten years previous to making such investment, defaulted in the payment of any part of either principal or interest of any debt authorized by law of such State to be contracted; and *provided further*, the total indebtedness of any such city or county is limited by law to 10% of its assessed valuation;

VI. In first mortgage bonds issued, guaranteed or assumed by any railroad company which has paid dividends of not less than 4% per annum regularly on its entire capital stock for a period of not less than five years next previous to the purchase of such bonds, *and secured by a first lien upon not less than three-fourths of the rail mileage included in said mortgage;* or in any consolidated mortgage bonds issued, guaranteed or assumed by any such company [authorized to be issued to retire the entire bonded debt of the issuing company] *secured by mortgage providing for the retirement of all prior lien mortgages on the property covered by such consolidated mortgage; or in any first mortgage bonds secured by liens prior to any such consolidated mortgage;* or in the bonds of any railway terminal or dock company of this State, secured by first mortgage on terminal or dock property fronting on the Hudson River and having an assessed value for the purpose of taxation in excess of the amount of the entire issue of bonds, and used and occupied as a dock or terminal by any railroad company now operating in this State.

VII. In bonds secured by mortgages which shall be a first lien on real estate situate in this State, and worth at least double the amount loaned thereon, but not to exceed 80% of the whole deposits shall be so loaned or invested; but in case the loan is on unimproved or unproductive real estate,

he amount loaned thereon shall not be more than 30% of its actual value; and no investment in any bond and mortgage shall be made by any savings bank, except upon the report of a committee of at least three of the managers, and two members of which committee shall certify in writing to the value of the premises mortgaged, or to be mortgaged, according to their best judgment; such report shall be filed and preserved among the records of the bank.

VIII. In real estate strictly in accordance with the following provisions:

(*a*) A plot whereon is erected, or may be erected, a building or buildings requisite for the convenient transaction of its business, and from portions of which not required for its own use a revenue may be derived; the costs of such building or buildings and lot shall in no case exceed 50% of the net surplus of such bank except with the written approval of the Commissioner of Banking and Insurance; *provided*, the limitations as to the cost of such lot and building contained in this subdivision shall not apply to or affect any such investment heretofore made by a savings bank organized under a special charter.

(*b*) Such as shall have been purchased or acquired by it at sales upon the foreclosure of mortgages owned by such corporation, or upon judgments or decrees obtained or rendered for debts due to it, or in settlements effected to secure such debts, or in satisfaction of such mortgages; and all such real estate shall be sold by such bank within five years after the same shall have been so purchased, unless, upon application by such corporation to the Commissioner of Banking and Insurance, he shall extend the time within which such sale shall be made; the provisions of this section shall apply to all funds of any savings bank, including its reserve fund, and all investments of money and sales and transfers of securities may be made in the manner provided and made lawful in this Act, notwithstanding any provision in any special charter contained limiting the number of trustees or managers who shall act in the investment of moneys and the sale or transfer of stocks or securities.

Savings Banks, &c., May Invest in Federal Land Bank Bonds.—Any savings bank, banking institution, trust company or insurance company, organized under the laws of this State, or any person acting as executor, administrator, guardian or trustee, may invest in the bonds issued by any Federal Land Bank organized pursuant to an Act of Congress entitled "An Act to provide capital for agricultural development, to create standard forms of investment based upon farm mortgage, to equalize rates of interest upon farm loans, to furnish a market for United States bonds, to create Government depositaries and financial agents for the United States, and for other purposes," approved July 17 1916.

AN ACT to amend an Act entitled "An Act concerning savings banks," approved May 2 1906.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 36 of the Act of which this Act is an amendment be and the same hereby is amended to read as follows:

36. The managers of every savings bank, as soon as practicable, shall invest the moneys deposited with them in the securities named in the thirty-third section, except that for the purpose of meeting current payments and expenses in excess of the receipts, there may be kept an available fund of not exceeding ten per centum of the whole amount of deposits with such bank; and the same may be kept on hand or on deposit in any solvent bank in this State, organized under the laws of this State or of the United States; or the same may be deposited on call, at interest, in such solvent trust company incorporated under the laws of this State or of the States of New York or Pennsylvania, or in such solvent national bank located in the State of New York or in the State of Pennsylvania, as a majority of the managers of such bank may direct, by resolution adopted at a regular or special meeting, and duly recorded on their minutes; or such available fund, or any part thereof, may be loaned upon pledge of the securities, or any of them, named in section 33 of this Act, but not in excess of eighty per centum of the market value of such securities so pledged; and should any of the securities so held in pledge depreciate in value after making any loan thereon the managers shall require the immediate payment of such loan, or a part thereof, or additional security therefor, so that the amount loaned shall at no time exceed eighty per centum of the cash market value of the securities pledged for the same; or part of such available fund, not exceeding one-half thereof, may be temporarily employed in the purchase of notes, drafts, bills of exchange or acceptances, which have a maturity at the time of purchase of not more than three months, exclusive of days of grace, and which are of the kind made eligible by law for rediscount with Federal Reserve banks organized under the Act of Congress of the United States entitled "An Act to provide for the establishment of Federal Reserve banks, to furnish an elastic currency, to afford means of rediscounting commercial paper, to establish a more effective supervision of banking in the United States, and for other purposes," approved December 23 1913, and the supplements and amendments thereto, provided the same are indorsed or accepted by a bank or trust company in which such savings bank is herein permitted to deposit funds; *provided, further*, that the aggregate amount of the liability of any such bank or trust company to any such savings bank as indorser and acceptor shall not exceed ten per centum of the paid-up capital and surplus of such bank or trust company.

2. This Act shall take effect immediately.

INVESTMENT OF TRUST FUNDS.—This subject is covered by the Act of May 8 1907, Public Laws 1907, p. 382; Comp. Stat. of 1910, p. 3864, printed in full in "Chronicle" of Nov. 23 1907, p. 1352. In 1913 the Legislature passed an Act (Chapter 247), giving executors, administrators or trustees authority to make investments in any securities in which savings banks of New Jersey may invest their funds.

RAHWAY.
This city, of Union County, became financially embarrassed in 1882, and a compromise of the debt, excl. of the water debt ($185,000), was forthwith agreed to with most of the leading creditors at 35 cents on the dollar, the debt, excl. of water debt, then amounting to about $1,200,000. This settlement was completed in 1894, and interest is now paid promptly on the new bonds. The water bonds were renewed in 1891 at 4%, an agreement having been made in 1890 by which all accrued interest at 7% was adjusted at the 35% rate. Interest on these water bonds is also now promptly paid. Commission Govt. adopted Dec. 10 1917.—V. 105, p. 2380. Incorporated 1858.

State of Pennsylvania.

ITS

DEBT, RESOURCES, ETC.

Admitted as a State ---- One of Original Thirteen
Total area of State (square miles) ---- 45,215
State Capital ---- Harrisburg
Governor (term exp. 3d Tues. Jan. 1923) ---- Wm. C. Sproul
Secretary of State (term expires Jan. 1923) --- Cyrus E. Woods
Treasurer (term expires May 1925) --- Charles A. Snyder
Auditor-General (term expires May 1925) --- Samuel S. Lewis
Attorney-General ---- George E. Alter

LEGISLATURE meets biennially in odd years on the first Tuesday in January, and there is no limit to the length of the sessions.

HISTORY OF DEBT.—For a history of Pennsylvania's State debt from 1789 to 1893, see the "State and City Supplement" of 1893, pages 63 and 64. The details of the debt as it now exists are subjoined.

LOANS—	—Interest—		—Principal—	
Name and Purpose.	*P.Ct.*	*Payable.*	*When Due.*	*Outstand'g*
Agricultural College bonds, 1872	6	F-A	Feb 1 1922	$500,000
Proceeds of farm sale, 1887	6	Quar	{ Held in \StateTreas.}	17,000
Unfunded debt and debt upon which interest has ceased				141,320
Highway impt. bonds, 1919	6	J-J	July 1 1949	12,000,000
Highway impt. bonds, 1920	4½	F-A	Aug. 1 1923	12,000,000

INTEREST on the Agricultural College loan is payable at the State Treasurer's office in Harrisburg; on all other bonds at Philadelphia National Bank in Philadelphia.

TOTAL, DEBT, &c.	*Nov.* 30 '20.	*Nov.* 30 '19.	*Nov.* 30 '18.	*Nov.* 30 '17.
Total public debt	$24,451,000	$12,651,000	$651,110	$651,110
Sinking fund	1,559,024	651,110	651,110	651,110
Net debt	$22,891,976	$12,000,000	None	None
Unfund dt. (incl. above)	141,320	$141,320	$134,110	$134,110

Balance in treasury Nov. 30 1920, $16,901,893.51, including general fund of $5,658,930.72, sinking fund $658,320.26, school fund, $33,686.06, game protection and propagation fund, $89,525.46, bounty fund $412,727.78, insurance fund $438,126.47, manufacturing fund $42,448.05, and motor fund $714,741.91; Federal appropriation for vocational education $246,259.91 and fish propagation, $240,043.37. Banking Department fund, $55,767.51; State bond and road, $8,262,552.80; State Bond Road Sinking Fund, $59,024.46; employee's savings fund, $30,535.59; State Annuity Reserve Fund No. 2, $79,828.67; and the experimental fund (Department of Agriculture), $79,374.49.

The unfunded debt mentioned in the above table consists of relief notes in circulation, interest certificates unclaimed, interest on certificates outstanding, domestic creditors and bonds past due upon which interest has ceased.

ASSESSED VALUATION has been as follows:

Years—	Real.	Personal.	Total.
1919	$6,836,619,796	$1,715,191,350	$8,551,811,146
1918	5,427,072,733	1,759,444,517	7,186,517,250
1917	5,345,123,580	1,642,340,928	6,987,464,508
1916	5,472,236,214	1,506,172,805	6,978,408,019
1915	5,405,135,172	1,413,403,477	6,818,535,649
1914	5,332,133,902	1,353,392,369	6,685,526,271
1913	5,201,745,800	1,342,612,761	*6,544,358,561
1912	4,591,014,590	1,326,095,068	5,917,109,678
1911	4,584,806,925	1,198,861,401	5,783,668,326
1910	4,633,547,665	1,129,650,455	5,763,198,120
1905	3,520,136,662	1,094,468,656	4,614,605,318
1900	2,766,829,685	761,755,893	3,528,585,578
1899	2,728,163,336	859,979,331	3,588,142,667
1898	2,685,199,712	846,751,853	3,431,951,565
1895	2,471,018,204	770,049,820	3,241,068,024
1894	2,389,232,748	658,341,105	3,047,573,853
1892	2,308,767,431	591,007,558	2,899,774,989

The above does not include valuation of railroad property. The State makes no *general tax*. Income is derived from tax on capital stock, on money at interest, on collateral inheritances, direct inheritances, on corporate loans, on bonus on charters, &c., &c.

* A member of the Dept. of Internal Affairs in a letter addressed to us under date of June 2 1914 suggested the following reasons for the large increase in assessed values in 1913:

1. There has been a general movement for increase in assessments for taxation purposes of all coal lands in the State. Coal in place has been tremendously increased in assessments in many counties of the State.

2. The constitution of our State restricts the borrowing possibility of cities to 7%. Recently many of the cities have been close to the limit of the borrowing capacity and have been compelled to increase assessed values very largely. It has been easy to do this as the rule for assessment of real estate throughout the State has been, very generally, to assess real estate at but 50% to 60% of its real value.

POPULATION OF STATE—

1800	602,365
1790	434,373

DEBT LIMITATION.—In Pennsylvania the limit to the indebtedness of the State, and to the indebtedness of the cities and minor civil organizations in the State, is fixed by the State constitution.

1. *State Indebtedness.*—With regard to the State, the regulations controlling and governing debt creation, payment, &c., are found in Sections 4, 5, 6, 11, 12, 13 and 14 of Article IX of the constitution. They are:

ARTICLE IX, SEC. 4. No debt shall be created by or on behalf of the State except to supply casual deficiencies of revenue, repel invasions, suppress insurrection, defend the State in war, or to pay existing debt; and the debt created to supply deficiencies in revenue shall never exceed, in the aggregate at any one time, one million of dollars; provided, however, that the General Assembly, irrespective of any debt may authorize the State to issue bonds to the amount of fifty millions of dollars for the purpose of improving and rebuilding the highways of the Commonwealth. [this proviso regarding the issue of highway bonds was inserted by constitutional amendment at the Nov. 1918 election.—See V. 107, p. 2393; also V. 108, p. 1533.

[The 1917 Legislature provided for the issuance of $5,000,000 4% bonds for the purpose of repelling invasions, suppressing insurrections and defending the State in war. The full text of the Act was given in V. 106, p. 622.]

SECTION 5. All laws authorizing the borrowing of money by and on behalf of the State shall specify the purpose for which the money is to be used, and the money so borrowed shall be used for the purpose specified, and no other.

SECTION 6. The credit of the Commonwealth shall not be pledged or loaned to any individual, company, corporation or association, nor shall the Commonwealth become a joint-owner or stockholder in any company, association or corporation.

SECTION 11. To provide for the payment of the present State debt, and any additional debt contracted as aforesaid, the General Assembly shall continue and maintain the sinking fund sufficient to pay the accruing interest on such debt, and annually to reduce the principal thereof by a sum not less than two hundred and fifty thousand dollars; the said sinking fund shall consist of the proceeds of the sales of the public works, or any part thereof, and of the income or proceeds of the sale of any stocks owned by the Commonwealth, together with other funds and resources that may be designated by law, and shall be increased from time to time by assigning to it any part of the taxes or other revenue of the State not required for the ordinary and current expenses of government, and unless in case of war, invasion or insurrection, no part of the said sinking fund shall be used or applied otherwise than in the extinguishment of the public debt.

SECTION 12. The moneys of the State, over and above the necessary reserve, shall be used in the payment of the debt of the State, either directly or through the sinking fund, and the moneys of the sinking fund shall never be invested in or loaned upon the security of anything except the bonds of the United States or of this State.

SECTION 13. The moneys held as necessary reserve shall be limited by law to the amount required for current expenses, and shall be secured and kept as may be provided by law. Monthly statements shall be published, showing the amount of such moneys, where the same are deposited, and how secured.

SECTION 14. The making of profit out of the public moneys, or using the same for any purpose not authorized by law, by any officer of the State, or member or officer of the General Assembly, shall be a misdemeanor, and shall be punished as may be provided by law; but part of such punishment shall be disqualification to hold office for a period of not less than five years.

(2) *County and Municipal Indebtedness.*—Under the laws of Pennsylvania the power to create county loans is in the Board of County Commissioners, which consists in each county of three persons, elected biennially under the minority system of voting, by which the minority party in each county usually has one member of the Board.

In cities and boroughs the power to create indebtedness is vested in councils, municipal debts being created by ordinance.

The creation of county, city and other municipal indebtedness is subject to the following constitutional limitations:

ARTICLE IX, SEC. 7. The General Assembly shall not authorize any county, city, borough, township or incorporated district to become a stockholder in any company, association or corporation, or to obtain or appropriate money for, or to loan its credit to, any corporation, association, institution or individual.

SECTION 8 (as amended Nov. 2 1915—See V. 101, p. 1207 and Nov. 2 1920)—The debt of any county, city, borough, township school district or other municipality or incorporated district, except as provided herein and in Section 15 of this Article, shall never exceed seven per centum upon the assessed value of the taxable property therein, but the debt of the city of Philadelphia may be increased in such amount that the total city debt of said city shall not exceed ten per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the consent of the electors thereof at a public election in such manner as shall be provided by law. In ascertaining the borrowing capacity of said city of Philadelphia, at any time, there shall be excluded from the calculation during the year immediately preceding the time of such ascertainment and such capitalization shall be estimated by ascertaining the principal amount which would yield such annual current net revenue, at the average rate of interest, and sinking fund charges payable upon the indebtedness incurred by said city for such purposes, up to the time of such ascertainment. The method of determining such amount so to be deducted, may be prescribed by the General Assembly.

In incurring indebtedness for any purpose the city of Philadelphia may issue its obligations maturing not later than fity years from the date thereof, with provision for a sinking fund sufficient to retire said obligation at maturity, the payments to such sinking fund to be in equal or graded annual or other periodical installments. Where any indebtedness shall be or shall have been incurred by said city of Philadelphia for the purpose of the construction or improvement of public works of any character from which income or revenue is to be derived by said city, or for the reclamation of land to be used in the construction of wharves or docks owned or to be owned by said city, such obligations may be in an amount sufficient to provide for and may include the amount of the interest and sinking fund charges accruing and which may accrue thereon throughout the period of construction and until the expiration of one year after the completion of the work for which said indebtedness shall have been incurred; and said city shall not be required to levy a tax to pay said interest and sinking fund charges as required by section ten of article nine of the Constitution of Pennsylvania until the expiration of said period of one year after the completion of said work.

SECTION 9. The Commonwealth shall not assume the debt, or any part thereof, of any city, county, borough or township, unless such debt shall have been contracted to enable the State to repel invasion, suppress domestic insurrection, defend itself in time of war, or to assist the State in the discharge of any portion of its present indebtedness.

SECTION 10. Any county, township, school district or other municipality incurring any indebtedness shall, at or before the time of so doing, provide for the collection of an annual tax sufficient to pay the interest, and also the principal thereof within thirty years.

SECTION 15—At the election in Nov. 1913 the voters approved an amendment which adds Section 15 to Article IX and provides that no obligations issued, or which may hereafter be issued, by any county or municipality, other than Philadelphia, to provide for the construction or acquisition of water-works, subways, underground railways or street railways, or the appurtenances thereof, shall be considered as a debt of a municipality, within the meaning of Section 8 of Article IX, or of this amendment, if the net revenue derived from said property for a period of five years, either before or after the acquisition thereof, or, where the same is constructed by the county or municipality, after the completion thereof, shall have been sufficient to pay interest and sinking fund charges during said period upon said obligations, or if the said obligations shall be secured by liens upon the respective properties and shall impose no municipal liability. Where municipalities or counties shall issue obligations to provide for the construction of property, as herein provided, said municipalities or counties may also issue obligations to provide for the interest and sinking fund charge accruing thereon until said properties shall have been completed and in operation for a period of one year; and said municipalities and counties shall not be required to levy a tax to pay said interest and sinking fund charges, as required by Section 10, of Article IX, until after said properties shall have been operated by said counties or municipalities during said period of one year. Any of the said municipalities or counties may incur indebtedness in excess of 7%, and not exceeding 10% of the assessed valuation of the taxable property therein, if said increase of indebtedness shall have been assented to by three-fifths of the electors voting at a public election in such manner as shall be provided by law.

The Legislature in 1917 passed an Act requiring all counties, cities, boroughs, townships, school districts, &c., to sell any bonds or other securities issued by them to the highest bidder, after due public notice. See V. 106, p. 622.

An Act was approved by the Legislature in 1917 validating certain elections of counties, cities, boroughs, townships, school districts and other incorporated districts, held pursuant to the provisions of an Act, approved April 20 1874, entitled "An Act to regulate the manner of increasing the indebtedness of municipalities, to provide for the redemption of the same, and to impose penalties for the illegal increase thereof," and the amendments thereto, and validating bonds issued or authorized to be issued in pursuance of such elections. See V. 105, p. 2472.

TAXATION OF MUNICIPAL AND SCHOOL BONDS.—All bonds issued by municipalities, counties and school districts in Pennsylvania are subject to a State tax of four mills, which is paid by the place issuing the bonds and deducted from the remittance of interest to the bondholder, unless the bonds are issued as "tax-free," when the municipality itself assumes the tax. See V. 93, p. 359.

SCHOOL CODE.—The school laws of this State were codified in the new School Code approved May 18 1911. One of the important provisions of this law is (Sec. 506) that the Directors of school districts may incur debt and issue bonds "only at the time of assessing and levying the annual school taxes." Thus school bonds can only be issued at the time of the school tax levy, which must be in April or May.

SAVINGS BANKS INVESTMENTS—POWERS AND RESTRICTIONS.—Philadelphia is, we believe, entitled to the distinction of starting the first savings institution in the United States. The name this association bore was the "Philadelphia Savings Fund Society," and it still exists, bearing the same name. Originally the bank was not incorporated, but was a voluntary organization, such societies in Great Britain being at the time of a like character. The date of the organization was November 27 1816, and the bank was opened for business Dec. 2 1816. The oldest ledger of the company goes back to the time of opening, and shows a deposit on that day (December 2 1816) of five dollars. The company was not incorporated until February 25 1819. The second savings institution in the State, however, did not come into existence until 1847. In 1889 a general law facilitating the incorporation of savings banks was passed by the Legislature. Still, the report of the Banking Department of Dec. 31 1920 shows that the total number of savings banks within the State was only ten. The aggregate deposits of these banks at that date was $302,561,714.49.

The provisions of the special charters are all liberal as to investments. A law passed in 1885, and a supplement of the same passed in 1889, authorizing the extension for twenty years of special charters, contains the following:

"*Provided also*, that no * * * Savings Institution or Savings Bank having no capital stock, renewing or extending its charter, corporate rights and franchises, under the provisions of this Act, shall thereafter be allowed the privileges of a bank of discount, nor be allowed to loan any money received on deposit, *except* upon first mortgage or lien upon real estate within this Commonwealth, upon the bonds or securities of the United States or of this State, or upon county, city, borough, township or school bonds of any county, city, borough, township or school district, *or any other good and valid securities*."

Authority to loan on any "good and valid security" appears to confer about as broad a discretion upon the managers as could be expressed in a statute.

In 1897 an Act was passed allowing savings institutions and savings banks chartered under Special Acts to invest in Pennsylvania county and municipal bonds, notwithstanding any provisions of their charters. The law follows:

CHAPTER 77, LAWS OF 1897.—From and after the passage of this Act all provident institutions, savings institutions and savings banks, chartered under Special Acts of this Commonwealth of Pennsylvania, may, notwithstanding any provisions of their charter, loan the moneys received by them on deposit upon the bonds of any county, city, borough, township or school district within this Commonwealth issued pursuant to the authority of any law of this Commonwealth for the payment of which the faith and credit of the municipality issuing them are pledged.

It was not until 1889, as already stated, that a general law facilitating the organization of savings institutions was passed. The following is section 17, which contains the investment limitations; we would especially direct attention to subdivision four of this section:

SECTION 17.—It shall be lawful for the trustees of any savings bank to invest money deposited therein only as follows:

(1) In the stocks or bonds or interest-bearing notes or the obligations of the United States, or those for which the faith of the United States is pledged to provide for the payment of the interest and the principal.

(2) In the stocks or bonds of the Commonwealth of Pennsylvania bearing interest.

(3) In the stocks or bonds of any State in the Union that has not within ten years previous to making such investments, by such corporation, defaulted in the payment of any part of either principal or interest of any debt authorized by any Legislature of such State to be contracted.

(4) In the stocks or bonds of any city, county, town or village of any State of the United States issued pursuant to the authority of any law of the State, or in any interest-bearing obligations issued by the city or county in which such bank shall be situated.

(5) In bonds and mortgages on unincumbered, improved real estate situated in this State.

The next section (18) relates to the temporary deposit of funds in banks and trust companies. It makes it lawful to deposit temporarily in banks or trust companies the excess of current daily receipts over the payments until such time as the same can be judiciously invested in the securities named above.

FEDERAL FARM LOAN BONDS.—Measures were passed by the 1917 Legislature and approved by the Governor on April 5 1917 making farm loan bonds legal investments for savings banks, savings institutions, and also executors, administrators, guardians and other trustees. See V. 104, p. 1722.

PHILADELPHIA. J. Hampton Moore, Mayor; Will B. Hadley, City Controller.
Philadelphia, co-extensive with the county of the same name, is the third largest city of the U. S., and has an area of nearly 130 square miles. The city was founded in 1682 by William Penn, chartered in 1787, and consolidated in 1854 with numerous outlying districts and boroughs. Many sections of the city of Philadelphia still retain their old names and are constantly referred to as such. Among these may be mentioned Germantown, Manayunk, Frankford, Bridesburg, Roxborough, West Philadelphia, Richmond, &c., &c. The county is under city control and has no separate debt.

Registered loans overdue and outstanding Jan. 1 1921---$17,350
INT. payable at Philadelphia Nat. Bank, Phila., Pa.
TAX-FREE.—All bonds are exempt from tax to holders.
TOTAL DEBT, SINKING FDS., &c.—The subjoined statement shows Philadelphia's total municipal debt. [By a decision of the Supreme Court of Pennsylvania, filed May 31 1894, it is held that, within the meaning of the word "Debt" in Section VIII, Article IX, of the Constitution of Pennsylvania, the real debt of the city is the authorized debt less the amount of the city certificates purchased and uncanceled in the sinking fund.]

Funded debt Jan 1 1921	$184,392,500
Floating debt (mtge., ground rents, &c.)---	200,561
Awards of juries and board of view-------	3,128,487
TOT. DT. Jan 1 1921--	187,721,598
Sinking funds-------	39,851,900
Tot. net debt Jan 1 '21-	147,869,698
Cash in and income of sink. fund applicable within present fiscal year to payment of debt Jan 1 1921-----	8,052,586

BORROWING CAPACITY.—The borrowing capacity of the city on May 16 1921 was $41,000,000.
CITY PROPERTY.—The city owns land, buildings, equipment and other permanent improvements valued on Jan. 1 1921 at--$389,856,937
ASSESSED VALUATION, &C.—The following shows the assessed value of property, and the tax rate, for years indicated. Property in this city up to and including 1903 was assessed at about 80% of its actual value. In 1904, however, values were increased to nearly real value, resulting in a decreased tax rate.

Years—	*Assessed Real Estate and Personal*Estate Valuation.*	*Tax rate per $1,000*
1921---------	2,136,922,128	$29.50
1920------	1,942,731,342	28.50
1919------	1,825,386,212	23.50

PHILADELPHIA. J. Hampton Moore, Mayor; Will B. Hadley, City Controller.
Philadelphia, co-extensive with the county of the same name, is the third largest city of the U. S., and has an area of nearly 130 square miles. The city was founded in 1682 by William Penn, chartered in 1787, and consolidated in 1854 with numerous outlying districts and boroughs. Many sections of the city of Philadelphia still retain their old names and are constantly referred to as such. Among these may be mentioned Germantown, Manayunk, Frankford, Bridesburg, Roxborough, West Philadelphia, Richmond, &c., &c. The county is under city control and has no separate debt.

Registered loans overdue and outstanding Jan. 1 1921---$17,350
INT. payable at Philadelphia Nat. Bank, Phila., Pa.
TAX-FREE.—All bonds are exempt from tax to holders.
TOTAL DEBT, SINKING FDS., &c.—The subjoined statement shows Philadelphia's total municipal debt. [By a decision of the Supreme Court of Pennsylvania, filed May 31 1894, it is held that, within the meaning of the word "Debt" in Section VIII, Article IX, of the Constitution of Pennsylvania, the real debt of the city is the authorized debt less the amount of the city certificates purchased and uncanceled in the sinking fund.]

Funded debt Jan 1 1921	$184,392,500
Floating debt (mtge., ground rents, &c.)---	200,561
Awards of juries and board of view-------	3,128,487
TOT. DT. Jan 1 1921--	187,721,598
Sinking funds----------	39,851,900
Tot. net debt Jan 1 '21-	147,869,698
Cash in and income of sink. fund applicable within present fiscal year to payment of debt Jan 1 1921-----	8,052,586

BORROWING CAPACITY.—The borrowing capacity of the city on May 16 1921 was $41,000,000.
CITY PROPERTY.—The city owns land, buildings, equipment and other permanent improvements valued on Jan. 1 1921 at--$389,856,937
ASSESSED VALUATION, &C.—The following shows the assessed value of property, and the tax rate, for years indicated. Property in this city up to and including 1903 was assessed at about 80% of its actual value. In 1904, however, values were increased to nearly real value, resulting in a decreased tax rate.

Years—	*Assessed Real Estate and Personal*‡ *Estate Valuation.*	*Tax rate per* $1,000
1921---------	2,136,922,128	$29.50

PITTSBURGH. E. S. Morrow, Comp.
This city, now known as "Greater Pittsburgh," is situated in Allegheny County. Legislature of 1905 passed an Act providing for the annexation of Allegheny; on Nov. 18 1907 the U. S. Supreme Court held the law valid (V. 85, p. 1352), and annexation became effective Dec. 9 1907. The boroughs of Sheraden and Montooth were also annexed in 1907. Beechview annexed on Jan. 1 1909. At an election held Dec. 9 1919—V. 109, p. 2282—the voters of the Borough of Spring Garden voted for annexation to the City of Pittsburgh. Chartiers Twp. on Dec. 14 1920, voted for annexation. All bonds issued in coupon form with privilege of registration.
On July 3 1915 the State Supreme Court handed down a decision bearing upon the computation of debt subject to the 2% limit or "councilmanic" debt, that is, debt incurred by the City Council without a vote of the electors, as distinguished from "electoral" debt, which is not subject to the 2% limit. See "Chronicle" of Aug. 7 1915, page 465. The constitutional limit for all debt is 7%. "English Act" cases affirmed by State Supreme Court on May 22 1916, see "Chronicle" of June 10 1916, page 2180.

State of Delaware.

ITS

DEBT, RESOURCES, ETC.

Admitted as a State—One of Original Thirteen
Total area of State (square miles)—2,050
State Capital—Dover
Governor (term expires Jan. 1925)—Wm. D. Denney
Sec'y of State (term expires with Gov.)—A. R. Benson
Treasurer (term expires Jan. 1923)—George M. Fisher
Auditor (term expires Jan. 1923)—Daniel Thompson
Att'y-Gen. (term exp. with Gov.)—Sylvester D. Townsend, Jr.

LEGISLATURE meets biennially in odd years on the first Tuesday in January, and pay is limited to 60 days.

HISTORY OF DEBT.—The historical details of Delaware's State debt from 1865 to 1894 will be found in the "State and City Supplement" of April 1894, page 72. The present extent and condition of the debt and resources of the State are given below, showing that Delaware now holds good assets more than equaling its liabilities.

Cer. to Delaware College.

(Optional any time.)

INTEREST.—On bonds of 1906 is payable at the office of School Fund Trustee; refunding bonds of 1897 at the Philadelphia National Bank in Philadelphia; on $230,000 4s, $600,000 4½s and $1,500,000 4½s at the Farmers' Bank of Dover; on Hospital and farm-purchase 4s and Women's College impt. bonds at the Farmers' Bank in Wilmington.

TOTAL DEBT, &c.—The total liabilities on Jan. 10 '21 were $3,056,785. The assets on Jan. 10 1921 were $5,009,522 11; assets in excess of liabilities, $1,952,737 11. The total assets include bank stocks, $769,622 (market value); mortgages on railroads, $385,000; bonds, $464,285; real estate, $1,605,000, and cash in treasury, $1,785,115 11.

ASSESSED VALUATION.—The total assessed valuation of the State in 1914 was $108,439,104. No assessment for State purposes since then. No assessment is made inasmuch as there is no direct State tax in Delaware. The nearest approach to a total for the State is to take the County assessments for county purposes. For 1920 the aggregate of these county assessments was $209,288,049.

DEBT LIMITATION.—Neither the new constitution (adopted June 4 1897) nor the State statutes contain any general provisions authorizing bond issues or limiting the debt-making power, *except* that the new constitution—

(1) Forbids the State (Article 8, Sec. 3) to borrow money or create debt, "but pursuant to an Act of the General Assembly passed with the concurrence of three-fourths of all the members elected to each House, except to supply casual deficiencies, repel invasion, suppress insurrections, defend the State in war or pay existing debts."

(2) Forbids any county, city, town or other municipality (Article 8, Sec. 8) to "lend its credit or appropriate money to, or assume the debt of, or become a shareholder or joint owner in, or with, any private corporation or any person or company whatever."

(3) Forbids any corporation (Article 9, Sec. 1) to be created, &c., by Special Act, "but only by or under general law"; "but the foregoing provisions shall not apply to municipal corporations, banks," &c.

The above indicates that the authority as regards municipalities [except as already specified in number (2)] rests with the General Assembly, and the General Assembly always passes Special Acts to provide for special occasions and needs.

INVESTMENT OF TRUST FUNDS.—Chapter 226, Section 3, of the Laws of 1909 provides as follows:

Sec. 3.—Excepting where instruments creating trusts prescribe otherwise, trustees named in wills or appointed by the Chancellor may hereafter invest the funds of thier trusts in securities of the following classes and kinds, viz.:

(*a*) Stocks and bonds and interest-bearing obligations of the United States for which the faith and credit of the United States are pledged to provide for the payment of the interest and principal thereof, including the bonds of the District of Columbia;

(*b*) Stocks and bonds and interest-bearing obligations of the State of Delaware and of any other State of the United States, issued pursuant to the authority of the law relating thereto;

(*c*) Stocks and bonds of any county of the State of Delaware and of any county of any State of the United States, issued pursuant to the authority of the law relating thereto;

(*d*) Stocks and bonds of any school district of the State of Delaware, issued for school purposes and pursuant to the authority of the law relating thereto;

(*e*) Stocks and bonds and interest-bearing obligations of any incorporated city or town of the State of Delaware or of any of the States of the United States, issued pursuant to the authority of the law relating thereto, for the payment of which the faith and credit of the municipality issuing the same are pledged;

(*f*) Bonds of either natural persons or corporations, secured by first mortgage on productive real estate, free from prior encumbrances;

(*g*) Bonds of railroads, transportation and public service corporations, secured by mortgage upon the property, plants and systems of such corporations;

(*h*) Collateral trust bonds of railroads, transportation and public service corporations, where the same are secured by guaranteed underlying stocks (or bonds secured thereby), when no default in the payment of installments of principal or of interest for more than ninety days after the same has become due, has occurred in connection therewith, within a period of ten days preceding the investment of trust funds therein;

(*i*) Car trust certificates and equipment trust bonds;

(*j*) Underlying securities of railroad, transportation and public service corporations, bearing guaranteed dividends, where no default in dividends has occurred after the guaranty;

(*k*) Such other securities as may be approved by the Chancellor.

By the laws of 1911 this section was amended by inserting a proviso that "the foregoing specification of classes of securities in which trustees may invest the funds of their estates, shall not be construed to relieve said trustee fromthe duty of exercising due care in the investment of said funds."

BANK INVESTMENT LIMITATION.—Under Section 13 of the Bank Act, passed by the 1921 Legislature, it is provided: "No bank or trust company shall invest more than twenty-five per centum of its total capital, surplus and undivided profits in the stock, bonds, or other obligations of any one corporation or political, entity or political division except bonds or other obligations of the United States, or of the State of Delaware, or of any county, city, town, or school district in the State."

TAXATION OF BONDS.—The Secretary of State advised us Dec. 18 1911 that "no law has been passed relative to taxation of bonds and notes, therefore they are exempt from taxation."

POPULATION OF STATE.—

TOTAL DEBT, SINKING FUND, ETC.—The subjoined statement shows Maryland's total State debt and the sinking fund held by the State against the same on the dates named.

	Sept. 30 '20.	Sept. 30 '19.	Sept. 30 '18.	Sept. 30 '17.
Total funded debt	$28,364,880	$28,173,880	$28,983,880	$27,448,881
Sinking fund, &c	c10,021,004	b9,113,575	a9,731,246	†8,792,898
Net debt	$18,343,876	$19,060,305	$18,252,634	$18,655,983

† Sept. 30 1927 the "sinking fund, &c.," was composed of a $1,500,000 mortgage and $7,292,898 of stocks, bonds and cash. *a* Sept. 30 1918 was composed of $1,500,000 mortgage and $8,231,246.29 of stocks, bonds and cash. *b* Sept. 30 1919 it was composed of $1,500,000 mortgage bonds of the Northern Central Ry. Co. and $7,613,575 stocks, bonds and cash. *c* Sept. 30 1920 it was composed of $1,500,000 mortgage bonds of the Northern Central Ry. Co., and $8,521,004 stocks, bonds and cash.

As against the net debt of $18,343,816 Sept. 30 1920, the State has as an offset her unproductive stocks, amounting to $1,272,026.99, and her productive assets of $4,481,160.99 (including the $1,500,000 Northern Central Ry. mtge.), due from Accounting Officers and Incorporated Institutions.

The receipts of the State for the year ending Sept. 30 1920 amounted to $13,083,601.04; balance in treasury Oct. 1 1920, $2,445,716.94; total, $15,529,317.98; disbursements, $12,304,346.04. Overdraft of cash in funds account, $24,140.56. The cash balance in the treasury on Sept. 30 1920 amounted to $3,200,831.38.

ASSESSED VALUATION, ETC.—The following table shows the total funded debt, available assets, assessed valuation and tax rate.

Years—	Total Funded Debt.	Available Assets.	Total Assessed Valuation.	Tax Rate per $1,000
1920	$28,364,880	$10,021,004	$1,518,706,078	$3.657
1919	28,173,800	9,113,575	1,379,317,274	3.657
1918	28,983,880	9,731,246	1,369,324,009	3.657
1917	27,448,881	8,792,898	1,189,992,332	3.64
1916	26,285,881	8,516,267	1,182,456,531	3.23
1915	22,785,881	7,710,589	1,092,993,576	3.23½
1914	19,685,881	7,466,305	1,026,076,735	3.10
1913	16,685,096	8,294,153	1,007,881,475	3.10
1912	13,028,096	7,201,837	979,309,976	2.325
1911	10,428,926	6,693,850	951,926,271	2.20
1910	7,529,926	6,308,950	836,665,067	1.60
1905	8,526,926	5,439,047	712,455,956	2.35
1900	6,309,326	3,424,057	616,719,782	1.77½
1895	8,864,986	5,679,733	534,930,476	1.77½
1890	10,691,124	6,278,907	482,184,824	1.77½
1880	11,277,110	3,649,442	459,187,408	1.87½

DEBT LIMITATION.—There are three provisions in the Constitution of Maryland relating to the power of the Legislature to authorize bond issues.

The first provision is contained in Art. 3, Sec. 34 of the Constitution. This prohibits the Legislature from contracting any debt, unless the law authorizing the same provides for the collection of annual taxes sufficient to pay the interest as it falls due, and also to discharge the principal within 15 years. The same Act provides that the credit of the State shall not in any manner be given or loaned to or in aid of any individual, association or corporation, and that the Legislature shall not have the power in any mode to involve the State in the construction of works of internal improvement, nor in granting any aid thereto which shall involve the faith or credit of the State. The Legislature may, however, without laying a tax, borrow an amount not to exceed $50,000 to meet temporary deficiencies in the Treasury, and may contract debts to any amount that may be necessary for the defense of the State.

The second provision is contained in Article 3, Section 54 of the Constitution. This provision prohibits any county of the State from contracting any debt in the construction of any railroad, canal or other work of internal improvement, and from giving or loaning its credit to or in aid of any association or corporation, unless the same is authorized by an Act of the Legislature.

The third provision is contained in Article 11, Section 7 of the Constitution, and it prohibits the Mayor and City Council of Baltimore from creating any debt, or giving or loaning its credit to or in aid of any individual, association or corporation, or making any appropriation for works of internal improvement, unless such debt or credit is authorized by an Act of the Legislature, and also by an ordinance of the city submitted to and approved by a majority of the voters of the city. The city of Baltimore is, however, authorized temporarily to borrow any amount of money to meet any deficit in the city treasury, or to provide for any emergency arising from the necessity of maintaining the police or preserving the safety and sanitary condition of the city.

No general limit of indebtedness is prescribed for the State or for cities or counties. Nor is there in the statutes any general authorization under which the State or the cities or counties can issue bonds. The power is lodged in the Legislature, subject only to the aforegoing constitutional limitations, and it is delegated to the cities and the counties, from time to time, for specific purposes as the occasion may arise. It is, therefore, necessary for the investor to study the provisions of the particular law providing for each loan in the light of the constitutional limitations aforesaid.

REASSESSMENT ACT OF 1916 UPHELD BY COURT OF APPEALS.—See "Chronicle" of Sept. 23 1916, page 1143.

EXEMPTION FROM TAXATION.—An Act of the Maryland Legislature (Chapter 43 , approved March 12 1914, exempts from all taxation for the year 1914 and thereafter, all bonds or other obligations hereafter to be issued by the State or any county, city or municipal corporation, or other political sub-division, and all such securities heretofore issued by any county or municipal corporation which have been sold under terms rendering such county, city or municipal corporation liable for the State tax thereon The Act was printed in full in V. 99, p. 1238.

SAVINGS BANKS INVESTMENTS.—The law regulating the way in which savings institutions in the State of Maryland are permitted to invest their deposits is contained in Section 33 of the 1910 Banking Law of Maryland, which provides that "Every savings institution existing under the laws of the State of Maryland, or which may hereafter be incorporated, transacting strictly a savings bank business, shall be capable of receiving from any person or persons, or bodies corporate or politic, any deposit of money, which shall be invested or loaned out on good security, in the discretion of the directors; provided, no part of the funds of such corporation shall be loaned to any officer, director or employee thereof. The deposits in any savings institution may be withdrawn at such time and in such manner as its by-laws may permit, but such institution may at any time require a depositor to give a notice, not exceeding ninety days, of his intention of withdrawing the whole or any part of his deposit." There are a number of State banks in Maryland which have the word "savings" in their title, but which are not really mutual savings banks but are State banks with a capital stock. The majority of these were incorporated under special charters prior to the enactment of the 1910 law, which specifically states that "no savings institution or savings bank hereafter incorporated shall have any capital stock, but shall be a mutual association, provided that nothing in this article shall prohibit any savings institution, or savings bank, now in existence, and having capital stock, from increasing its capital stock, as provided by the Public General Laws of this State."

FARM LOAN BONDS.—In 1917 the State Legislature passed an Act providing for and making legal the investment of trust, fiduciary, savings and other public and private funds in the State of Maryland in Federal Farm Loan bonds. For full text of law see V. 105, p. 951.

POPULATION OF STATE—

1920---1,449,661	1880--- 934,943	1840-----470,019	1810-----380,546
1910---1,295,346	1870-----780,894	1830-----447,040	1800-----341,548
1900---1,188,044	1860-----687,049	1820-----407,350	1790-----319,728
1890---1,042,390	1850-----583,034		

Of the total population in 1880, 22.49% was colored; in 1890, 20.92%; in 1900, 19.8%, and in 1910, 17.9%. In number, blacks were 165,091 in 1850, 171,131 in 1860, 175,391 in 1870, 210,230 in 1880, 218,004 in 1890, 235,064 in 1900 and 232,249 in 1910.

* Payable on or after this date at option of city.

a Entire amount held in sinking funds and extended at 4% from July 1 1916, under the option contained in ordinance authorizing the loan.

INTEREST on all Baltimore City stock is payable by check mailed direct to the holder. Checks will be made payable either in New York or Baltimore, at the holder's option.

TAX-EXEMPT.—With the exception of the Western Maryland 1927 loan, the bonds are exempt from State of Maryland taxes. None of the bonds are liable for city taxes.

TAX-EXEMPTION FEATURE FOR CORPORATION PURPOSES ON INVESTNENTS IN CITY LOANS ABOLISHED.—By Chapter 467 of the Laws of 1906, the right of corporations holding investments in stock debt of the City of Baltimore to receive a credit on their taxes to the extent of their investment in such debt is taken away on certain future issues of bonds, even though the city may pay the annual State tax on such debt. The law provides that no credit shall be allowed to any such corporation by reason of any investments in the "stock debt of the city of Baltimore that shall be hereafter issued under the loans authorized by Chapters 274, 338 and 349 of the Acts of the General Assembly of Maryland for 1904, known as the Annex, Park Extensions and Sewer Loans, respectively, or under any other loans that may be hereafter authorized by the General Assembly of Maryland; *provided*, however, that a credit shall be allowed to any such corporation by reason of its ownership of Baltimore City Burnt District Loan Stock, issued under Chapter 468 of the Acts of 1904, the Water Loan issued under Chapter 246 of the Acts of 1902 and the Conduit Loan issued under Chapter 246 of the Acts of 1902, whether heretofore or thereafter issued."

TOTAL DEBT, SINK. FUND, &c.	Dec. 31 '20.
Gross water debt	$10,351,100

Funded debt	$85,735,779
Sinking fund (other than water)	30,372,213
Net general debt	$55,363,566
Total bonded debt	$96,086,879
Total sinking funds	33,919,391
Net gen. & water debt	$62,167,488

The city's holdings in the Western Maryland were sold in June 1902 for $8,751,370 45. V. 74, p. 999. The disposition made of this sum was fully given in V. 75, p. 202—$4,263,000 being deposited with several local banks and trust companies for a fixed period of 25 years at 3¼% interest, and $65,909.66 invested in city loans, these sums being set aside to meet the Western Maryland bonds for the payment of which the city is responsible. The remainder was deposited at 3½%, subject to withdrawal on 30 days' notice, and was withdrawn after the city's great conflagration in 1904.

Against the net debt, which on Dec. 31 '20 was $62,167,488, the city reported productive assets amounting to $24,513,004.

On Dec. 31 1920, besides the above assets, the city held unproductive assets to the amount of $5,000,000, representing the cost of the new Court House and City Hall. The value of city property, excluding the new Court House and City Hall, was $15,000,000.

Treasurer (term exp. 2d Mon. Jan. 1923) Rudolph W. Archer
Attorney-General .....John G. Price

LEGISLATURE.—Legislature meets biennially in odd years on the first Monday in January. There is no limit to length of sessions.

HISTORY OF DEBT.—For historical details of Ohio's State debt from 1825 to 1894 see "State and City Supplement" of April 1894, page 75.

TOTAL DEBT, ETC.—With the exception of $1,665 domestic loan bonds, interest on which has ceased, Ohio has no funded State debt at present, the last $200,000 bonds having been retired on July 1 1903. The total bonded debt on Nov. 15 1902 was $201,665; in 1901 it was $451,665; in 1900 was $701,665; in 1885, $3,720,229; in 1880, $6,476,805; in 1871, $9,022,721; in 1861, $14,897,273; in 1851, $17,563,329.

COMPARATIVE STATEMENT OF THE STATE AND LOCAL DEBTS.

	June 30 '20.	*June* 30 '19.	*June* 30 '18.
Funded State debt (loans)	$*1,665	$*1,665	$*1,665

1900	1,274,203,721	559,849,507	1,834,053,228
1890	1,232,305,312	543,833,165	1,778,138,477
1880	1,102,049,931	456,166,134	1,558,215,965
1870	707,846,836	459,884,861	1,167,731,697
1860	639,894,311	248,408,290	888,302,601
1850	341,389,838	98,487,502	439,876,340
1840	85,287,261	27,038,895	112,326,156
1830	50,086,250	14,589,335	64,675,578

*Property assessed at full value (*see note below*).

State tax (per $1,000) for 1901, $2.90; 1903, 1904 and 1905 was $1.35; for 1906, 1907, 1908, 1909 and 1910, 1911, $1.345; 1912, 1913, $0.451; 1914, $0.961; 1915, 1916, 1917, 1918, 1919, $0.45, and 1920, $0.65; 1921, $2.30. The increase in the tax rate for 1921 is caused by additional school levy.

In order to raise sufficient revenue under these decreased rates of taxation, assessment of property was generally raised to its full value beginning with 1911.

COINCIDENTAL TAX AMENDMENT. Section 2 of Article XII., which took effect Jan. 1 1913, requires the taxing authority of any political subdivision of the State proposing to issue bonds to provide at the time the issue of bonds is authorized for levying and collecting annually by taxation an amount sufficient to pay the interest on the bonds proposed to be issued and to provide for their final redemption at maturity. See V. 98, p. 704, for Supreme Court decision concerning this section.

CLASSIFICATION TAX INVALID.—Although a constitutional amendment for the classification of property for taxation was adopted by the people on Nov. 5 1918 by a vote of 479,420 "for" to 371,176 "against" (V. 107, p. 2305), the Ohio State Supreme Court on Jan. 28 1919 ruled out all classification of property for taxation. The Court divided four to three. The point at issue was whether the classification amendment as adopted by the people had really become part of the constitution. The majority decision was that it had not, the opinion of the four judges being that it was in irreconcilable conflict with another tax amendment, the so-called Shinn amendment, intended to exempt mortgages from double taxation, and that it was improperly submitted.

Both were proposals to amend the same constitutional section, Section 2 of Article XII. The voters indorsed both, but the Shinn amendment received the larger vote. As a result of this decision the Shinn amendment became a provision in the State constitution and classification was defeated. The Shinn amendment, in providing for exemption of mortgages from double taxation, retained the language now in the constitution, that property shall be taxed by uniform rule. The classification amendment provided for classifying. Plainly both could not prevail when considered in connection with the whole section of the constitution. That was the reasoning. V. 108, p. 698.

TAXATION OF MUNICIPAL BONDS.—State and municipal bonds issued since Jan. 1 1913 are taxable under Sec. 2 of Article XII of the State constitution. Issues made prior to Jan. 1 1913 are exempt from taxation. A constitutional amendment exempting from taxation municipal bonds issued subsequent to Jan. 1 1916 was defeated Nov. 2 1915.

DEBT LIMITATION.—*FIRST, As to the State's power to contract debt*; this is regulated under the first five sections of Article 8 of the constitution. We insert these five sections in full.

SECTION 1. (*Debt Limited to Seven Hundred and Fifty Thousand Dollars.*) The State may contract debts to supply casual deficits or failures in revenues or to meet expenses not otherwise provided for; but the aggregate amount of such debts direct and contingent, whether contracted by virtue of one of more Acts of the General Assembly, or at different periods of time, shall never exceed $750,000; and the money arising from the creation of such debts shall be applied to the purpose for which it was obtained or to repay the debts contracted and to no other purpose whatever.

SECTION 2. (*Additional and for What Purpose.*) In addition to the above limited power, the State may contract debts to repel invasion, suppress insurrection, defend the State in war, or to redeem the present outstanding indebtedness of the State; but the money arising from the contracting of such debts shall be applied to the purpose for which it was raised or to repay such debts, and to no other purpose whatever; and all debts incurred to redeem the present outstanding indebtedness of the State shall be so contracted as to be payable by the sinking fund hereinafter provided for, as the same shall accumulate.

SECTION 3. (*The State to Create No Other Debt.*) Except the debts above specified in Sections 1 and 2 of this article, no debt whatever shall hereafter be created by or on behalf of the State.

SECTION 4. (*Credit of State; the State Shall Not Become Joint Owner or Stockholder.*) The credit of the State shall not in any manner be given or loaned to or in aid of, any individual, association or corporation whatever; nor shall the State ever hereafter become a joint owner or stockholder in any company or association in this State, or elsewhere, formed for any purpose whatever.

SECTION 5. (*No Assumption of Debts by the State.*) The State shall never assume the debts of any county, city, town or township, or of any corporation whatever, unless such debts shall have been created to repel invasion, suppress insurrection, or defend the State in war.

SECOND, As to Cities, Towns, Counties, &c., so far as the constitution affects the power of the Legislature to authorize these municipalities to create debt, the limitations are found in Section 6 of Article 8 and in Sections 1, 2 and 6 of Article 13. (1) Section 6 of Article 8 forbids the General Assembly to authorize cities, &c., to become stockholders in or to raise money or loan credit to aid corporations, &c. (2) Sections 1 and 2 of Article 13 forbid the passing of Special Acts and require General Acts for conferring corporate powers. (3) Section 6 of Article 13 provides that the General Assembly make provision for the organization of cities, etc., by general laws and restrict their debt-making power. These sections are as follows:

ARTICLE 8, SECTION 6. (*Counties, Cities, Towns or Townships Not Authorized to Become Stockholders, &c.*) No laws shall be passed authorizing any county, city, town or township, by vote of its citizens, or otherwise, to become a stockholder in any joint-stock company, corporation or association whatever; or to raise money for, or loan its credit to, or in aid of, any such company, corporation or association: *provided, that nothing in this section shall prevent the insuring of public buildings or property in mutual insurance associations or companies. Laws may be passed providing for the regulation of all rates charged or to be charged by any insurance company, corporation or association organized under the laws of this State or doing any business in this State for profit.* [That part of the above section given in italics was added by an amendment adopted Sept. 3 1912. V. 95, p. 766.]

ARTICLE 13, SECTION 1. (*Corporate Powers.*) The General Assembly shall pass no Special Act conferring corporate powers.

SECTION 2. (*Corporations—How Formed.*) Corporations may be formed under general laws; but all such laws may, from time to time be altered or repealed.

SECTION 6. (*Organization of Cities, &c.*) The General Assembly shall provide for the organization of cities and incorporated villages by general laws and restrict their power of taxation, assessment, borrowing money, contracting debts and loaning their credit, so as to prevent the abuse of such power.

One at first sight would infer from Section 6, Article 8, above cited, that cities could not subscribe to the stock of or loan money to railroads, as railroads are corporations and joint-stock companies. That, however, is not a correct conclusion, as was decided in the case of Walker *vs.* The City of Cincinnati, a case which arose under an Act of the General Assembly of Ohio entitled "An Act relating to cities of the first class" authorizing any such city to construct a line of railroad therefrom to any other terminus in that State or in any other State. In pursuance of the authority that Act purports to give, Cincinnati undertook to build the Cincinnati Southern Railroad. To test the legality of that proceeding this action was brought.

The Court's opinion was very full and explicit, the conclusion being that from "the language of the section, it is quite evident that it *was not in-*
"*tended to prohibit the construction of railroads nor indeed to prohibit any*
"*species of public improvements.* The section contains no direct reference to
"railroads nor to any other special classes of improvements or enter-
"prises. The inhibitions are directed only against a particular manner
"or means by which under the constitution of 1802 many public im-
"provements had been accomplished.'

In compliance with Section 6, Article 13 (cited above), which provides for the organization of cities, &c., by general law, the Legislature made an elaborate classification of municipal corporations, which was in existence for years. First they were divided into cities, villages and hamlets. Then cities were divided into two classes, the first class being subdivided into three grades and the second class being subdivided into four grades, the grade being determined by population according to the last Federal Census. In addition many special laws found their way on to the statute books nominally general in their scope but really so worded as to apply to only one city. In June 1902, however, the State Supreme Court handed down several decisions declaring such laws special legislation and therefore unconstitutional. The decisions were considered to be of such broad application that the Governor called an extra session of the Legislature for the purpose of framing a new general municipal code. The extra session convened Aug. 25 1902 and after a session of nearly two months passed a new "municipal code"—a document too lengthy to quote in these columns. We would refer our readers, therefore, to pages 994 and 995 of the "Chronicle," Nov. 1 1902, wherein will be found at length the more salient points of this important measure.

It remains to be said that at the regular session of the Legislature in 1902 an Act popularly known as the "Longworth Omnibus bill" was passed and subsequently upheld by the State Supreme Court. This Act amends Section 2835, 2836 and 2837, Revised Statutes of Ohio, relating to the issuance of bonds by cities, villages and other municipal corporations. Under the new law the municipal boards of legislation, councils, &c., may by two thirds vote issue bonds for *certain specified purposes* to the extent of 1% of the assessed valuation yearly (but not exceeding 4% in the aggregate) without submitting the question to a vote of the people. Bonds issued under this Act in excess of 1% in any one year or in excess of 4% in the aggregate must first be submitted to a vote of the people and carried by two-thirds of those voting on the proposition; but a net debt (bonds less sinking fund) of more than 8% in the aggregate cannot be authorized in any event. The Act as amended in 1906 will be found in the "Chronicle" May 26 1906, page 1224. In May 1910 the law was further amended so as to limit the bonding power of townships and municipal corporations to 5%, instead of 8%, of the tax duplicate. This was done by amending Sections 3942, 3945, 3948 and 3954 of the General Code, making them read as follows:

Sec. 3942. The net indebtedness incurred by any township or municipal corporation for the purposes mentioned in sections 3295 and 3939 of the General Code shall never exceed 2½% of the total value of all the property in such corporation or township, as listed and assessed for taxation, unless the excess of such amount is authorized by vote of the qualified electors of the township or corporation in the manner hereinafter provided.

Sec. 3945. Such limitation of 1% and 2½% hereinbefore prescribed shall not affect bonds lawfully issued for such purposes upon the approval of the electors of the township or corporation.

Sec. 3948. Before any bonds in excess of such limitations of 1% and 2½% are issued and tax levied, the question of issuing them shall be submitted to the voters of the township or corporation at a general or special election.

Sec. 3954. No municipal corporation or township shall create or incur a net indebtedness under the authority of this chapter in excess of 5% of the total value of all the property in such township or corporation as listed and assessed for taxation. Bonds issued in good faith for such purposes which at the time of issue were within the limitations existing at the time of such issue shall be valid obligations of the township or municipal corporation which issued them. In ascertaining the limitations of such 5% and of such 2½%, all such bonds shall be considered except those specifically excluded by Section 3946 of the General Code.

Note.—Some doubts having arisen as to whether old bonds as well as "Longworth" bonds should be counted in figuring the 8% debt limit, a suit was brought and the State Supreme Court in May 1906 held that only such bonds as may have been issued subsequent to the enactment of the "Longworth" bill should be counted in considering the 8% limit provided for in that Act. V. 82, p. 1114. Furthermore, in the amended law of 1906, it is expressly provided that the 8% limit shall apply only to the bonds issued subsequent to the enactment of this Act.

[The Snyder Act, an emergency measure passed by the Legislature April 10 1913, permits the issuance of bonds to repair damage done by the floods of March and April, such bonds *not* to be counted in ascertaining any of the limitations of Sections 3939 to 3954-1 incl. of the General Code. The Act was printed in full in V. 96, p. 1714.]

TAX LIMIT LAW.—The original "Smith 1% Law," so-called, passed May 10 1910, was not approved by the Governor, but was allowed to become a law without his signature. (101 O. L. 430.) The original law, in so far as it directly affected tax rates, contained only Sections 5649-1 to 5649-5, incl. (Gen. Code); Sections 5649-3a to Sections 5649-3e (Gen. Code) were added in 1911, and all the sections of the Act except the first one were amended. This Act was approved by the Governor June 2 1911, and it is commonly referred to as the Smith 1% Law. (102 O. L. 266.) It provided:

(*a*) That no more taxes should be levied in any taxing district in 1911 than in 1910;

(*b*) That increased taxes of 6% might be levied in 1912; 9% in 1913 and 12% in any year thereafter.

(*c*) That levies for county purposes should be limited to 3 mills, for municipal purposes to 5 mills, for school purposes to 5 mills and for township purposes to 2 mills. (The Supreme Court held in the case of State vs. Sanzenbacher, 84 O. S., 504, that such limitations for county, municipal, school and township purposes are exclusive of levies for sinking fund purposes, to provide for indebtedness incurred prior to June 2 1911.)

(*d*) That these levies for county, municipal, school and township purposes might be increased by a vote of the people.

(*e*) That the aggregate levy for all purposes shall not exceed 10 mills, but sinking fund levies to provide for indebtedness incurred after June 2 1911, by a vote of the people, may be in addition. (The Supreme Court held in the case of the State ex rel. vs. Sanzenbacher *supra* that levies in addition to 10 mills may be made to provide for indebtedness incurred before the passage of the Act.)

(*f*) That the aggregate levy for all purposes, including sinking fund levies and levies authorized by vote, cannot exceed 15 mills.

Amendments.

Sections 5649-2 and 5649-3 (Gen. Code) were amended in 1913 by eliminating from both sections all limitations based upon the amount of taxes levied in 1910.

Section 5649-1 (Gen. Code) as amended provides, in substance, that bonds shall have priority over current expenses in the application of the proceeds of the limited taxes.

Levies under the Cass Road Law are subject to no limitations except the 15 mills and are all to be laid upon municipalities, except the levy authorized by Section 239 of said law—Township Highway Repair Fund.

There are no limitations whatever to the levies that may be made for emergency purposes in the following cases:

Section 7419. For the repair of roads damaged by flood or other casualties.

Section 7630-1. To rebuild or repair school houses wholly or partially destroyed by fire, or other casualty, or condemned by the chief inspector of workships and factories, when approved by a majority of the electors of the school district.

Section 4450 and 4451. To meet the expenses of an epidemic or threatened epidemic.

Section 5629. To rebuild or repair a county infirmary or children's home, wholly or partially destroyed by fire or other casualties.

Section 1259-1. For interest and sinking fund levies made necessary on account of bonds issued to enable a municiplaity to comply with the orders of the State Board of Health in reference to the installation or improvement of its water works. when approved by a majority of the electors of the municipalities.

SAVINGS BANK INVESTMENTS—POWERS AND RESTRICTIONS.—The savings bank laws of Ohio were revised as part of the recodification of the Ohio banking laws in general made at the 1919 session of the Legislature—the new enactment being known as the "Graham Banking Act," which became effective July 11 1919. The provisions regarding savings institutions are contained in Sec. 710-139 and 710-140. We quote these both in full as follows:

710-139. SAVINGS BANK INVESTMENTS, LOANS.

Sec. 710-139. A savings bank may invest its funds in or loan money on, discount, buy, sell or assign promissory notes, drafts, bills of exchange, trade and bank acceptances and other evidences of debts; but all such investments or loans made except those secured by mortgages on real estate or pledge of collateral security shall be upon notes, drafts, bills of exchange, trade or bank acceptances, or other evidences of debt, payable at a time not exceeding six months from the date thereof, but not more than thirty per cent of the capital, surplus and deposits of such bank shall be so invested.

710-140. SAVINGS BANKS, INVESTMENTS

Sec. 710-140. A savings bank may invest its funds in:

(a) The securities mentioned in Section 111 of this Act subject to the limitations and restrictions therein contained; except that investments in real estate securities shall be subject to the restrictions contained in Section 112 of this Act.

(b) Stocks of companies, upon which or the constituent companies comprising the same, dividends have been earned and paid for five consecutive years next prior to the investment; provided, every such investment shall be authorized by an affirmative vote of a majority of the board of directors of such savings bank.

No purchase or investment shall be made in the stock of any other corporation organized or doing business under the provisions of this Act or of the National Banking Act of the United States.

(c) Promissory notes of individuals, firms or corporations when secured by a sufficient pledge of collateral approved by the executive committee or board of directors.

(d) Ground rents or certificates of participation or beneficial ownership in improved lands under lease for a period of not less than twenty-five years from the date thereof, and conditioned that the lessee shall pay all taxes and assessments thereon and keep and maintain said premises in full and complete repair, with insurance in an amount equal to the insurable value of the improvements thereon provide that the aggregate par amount of such rents or certificates shall not exceed the value of the land nor sixty per cent of the total value of the land and improvements. But nothing in this section contained shall prevent the investment in such rents or certificates in unimproved lands, where by the terms of the lease thereof the construction of a new building thereon is provided for and funds have been deposited or will be deposited from the proceeds of the sale of such rents or certificates sufficient for the cost of such construction, and conditioned that such constructoin shall begin within six months thereafter and that the funds so deposited shall be paid out to meet the cost of such construction as the work progresses and for no other purpose.

Under Sub-division (a) above there is a reference to Section 111 and Section 112. We insert here the text of these:

710-111. INVESTMENTS.

Sec. 710-111. A bank may invest its capital, surplus, undivided profits and deposits in the following securities:

(a) Bonds or other interest-bearing obligations of the United States, the Philippines, Hawaii, Porto Rico and the District of Columbia, or those for which the faith of the United States is pledged to provide payment of the interest and principal, and in Farm Loan bonds issued by Federal Land banks and Joint-Stock Land banks.

(b) Bonds or other interest-bearing obligations of any foreign government not at war with the United States since 1900, and of the Dominion of Canada and New Foundland, which has not defaulted in the payment of principal or interest on its bonds or obligations within the period of twenty years last prior thereto.

(c) Bonds or other interest-bearing obligations of any State or Territory of the United States.

(d) Bonds or other interest-bearing obligations of any county, town, township, city, school district, improvement district or sewer district, or other organized or political sub-division in this State.

(e) Bonds or other interest-bearing obligations of any city, town, county or other legally constituted political or taxing subdivision situated in one of the States of the United States, or any cities of the Philippines, Hawaii or Porto Rico, which city, town, county or taxing subdivision has been in existence ten years and which for a period of ten years previously has not defaulted for a period of more than ninety days in the payment of any part of either principal or interest of any debt contracted by it and whose net indebtedness after deducting the amount of its water bonds and bonds issued for other self-sustaining public utilities and the amount of sinking funds which are available for the payment of its bonds or interest bearing obligations other than water bonds and self-sustaining public utilities does not exceed ten per cent of the value of taxable property in such city, town, county or political or taxing subdivision to be ascertained by the valuation of property therein for the assessment of taxes next preceding such investment; provided, that no bonds or other interest-bearing obligations of any such county shall be eligible for investment unless such county has a population of not less than ten thousand inhabitants, and provided that no bonds or other interest-bearing obligations of any such city, town or other political or taxing subdivision shall be eligible for investment unless such city, town or political or taxing subdivision has a population of not less than one thousand inhabitants as ascertained by United States or State census or by any municipal census taken by authority of the State next preceding such investment, and provided further, that tnere shall be eligible hereunder the bonds or other interest-bearing obligations of a political or taxing subdivision which has not been in existence for ten years, but which is erected out of another eligible subdivision or comprises in whole or in part another eligible subdivision or subdivisions or parts of eligible subdivisions if such subdivision shall comply with the other requirements of this paragraph.

But nothing herein contained shall authorize the investment of funds in any special assessment or improvement bonds or other bonds or other interest-bearing obligations which are not the direct obligations of the district issuing same and for which the full faith and credit of the entire district are not pledged.

(f) Bonds or debentures of any Province of the Dominion of Canada.

Bonds or debentures of any city or town or district except school district in the Dominion of Canada having a population of not less than ten thousand inhabitants, as ascertained by official census next preceding such investment and which has not since 1900 defaulted for more than ninety days in the payment of any part of principal or interest of any debt authorized to be contracted by it and which has a net indebtedness exclusive of water debt and bonds issued for other self-sustaining public utilities and the amount of sinking funds available for the payment of its bonds other than water bonds and bonds issued for public utilities, which net indebtedness does not exceed seven per cent of the last valuation of its taxable property for the assessment of taxes preceding such investment, and in all other respects such bonds shall conform to the requirements of Clause E of this section: and in the bonds or obligations of any city, town or district therein unconditionally guaranteed as to payment of principal and interest by the Dominion of Canada or any province thereof.

(g) Bonds of cities of foreign countries that have not been at war with the United States since 1900, having a population of more than one hundred thousand inhabitants, whose net indebtedness does not exceed seven per cent of the last valuation of its taxable property for the assessment of taxes preceding such investment, exclusive of bonds issued for public utilities and sinking funds other than for public utilities and which have not defaulted for more than ninety days on any installment of any part of principal or interest of any debt authorized to be contracted by it for twenty-five years preceding such investment.

(h) Bankers' acceptances of the kind and maturity made eligible by law for re-discount with Federal Reserve banks, provided the same are accepted by a bank incorporated under the laws of this State or any member bank of the Federal Reserve system.

(i) Mortgage bonds, collateral trust bonds, debenture bonds or notes of any regularly incorporated company which, or the constituent companies comprising which for four years (4) prior to the date of purchase has earned over and above all fixed charges other than interest on indebtedness an amount equal to at least double the interest charges which it will be required to pay upon its outstanding obligations; or mortgage bonds, collateral trust bonds, debenture bonds or notes of any regularly incorporated company, which bonds or notes, plus all prior incumbrances are outstanding in an amount not in excess of 50% of the actual value of the property securing said bonds or notes.

(j) Railroad equipment bonds or car trust certificates issued in the United States or Canada, and bonds secured by first mortgage on steel steamships, in an amount not exceeding 50% of the value of such vessels.

(k) Bonds or notes secured by first mortgage on improved real estate as defined in Section 113 hereof of not more than 60% of the value thereof.

All securities as enumerated above, having a fixed maturity shall be charged and entered upon the books of the bank at their cost to the bank, and when a premium is paid therefor an annual amortization charge shall be made thereon so as to bring the cost of same to the face value of said bonds at maturity. The Superintendent of Banks shall have the power to require any security to be charged down to such sum as in his judgment represents its value. The Superintendent of Banks may order any securities which he deems undesirable removed from the assets of a bank.

We print below section 113, referred to in sub-division (k):

In 1921 the General Assembly passed a bill supplementary to Section 710-111 by adding a section to be known as Section 710-111 (a) and amending Section 710-121. We give the text of these below:

710-112. REAL ESTATE LOANS.

Sec. 710-112. Loans by banks upon mortgage notes shall be made upon first mortgage upon real estate situated in this State, or in States contiguous thereto, and shall not exceed forty per cent (40%) of the value of such real estate if unimproved, and sixty per cent (60%) of such value if improved, and the improvements shall be kept adequately insured. In the case of commercial banks not more than fifty per cent (50%) and in the case of savings banks and trust companies not more than sixty per cent (60%) of the amount of the paid in capital, surplus and deposits of such bank of trust company at any time shall be invested in such real estate securities. Loans on collateral enumerated in clauses (i), (j) and (k) of Section 111 of this Act, shall not exceed eighty per cent of the value of such collateral.

Sec. 710-113. The term "improved" real estate as used in this act shall be held to mean land upon which buildings have been erected suitable and intended to be used for residence, business or other purposes and fit for use and occupancy, or under construction for such purposes; and in the case of farm property shall mean tillable lands with farm buildings thereon and actually under use for farm purposes, and when so used the same may include pasture and wood lands.

Sec. 710-111a. Any bank organized under this Act without regard to the amount of its capital and surplus, may file application with the Superintendent of Banks for permission to exercise, upon conditions and under such regulations as may be prescribed by the said Superintendent of Banks, either or both of the following powers:

(A) To invest its capital, surplus, undivided profits and deposits in bonds, notes, trade acceptances, debentures or first lien securities of one or more banks or corporations, chartered or incorporated under the laws of the United States and principally engaged in international or foreign banking, or banking in a dependency or insular possession of the United States, either directly or through the agency, ownership or control of local institutions in foreign countries, or in such dependencies or insular possession; including the bonds, notes, trade acceptances, debentures or first lien securities of one or more banks or corporations chartered or incorporated under Section 25a of the Federal Reserve Act, as approved December 24, 1919.

(B) To invest an amount not exceeding in the aggregate ten per centum of its paid capital stock and surplus in the stock of one or more banks or corporations chartered or incorporated under the laws of the United States and principally engaged in international or foreign banking, or banking in a dependency or insular possession of the United States, either directly or through the agency, ownership or control of local institutions in foreign countries or in such dependencies or insular possessions; including the stock of one or more banks or corporations chartered or incorporated under Section 25a of the Federal Reserve Act, as approved December 26 1919.

Every bank organized hereunder and investing in the capital stock of banks or corporations as provided herein, shall be required to furnish information concerning the condition of such banks or corporations to the Superintendent of Banks upon demand.

Sec. 710-121. Not more than twenty per cent of the capital surplus of a bank doing business under this charter shall be invested in any one stock or security unless it be in bonds or other interest bearing obligations enumerated in paragraphs a, b, c, d, e and h of Section 111 of this Act; or in the stock or corporation owning the land, building or buildings occupied by such bank for its banking quarters, and then not exceeding sixty per cent of its capital and surplus shall be so invested, which shall be carried on the books of the bank as an investment or equity in real estate; or in the bonds, notes, trade acceptances, debentures or first lien securities of banks or corporations chartered or incorporated under the laws of the United States and principally engaged in international or foreign banking, or banking in a dependency or insular possession of the United States either directly or through the agency, ownership or control of local institutions in foreign countries or in such dependencies or insular possessions; including the bonds, notes, trade acceptances, debentures or first lien securities of one or more banks or corporations chartered or incorporated under Section 25a of the Federal Reserve Act, as approved December 24 1919.

Sec. 2. That original Section 710-121 of the General Code be, and the same is hereby repealed.

CITIES, COUNTIES AND TOWNS IN THE STATE OF OHIO.

[In the following statements of debt we report in detail only those bonds which are a general obligation of the place issuing the same. Lack of space prevents our giving a description of the numerous issues of assessment bonds—that is, bonds payable by assessment against the particular piece of property benefited.]

CINCINNATI.
C. T. Greve, Secretary Sinking Fund Trustees.
Cincinnati is situated in Hamilton County. Founded in 1789; incorporated as a town Jan. 1 1802 and as a city Feb. 5 1819. The following villages have since been annexed: Fernbank, Hartwell, Pleasant Ridge, Oakley, Delhi, Madisonville, Carthage, College Hill, Sayler Park, Mt. Washington, Mt. Airy, Avondale, Clifton, Linwood, Westwood, Riverside, Hyde Park, Evanston, Bond Hill, Winton Place, Kennedy Heights and Red Bank. The Linwood, Mt. Airy and Mt. Washington bonds have all been paid off but the debts of the other places will be found in the table below.
Bonds marked thus—sf—are held in the sinking fund.
Bridge, Grade Crossing, Subway, Str. & Viad. and Viaduct.

CITY PROPERTY.—The city owns the Cincinnati Southern RR. The rental received for the road was (under the old lease) $1,090,000 till 1901 and then $1,250,000 till 1906. The old lease expired in 1906, and in 1898 legislation was secured under which, on June 7 1902, the lease was modified and extended to Oct. 12 1966 at an annual rental of $1,050,000 for the first 20 years, $1,100,000 for the second and $1,200,000 for the remaining 20 years. At the time of the extension, there remained of the original term four years, the rental of which was so modified that the sum of $200,000 thereof per annum was extended and made payable at the rate of $40,000 per annum, with 3% interest on the remaining deferred payment until fully paid. The legislation under which the lease was extended also provided for the issuance of $2,500,000 bonds of the city by the trustees of the railway for terminal facilities and permanent betterments, upon the lessee agreeing to pay an additional rental equal to the annual interest thereon and 1% per annum for a sinking fund for the final redemption of the bonds. Legislation has since been secured under which there have thus far been issued $4,150,000 in bonds known as terminal facilities and perm. betterments bonds.

ASSESSED VALUATION, &C.—Assessed val. and tax rate have been as follows:

Years.	*Assessed Valuation.*	*Tax p. 1,000*

MIAMI CONSERVANCY DIST.
This district organized in 1913 for the protection of floods, takes in part of nine counties and includes the cities of Dayton, Hamilton, Middletown, Piqua, Troy, Franklin, Miamisburg and numerous other smaller municipalities, having a total estimate population of 300,000.
5½s'17J-D$15,000,000cDec 1 '22-'46
5½s'20J-D 9,650,000..Dec 1 '25-'45
BOND. DT. Apr 5 '21..$33,890,691
Assessment debt (add'l).. 4,340,691
The benefits approved by court amount to $75,706,678, or more than three times the estimated cost of work. The bonds are a direct obligation of the district, supported by levies against all the taxable property within the District. The total 1916 grand tax duplicate value of properties assessed for benefits, which includes cities, villages and counties, assessed in units, is $1,194,816,600. About 50% of the benefits of $75,706,678 are assessed against the real property in the district in proportion to the benefits; 50% against the municipalities within the districts as units.
INT. on the bonds is payable either at the State Treas. office in Columbus or at the National City Bank, New York City.

TOLEDO.
Toledo is situated in Lucas County. Incorp. Jan. 7 1837. All bonds are originally issued in coupon form and registration occurs at pleasure of holder. An election held Aug. 4 1914 resulted in favor of issuing $8,000,000 bonds for purchase of Toledo Rys. & Light Co. A new city charter was adopted by the voters Nov. 3 1914. City Council passed ordinance Feb. 21 providing for annexation of West Toledo.

Attorney-General (term expires Jan. 1 1923)----U. S. Lesh

LEGISLATURE meets biennially in odd years on the Thursday after the first Monday in January, and sessions are limited to sixty-one days.

HISTORY OF DEBT.—The historical details of Indiana's State debt from 1832 up to 1894 will be found in the "State and City Supplement" of April 1894, pages 85 and 86. The only indebtedness of the State now is an issue of $340,000 Purdue University bonds which are in the nature of a trust fund. The U. S. Government gave the State this money, back in the sixties, to be invested in either Government or State bonds, bearing not less than 5% interest. Not being able to get any Government bonds at this rate, the State took the $340,000 for its own use and executed to Purdue University its obligation, which has been twice renewed and has paid the interest, 5% annually, to Purdue University since receiving the money. The State also owes in old canal certificates the sum of $5,615 12.

ASSESSED VALUATION.—The following table shows the total valuation of real and personal property, including railroad and other property; also the State tax rate (per $1,000) *for the general fund* for the years indicated. By an Act of the Legislature of 1905 the General Fund tax was fixed at $1.20 per $1,000 for each of the years 1905, 1906, 1907, and 90 cents per $1,000 annually thereafter; the law also stopped levy for sinking fund until 1908, when it was again resumed, but in 1913 the rate was reduced to $0.70. The Legislature of 1917 made a further reduction, placing the tax at $0.40, while for 1919 the rate was $0.20 and for 1920 only $0.10.

Years—	*Valuation.*	*State tax.*	*Years*—	*Valuation.*	*State tax.*
1920 ------	$5,838,717,040	$0.10	1907 ------	$1,717,037,215	$1.20
1919* -----	5,749,258,800	0.20	1906 ------	1,654,888,461	1.20

1880---------1,978,301			

DEBT LIMITATION.—In the present constitution of Indiana, which went into effect Nov. 1 1851, and was amended in 1881, there are explicit provisions limiting the power of both the State and its municipalities to contract debt.

FIRST, as to the State, Section 5 of Article 10 provides that no debt except to meet casual deficits in revenue, to pay interest, to repel invasion, &c., can be contracted. The section in full is subjoined.

CREATION OF DEBT FORBIDDEN.—No law shall authorize any debt to be contracted on behalf of the State except in the following cases: To meet casual deficits in the revenue; to pay interest on State debt; to repel invasion, suppress insurrection, or, if hostilities be threatened, provide for the public defense.

In the sixth section of the same article the last clause prohibits the assumption by the State of the debts of any municipality or corporation. The clause referred to reads as follows:

"Nor shall the General Assembly ever on behalf of the State assume the debts of any county, city, town or township, nor of any corporation, whatever."

SECOND, as to municipalities, the provision contained in the constitution seems to be equally clear and emphatic, and, as will be found, fixes the limit at 2% of the valuation. It is Article 13 of that instrument (an amendment to the 1851 constitution adopted March 14 1881) which relates to this subject, and we quote the article as follows:

LIMITED—EXCESS VOID.—No political or municipal corporation in this State shall ever become indebted in any manner or for any purpose to an amount in the aggregate exceeding 2% on the valuation of the taxable property within such corporation, to be ascertained by the last assessment for State and county taxes previous to the incurring of such indebtedness; and all bonds or obligations in excess of such amount given by such corporation shall be void; *Provided*, That in time of war, foreign invasion or other great public calamity, on petition of a majority of the property owners in number and value, within the limits of such corporaoration, the public authorities in their discretion may incur obligations necessary for the public protection and defense to such an amount as may be requested in such petition.

It should be said in connection with the above that several laws have been enacted since the foregoing constitutional limit was adopted (March 14 1881), and bonds have been issued by counties thereunder *beyond the 2% limit*, for the construction of "free gravel, stone or other macadamized roads." Several such laws were passed at the 1899 session of the Legislature. But in the case of Strieb vs. Cox, Treas., 111 Ind., the Supreme Court of Indiana held that gravel road bonds are not properly indebtedness of the county—hence do not come within the inhibition of Section 13 of the constitution. (See editorial in "State and City Supplement" for October 1899, page 3.)

THIRD, counties (but no other kind of municipality) are prohibited from subscribing for any stock in a corporation unless paid for at time of such subscription. The section which covers this subject is Section 6 of Article 10, and is as follows:

COUNTIES CANNOT TAKE STOCK.—No county shall subscribe for stock in any incorporated company unless the same be paid for at the time of such subscription; nor shall any county loan its credit to any incorporated company, nor borrow money for the purpose of taking stock in any such company, nor shall the General Assembly ever on behalf of the State assume the debts of any county, city, town or township, nor of any corporation whatever.

The prohibition which this section contains applies, as already stated, only to counties. Consequently the Legislature was at liberty to authorize cities to subscribe to the stock of railroads, as it did by a general law passed in 1869, granting the power to subscribe to the stock of any railroad running into or through any city or near its corporate limits. Other laws of a somewhat similar character have been passed at other dates. We notice one law, too (Section 5502, Burns's Annotated Statutes, revision 1914), which authorizes counties bordering on the State line, or any township or city situated in such county, to subscribe for railroad stock. In that law no attempt is made to endow counties with power to issue bonds for this purpose (thus obeying the mandate of the constitution), though by the succeeding section cities are given authority to issue such bonds.

COUNTIES are apparently restricted by statute to a lower than the constitutional limit of 2% in the matter of creating certain kinds of debt. For instance, Section 5991 of Burns's Annotated Statutes, 1914, authorizes any county to issue bonds when necessary to construct, complete or repair court house, jail or other county buildings, or to fund existing debt; in those cases county commissioners may borrow for that purpose not exceeding 1% on assessed valuation and issue bonds therefor, provided that no second or subsequent loan shall be made or authorized so long as any former loan made under the provisions of the Act shall remain unpaid. From Section 6094 it appears, moreover, that whenever the *aggregate* indebtedness, funded or otherwise, of any county having a voting population of over 20,000 amounts to or exceeds 1%, it is not lawful to increase such indebtedness in any manner or form except only by temporary loans in anticipation of the revenue of the then current fiscal year and not exceeding two-thirds of the amount of the county tax duplicate of the preceding year.

Limit of 1% may be exceeded in counties for funding purposes in certain cases where the aggregate indebtedness in 1879 exceeded 1% (see Burns's Revised Statutes, 1914, Section 6092); also for temporary loans (see Burns's Revised Statutes, 1914, Section 6094).

Also the limit of 2% may be exceeded for the purpose of making gravel roads (see above), the Supreme Court having decided that gravel road bonds are not properly an indebtedness of the county. By statute the limit for such bonds (Section 7725a) is 4%.

In addition to the foregoing, general statutes have been passed by the Legislature granting general powers to cities and towns to issue bonds for legitimate corporate purposes, subject, however, to the constitutional limit of 2% on valuation. But we have not the space to set out here the details or the details of the other legislation applicable to cities of larger and smaller population, and covering specific purposes, such as waterworks, &c

[An Act was passed by the 1917 Legislature (Chapter 87, Laws of 1917) creating a State Highway Commission, providing for the construction, reconstruction, maintenance, repair and control of public highways, and providing for co-operation with the Federal Government in the construction of rural post roads. The Attorney-General under date of April 25 1918 advised us "that it is extremely probable that the constitutional debt limitation of 2% applies to bonds issued for the construction of highways under this Act."]

GRAVEL ROAD LAW OF 1905.—The State Supreme Court in November 1909 decided that this Act was unconstitutional on the ground that it contained provisions which were such as to make it a local and special Act. The decision was based on that part of the law which provides that "whenever a petition signed by fifty or more freeholders and voters of any township in any county in this State includes any incorporated town or city in such township having a population of less than 30,000 inhabitants, praying," &c., the commissioners shall proceed to carry out the provisions of the Act. Upon rehearing, however, it was pointed out that this section as printed contained a clerical error, and the Court on Jan. 25 1910 reversed itself and upheld the contention that the word "includes" should be read "including", thereby making eligible to become petitioners for gravel roads any freeholder and voter in any township with the exception of those residing in incorporated towns and cities of over 30,000 inhabitants, which latter should be neither taxed nor eligible to participate in such proceeding. See V. 90, p. 316.

EXEMPTION FROM TAXATION.—The Legislature of 1903 passed a law (Chap. 179, Laws of 1903) exempting from taxation all bonds, notes, &c., hereafter issued by State or municipal corporations. The section follows:

SECTION 1. Be it enacted by the General Assembly of the State of Indiana, That all bonds, notes and other evidence of indebtedness hereafter issued by the State of Indiana or by municipal corporations within the State upon which the said State or the said municipal corporations pay interest shall be exempt from taxation.

The above Act became effective April 23 1903.

Another law passed by the Legislature, and which became effective March 4 1911, provides that all bonds hereafter authorized by any county

or township for the construction of free gravel or macadamized roads, and which bear not higher than 4½% interest, shall be exempt from taxation. Section 1 of the Act reads as follows:

"Section 1. Be it enacted by the General Assembly of the State of Indiana that all bonds hereafter authorized by any county or township in the State of Indiana, for the purpose of building, constructing and paying for the construction of any free gravel, macadamized or other improved roads, shall be exempt from taxation: Provided, said bonds shall not bear a greater rate of interest than four and one-half (4½%) per cent interest per annum, payable semi-annually.

SAVINGS BANKS' INVESTMENTS—POWERS AND RESTRICTIONS.—The provisions regulating the investments and loans of savings banks in the State of Indiana are contained in Sections 19 to 24, inclusive, of Chapter 5 of the Constitution, as published in the report of the Banking Department for 1913. Chapter 153 of the General Laws of 1919 permits the investment of savings funds in bonds issued by any Federal Land Bank or Joint Stock Land Bank organized under the Federal Farm Loan Act.

We give Sections 19 to 24, inclusive, in full below, together with Chapter 153 of the General Laws of 1919.

INVESTMENT OF FUNDS.—Sec. 19. It shall be lawful for the trustees of any savings bank to invest the money deposited therein only as follows, to wit: *First*, in the stocks or bonds or treasury notes of the United States; *second*, in the stocks or bonds of this State; *third*, in the orders or bonds of any county, city or town in this State, issued pursuant to the authority of law; *fourth*, in the stocks or bonds of any State in the Union that has, for five years previous to such investment being made, regularly paid the interest on its legal bonded debt in lawful money of the United States; *fifth*, in bonds or notes secured by mortgage or unincumbered real estate situate in the county where the bank is located or in an adjoining county in an adjoining State (or in any other county in the State of Indiana) worth, exclusive of perishable improvements, at least twice the amount loaned thereon; *sixth*, in promissory notes or bills of exchange before their maturity, payable at some chartered bank within this State, and having not to exceed twelve months to run from the date of the loan or purchase, made or endorsed by two or more responsible freeholders, one of whom, at least, shall be a resident of the State of Indiana: Provided, That no such note or bill shall exceed the sum of $10,000 and that no more than $10,000 shall be loaned on the same security; *seventh*, in real estate subject to the provisions of Section 24; *eighth*, in dealing in exchange, by purchasing and selling sight or time drafts payable out of this State: Provided, That no such draft shall be for a larger sum than $10,000, nor shall any time draft payable out of the State be so purchased which shall have at time of such purchase more than 60 days to run until it matures: And provided, also, That not more than one draft shall be held by any such bank, at any one time, which is secured by the same endorsers, or by any of the same endorsers.

LOANS ON STOCKS.—Sec. 20. It shall be lawful for the trustees of any savings bank, while awaiting opportunity for the judicious investment of the funds deposited with them, to loan the moneys so deposited upon the security of the stocks and other securities mentioned in the preceding section, not exceeding 90% of the cash market value thereof.

DEPRECIATION OF SECURITIES.—Sec. 21. Should the stocks or other securities on which loans are made, pursuant to the provisions of the last preceding section, depreciate in value after making any loan thereon, it shall be the duty of the trustees to require the immediate payment of such loan made by them thereon, or additional security therefor, so that the amount so loaned shall at no time exceed 90% of the market value of such securities; and no loan shall be so made without an agreement from the borrower that the same shall be subject to the conditions of payment or of additional security, as required by this section.

RESERVE.—Sec. 22. The trustees may keep in reserve not exceeding 20% of the total amount of deposits, without investment, or deposit the same on call, with or without interest, in any bank in this State, organized under the laws thereof or under the laws of the United States, or in any national bank in the United States.

RESTRICTION ON LOANS.—Sec. 23. No loan shall be made upon the security of real estate, as provided in subdivision 5 of Section 19, or upon notes or bills as provided in subdivision 6 of said section, without the consent of a majority of the trustees, or the unanimous consent of the committee of investment, which may be created under the by-laws of such bank.

REAL ESTATE PURCHASES.—Sec. 24. It shall be lawful for the trustees of any savings bank to purchase, hold and convey real estate as follows, and not otherwise:

First. A lot and banking-house requisite for the transaction of its business, and for an income from such portions of the same as are not required for its own use.

Second. Such as shall have been mortgaged to it in good faith for money loaned, or upon which it shall have purchased a mortgage.

Third. Such as shall have been purchased at sales upon judgments or decrees obtained upon claims in favor of the bank, or which may be so purchased to prevent loss pon claims held by the bank.

Chapter 153 General Laws of 1919—That any life insurance, fire insurance, live stock insurance, casualty or accident insurance, or bonding or surety company, or trust company, or saving bank, now or hereafter organized under the laws of the State of Indiana, in addition to the investment of its funds as now provided by law, be and hereby is authorized and empowered to invest its funds in the bonds issued by any Federal Land Bank or Joint Stock Land Bank organized under the Federal Farm Loan Act.

Sec. of State (term ends Jan. 1925)----Louis L. Emmerson
Aud. of Public Accts. (term ends Jan. 1925)-Andrew Russel
Treasurer (term ends Jan. 1923)---------Edward E. Miller
Attorney-General----------Edward J. Brundage

LEGISLATURE meets biennially in odd years on the Wednesday after the first Monday in January, and there is no limit to length of sessions.

HISTORY OF DEBT.—The historical details of the State debt of Illinois from 1829 to 1870, when the debt was all paid off, will be found in the "State and City Supplement" of April 1894, page 91.

BONDED DEBT.—This State has no bonded debt except $17,500 bonds which have ceased to draw interest, but have not yet been surrendered for payment.

CANAL BONDS.—At the general election in November 1908 the people by a vote of 692,522 "for" to 195,177 "against" adopted an amendment to the State constitution which provides for the issuance of not exceeding $20,000,000 bonds, to construct a deep waterway or canal, and to erect, equip and maintain power plants, locks, bridges, dams and appliances suitable for the development and utilization of the water power. V. 85, p. 1289, and V. 87, p. 1372. On Feb. 21 1917 the State Supreme Court handed down a decision upholding an Act passed by the 1915 Legislature and approved on June 18 1915 providing for the issuance of $5,000,000 of these bonds. V. 104, p. 877. The proposition has received the approval of the Secretary of War and the War Department. V. 106, p. 623.

ROAD BONDS.—An amendment to the State Constitution, which provides for a bond issue of $60,000,000 to build a system of hard roads, was voted by the people at the general election held Nov. 6 1918. The State Supreme Court in April 1919 sustained the decision of the Circuit Court of Sangamon County in refusing to enjoin the State officials from carrying out the provisions of the law (V. 108, p. 1633).

SOLDIERS' BONUS PROPOSED.—A proposition to issue $55,000,000 soldiers' bonus will be submitted to the voters in November 1922. The bill proposing the issuance of these bonds was passed by the 1921 General Assembly.

EQUALIZED VALUATION.—The total equalized valuation has been as follows in the years named. The tax rate for 1920 was fixed by the Governor, the Auditor of Public Accounts and the State Treasurer at 40c. on the $100 of equalized valuation. The General Assembly, at its last session in 1919, abolished the State Board of Equalization and substituted a Tax Commission which performs all the duties formerly performed by the State Board of Equalization.

Years.	*Equalized Val.*	*Years.*	*Equalized Val.*	*Years.*	*Equalized Val*
1920---	*y*$4,234,977,483	1910---	*z*$2,199,714,709	1898-----	$778,474,910
1919---	*y*$4,110,174,907	1909---	*z* 2,158,648,450	1890-----	808,892,782
1918---	2,626,084,386	1908----	1,263,500,487	1888-----	784,911,740
1917---	2,577,990,810	1907----	1,251,974,306	1885-----	798,482,823
1916---	2,502,086,976	1905 ---	1,095,681,557	1880-----	786,616,394

1914---	*z*2,455,966,349	1900*---	809,733,405	1878-----	857,235,762
1912---	*z*2,343,673,232	1899*---	953,099,468	1873-----1,355,401,317	
1911---	*z*2,318,333,241				

*For explanation as to the falling off of values in the year 1900, see letter of State Auditor in V. 74, p. 741. *z* Property assessed at 1-3 true value instead of 1-5. *y* Property now assessed at ½ true value instead of 1-3—see remarks below.

Under a law passed Feb. 25 1898 there is a general assessment of real estate but once in every four years instead of annually; personal property is listed every year. The law also provided that property shall be appraised at full value, but assessed at only one-fifth of such value. This law was changed, however, by an Act passed in 1909 which provided for the assessment of property at one-third of the actual value. The new

basis of assessment went into effect in 1909, with the result that values for that year showed large increases while the tax rates were decreased correspondingly. In 1919 the assessed value of property was again changed by the General Assembly, this time to the basis of one-half the full value instead of one-third, causing a further large increase in assessed values.

POPULATION OF STATE.—

1920	6,485,280	1890	3,826,352	1860	1,711,951
1910	5,638,591	1880	3,077,871	1850	851,470
1900	4,821,550	1870	2,539,891	1840	476,183
				1830	157,445
				1820	55,211
				1810	12,282

DEBT LIMITATION.—No State has more carefully restricted the creating of debt than Illinois, if we may judge from the provisions of its present constitution. The limitation has apparently been progressive. Nothing of it is to be found in the constitution of 1818. The constitution of 1848 contained no reference to municipalities, but had in it stringent restrictions limiting to $50,000 the power of the Legislature to create State debt, except in case of war, invasion, &c., unless the law proposing the issue of bonds was submitted to a vote of the people. But turning to the constitution of 1870 we find the whole subject of debt-making most thoroughly considered and its basis settled.

First, as to the State, the provisions are not very unlike the provisions of the constitution of 1848, except that as to the limit for casual deficits and failures of revenue, the aggregate which can be created is very properly raised to $250,000. But with that exception and with the further exception for the purpose of repelling invasion, &c., no debt can be contracted unless the law is submitted to a vote of the people at a general election, which law must contain a provision for the payment of interest as it accrues, and previous notice of the election be given by publication for three months prior to such election. These last two restrictions as to interest and notice of election are only found in the 1870 constitution. The sections which cover these matters are as follows: we omit the first portion of Section 18 of Article IV, which relates only to appropriations and payment of appropriations out of funds belonging to the State:

SECTION 18. * * * * *Provided*, the State may, to meet casual deficits or failures in revenues, contract debts never to exceed in the aggregate $250,000, and moneys thus borrowed shall be applied to the purpose for which they were obtained, or to pay the debt thus created, and to no other purpose; and no other debt, except for the purpose of repelling invasion, suppressing insurrection or defending the State in war (for payment of which the faith of the State shall be pledged), shall be contracted, unless the law authorizing the same shall at a general election have been submitted to the people, and have received a majority of the votes cast for members of the General Assembly at such election. The General Assembly shall provide for the publication of said law for three months at least before the vote of the people shall be taken upon the same; and provision shall be made at the time for the payment of the interest annually as it shall accrue, by a tax levied for the purpose or from other sources of revenue; which law providing for the payment of such interest by such tax shall be irrepealable until such debt be paid; *And provided further*, that the law levying the tax shall be submitted to the people with the law authorizing the debt to be contracted.

SECTION 20. The State shall never pay, assume or become responsible for debts or liabilities of, or in any manner give, loan or extend its credit to or in aid of, any public or other corporation, association or individual.

SECOND, municipal indebtedness is regulated only in the constitution of 1870. In that instrument the subject is dealt with in all its phases. *First* is a provision in Article 8, Section 3, forbidding the General Assembly and every municipality from making any appropriation in aid of any sectarian purpose. *Second* is a "separate section" forbidding any such municipality from becoming a subscriber to the stock of any railroad, &c., or to loan its credit. *Third* is the broad and general provision, Section 12, Article 9, which limits the indebtedness of all municipalities to 5% "on the value of the taxable property therein," &c. We give these sections below:

ARTICLE 8, Section 3. Neither the General Assembly nor any county city, town, township, school district or other public corporation shall ever make any appropriation, or pay from any public fund whatever, anything in aid of any church or sectarian purpose, or to help support or sustain any school, academy, seminary, college, university or other literary or scientific institution controlled by any church or sectarian denomination whatever; nor shall any grant or donation of land, money or other personal property ever be made by the State or any such public corporation to any church or for any sectarian purpose.

ARTICLE 9, Section 12. No county, city, township, school district or other municipal corporation shall be allowed to become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 5% on the value of the taxable property therein, to be ascertained by the last assessment for State and county taxes previous to the incurring of such indebtedness. Any county, city, school district or other municipal corporation incurring any indebtedness as aforesaid shall, before or at the time of doing so, provide for the collection of a direct annual tax sufficent to pay the interest on such debt as it falls due, and also to pay and discharge the principal thereof within twenty years from the time of contracting the same. This section shall not be construed to prevent any county, city, township, school district or other municipal corporation from issuing their bonds in compliance with any vote of the people which may have been had prior to the adoption of this constitution in pursuance of any law providing therefor.

SEPARATE Sections. [Municipal subscriptions to railroads, &c.] No county, city, town, township or other municipality shall ever become subscriber to the capital stock of any railroad or private corporation, or make donation to or loan its credit in aid of such corporation; *provided, however*, that the adoption of this Article shall not be construed as affecting the right of any such municipality to make such subscriptions where the same have been authorized under existing laws by a vote of the people of such municipalities prior to such adoption.

The foregoing limitation to 5% is general, as will be seen—that is, it applies to all municipalities. With this limitation preserved the Legislature has passed general laws authorizing the City Council in cities and the board of trustees in villages to issue bonds for corporate purposes, for refunding and consolidating debt, for waterworks, &c., and the county board of any county has been authorized by general statute to issue, when it deems it necessary, county bonds, after submitting the matter to the legal voters of the county at a general election at which a majority vote is required as a prerequisite of the issue. An attempt was made to limit "any county city, township, school district or municipal corporation" in counties containing 125,000 or more inhabitants to 2½% of the assessed value, but Jan. 12 1900 the State Supreme Court ruled that this was an arbitrary and unnatural classification of municipalities which could not be sustained. See Vol. 70, p. 242.

The matter of the amount of bonds that might be issued on the basis of the debt limitations given has been complicated in late years by changes in the method of assessing property. A letter of the State Auditor in V. 74. p. 741, throws some light on these changes.

TAXATION OF MUNICIPAL BONDS.—The State Auditor, advised us under date of Dec. 11 1911 that there was no law exempting from taxation bonds, notes or other evidences of indebtedness issued by the State or any of its municipalities.

INVESTMENT OF TRUST FUNDS.—Chapter 140B of the Revised Statutes of 1911 provides that: Investments of trust funds by trustees may, when not otherwise provided by the will, deed, decree, gift, grant, or other instrument creating or fixing the respective trust, be in the bonds of the United States, or of any of the States of the United States, or in the first mortgages upon real estate in any State, or in the bonds of any county, city or municipality in any State, or in the first mortgage bonds of *any* corporation of *any* State upon which no default in payment of interest shall have occurred, for a period of five years, but no trustee shall be authorized by this act to invest trust funds in any bonds in which cautious and intelligent persons do not invest their own money, and any trustee may continue to hold any investment received by him under the trust, or any increase thereof.

BUSSE BOND BILLS.—The Legislature of 1909 passed a series of bills, known as the Busse Bond Bills, enlarging the leeway for the creation of debt by the various municipalities in the State by fixing the assessed value of property at one-third of the actual value instead of one-fifth, as before. With the exception of counties a proportional decrease was made in the maximum rate of taxation. The amendments providing for a decrease in the maximum rate of taxation were held constitutional by the State Supreme Court in January 1910. See V. 190, p. 387. In 1919 the Legislature made a further change by raising the basis of assessed values from one-third the full value to one-half.

NEW BONDS MUST BE SUBMITTED TO A VOTE.—At the 1909 session the Legislature also passed the Jones referendum bill, which provides that all bond issues, excepting those for refunding purposes, must be submitted to a vote and ratified by a majority of those voting on the proposition.

WATER CERTIFICATES IN EXCESS OF DEBT LIMIT.—A law was passed in 1899 allowing cities bonded to their legal limit to issue (for the improvement of water-works) certificates against the earnings of the Water-Department without regard to the bonded indebtedness. Several municipalities are understood to have taken advantage of this law. In the case of the City of Joliet, however, which attempted to issue bonds under the law, the matter was taken into the courts in a test suit, and an injunction granted by Judge Dibell, who held that the 5% limit could not be exceeded. V. 73, p. 94. This decision was confirmed by Supreme Court. V. 74, p. 491.

IMPROVEMENT BONDS.—There is a kind of improvement bond authorized in some cases which is made a special lien on the land benefited and to which the 5% limit has no reference. We refer to cases which come under the law entitled "To divide cities and villages subject to overflow into improvement districts." This statute provides that any such city or village or part thereof may be laid off into an improvement district for the purpose of draining, raising the grade of the streets and improving the district; that after the cost for the work has been ascertained and been assessed, the assessment may be paid in installments or otherwise, and such city or village may issue bonds sufficient to pay the assessment. In that case the bonds are a lien on the lots, blocks or parts thereof which shall be designated therein; but before the issue the owner of the lots &c., to be charged must endorse upon the back of such bond his consent, under seal, in substance, as follows: "I hereby indorse the within bond and consent that the lot or lots or parts thereof therein designated shall become liable for the interest and principal therein named, and the same shall be a lien upon said property from this date until paid off and discharged." The bond when executed by the city or village and so endorsed by the owner shall be recorded in the Recorder's office in the county, and such record shall be a notice of the lien created to the same extent as the record of mortgages is a notice.

We have room to give only this very brief and imperfect outline of this statute. The whole law will be found in Hurd's Revised Statutes of Illinois, the 1911 edition, pages 345, 346 and 347.

CITIES, COUNTIES AND TOWNS IN THE STATE OF ILLINOIS.

NOTE.—For reports of drainage districts not found in alphabetical order among the following, see statements at the end of this State.

ADAMS CO. SCH. DIST. NO. 172.
P. O. is Quincy.
5s '13 July $20,000 July 1 '22-'25
5s '15 July 70,400 July 1 '22-'36
5s '16 July 37,000 July 1 '22-'26
BOND. DEBT Apr 192 $157,500
Assess. val. '21 (1-3 act.) 18,594,018
School tax (per $1,000) 1920 $23.50
Population in 1920 (est.) 40,000
INT. at Treasurer's office.

ALBION COM. H. S. D. NO. 200.
This district (P. O. Albion) is in Edwards County.
5s J-D $100,000 1921-1940
BONDED DEBT (?)

ALEXANDER COUNTY.
County seat is Cairo.
Refunding Bonds.

CHICAGO. Wm. Hale Thompson, Mayor; Geo. F. Harding, Compt.
This city is in Cook County. Incorp. Mch. 4 1837; reincorp. Apr. 23 1875. City on Apr. 5 1904 voted in favor of municipal ownership of street railways (V. 78, p. 1408). At election held Apr. 3 1906 propositions for the ownership of street railways and for the issuance of $75,000,000 street railway certificates carried, while the proposition for municipal *operation* of street railways failed. V. 82, p. 824. In a decision handed down in the Circuit Court on Sept. 15 1906 the legality of these certificates was upheld. The case was taken to the Supreme Court (V. 83, p. 712), and by a decision handed down Apr. 18 1907 the certificates were declared invalid. V. 84, p. 949 and 967. At the April 1907 election ordinances granting franchises to the present street railways were ratified by a vote of the people. V. 84, p. 826.

Total	1,062,959,802	1,082,763,780
Tax(perM)	$19.70	$19.99

* Includes railroad property (1920) of $78,155,617, (1919) of $76,387,857; (1918) of $48,104,036 and capital stk, (1917) of $29,685,399. Beginning with 1909, property was assessed at one-third of actual value; formerly one-fifth. In 1919 the law was changed so as to make assessed value one-half the true value.
The tax rate above given is that for city purposes only. In addition to this the three districts of which the city is composed are assessed for their proportion of State and county taxes, and for certain improvements, the city in its corporate capacity not being assessable for these purposes.
POPULATION.—1920, 2,701,705; '18, 2,622,414; '17, 2,547,201; '12, 2,326,400; '11, 2,189,525; '10 (U. S. Census), 2,185,283; '00, 1,698,375;

DEBT, RESOURCES, ETC.

Organized as a Territory (Act Jan. 11 1805)---July 4 1805
Admitted as a State (Act June 15 1836)----Jan. 26 1837
Total area of State (square miles)----------58,915
State Capital----------Lansing
Governor (term exp. Dec. 31 1922)--Alexander J. Groesbeck
Sec. of State (term exp. Dec. 31 1922)--Charles J. De Land
Treasurer (term expires Dec. 31 1922)--Frank E. Gorman
Auditor (term expires Dec. 31 1922)------Oramel B. Fuller
Attorney-General (term exp. Dec. 31 1922)--Merlin Wiley

LEGISLATURE meets biennially in odd years the first Wednesday in January, and there is no limit to the length of session, excepting special sessions, in attending which members can receive no more than 20 days' pay.

HISTORY OF DEBT.—The historical details of Michigan's State debt up to 1894 will be found in the "State and City Supplement" of April 1894, page 98. In 1864 the State Treasurer reported the funded debt at $3,880,399 and $1,450,472 additional "trust fund debt." The State's bonded coupon war loan bonds which were issued in 1918, and $9,000,000 bonds for the improvement of State highways. The "trust fund debt" on June 30 1919 amounted to $6,978,924.94. The term "trust fund debt", is, however, a misnomer. In explanation it should be said that the United States Government set aside certain lands in the State of Michigan for educational purposes, and under the Michigan statutes the money received from the sale of these lands is used to pay the general expenses of the State; the law provides, however, that a certain specified rate of interest must be annually figured on the total amount accumulated from said sales and be paid over to the educational institutions specified. The amount of interest to be so paid is raised by taxation.

SOLDIERS' BONUS BONDS.—A proposition to issue $30,000,000 soldiers' bonus bonds was approved by the voters on April 4 1921. These bonds were offered on June 15 1921 but not sold. The only bid received was considered unsatisfactory.

LOANS—

War Loan Bonds.

5½s '21 --- 3,000,000c-June 1 1941

EQUALIZED VALUATION.—Since 1856 the equalized valuation has been determined only once in five years. The following shows the equalized valuation and tax rate for State purposes.

Year.	*Equalized Val.*	*Tax Rate.*	*Year.*	*Equalized Val.*	*Tax Rate.*
1920----------	$4,500,000,000	$3.87	1906 --------	$1,734,100,000	$1.95
1919 --------	4,500,000,000	3.87	1896 --------	1,105,100,000	1.871
1918 --------	2,800,000,000	3.07	1886 --------	945,450,000	1.272
1917 --------	2,800,000,000	2.39	1876 --------	630,000,000	1.144
1916 --------	2,800,000,000	2.21	1866 --------	307,965,843	1.889
1915 --------	2,800,000,000	3.40	1856 --------	137,663,009	0.472
1911 --------	2,288,000,000	2.85	1846 --------	29,369,065	2.50

The assessed valuation of real estate and personal property in 1920 was $5,319,702,886; in 1919, $4,503,980,981; in 1918, $4,218,781,678; in 1917, $4,027,364,717; in 1916, $3,625,142,971; and in 1915, $2,968,236,815.

POPULATION OF STATE.—

1920--------	3,668,412	1880--------	1,636,937	1840----------	212,267
1910--------	2,810,173	1870--------	1,184,059	1830----------	31,639
1900--------	2,420,982	1860--------	749,113	1820----------	8,896
1890--------	2,093,889	1850--------	397,654	1810----------	4,762

From 1860 to 1870 increase was 434,946, or 58.1%; from 1870 to 1880, 452,878, or 38.25%; from 1880 to 1890, 456,953, or 27.92%. From 1890 to 1900 the increase was 327,092, or 15.6%. From 1900 to 1910 the increase was 389,191, or 16.1%, and from 1910 to 1920 858,238, or 30.5%.

DEBT LIMITATION.—Michigan, as noted in our history of the State's debt, started its career as a State in January 1837, when the whole land was buoyant over its inflated enterprises carried on at public expense. So to be abreast of the times, instead of putting any limit on the power of the State to create debt, it put into its constitution a notice to the Legislature to go to work at once and make provision for "ascertaining the "proper objects of improvement in relation to roads, canals and navigable "waters," that the money might be raised and these improvements might be prosecuted with as little delay as possible.

That was the spirit which ruled and the condition which prevailed in 1837. In 1850 Michigan made and adopted another constitution. During the years which intervened the people had gained a wide experience and had evidently profited by it. Hence we find them at the latter date showing a purpose to make an instrument in its financial features about as dissimilar from the one it was to supplant as it could well be, and this purpose is continued in the new constitution approved by a popular vote on Nov. 3 1908. The provisions of the 1908 constitution concerning the debt-making power of the State are contained in Sections 10, 11, 12, 13 and 14 of Article X. These sections follow:

SECTION 10. The State may contract debts to meet deficits in revenue but such debts shall not in the aggregate at any one time exceed two hundred and fifty thousand dollars. The State may also contract debts to repel invasion, suppress insurrection, defend the State or aid the United States in time of war. The money so raised shall be applied to the purposes for which it is raised or to the payment of the debts contracted.

SECTION 11. No scrip, certificate or other evidence of State indebtedness shall be issued except for such debts as are expressly authorized in the constitution.

SECTION 12. The credit of the State shall not be granted to or in aid of any persons, association or corporation, public or private.

SECTION 13. The State shall not subscribe to nor be interested in the stock of any company, association or corporation.

SECTION 14. The State shall not be a party to, nor be interested in any work of internal improvement, nor engaged in carrying on any such work except in the improvement of, or aiding in the improvement of public wagon roads, in the re-forestration and protection of lands owned by the State and in the expenditure of grants to the State of lands or other property.

[In April 1917 the voters adopted an amendment to the constitution by adding a new section (Section 15a) to Article VIII, which provides that "any drainage district established under provision of law, may issue bonds for drainage purposes within such district."]

[On April 2 1917 the voters approved an amendment to Article X, by adding a new section (Section 20) authorizing the State to acquire, purchase, take, hold and operate any railroad, or railroad property, belonging to any railroad or railway company in Michigan heretofore organized under a special charter still in force and in effect. The vote was 242,969 to 100,722.]

The 1908 constitution provides that counties shall not incur any indebtedness which shall increase their total debt beyond 3% of their assessed valuation. At the general election in Nov. 1910, however, the voters adopted a constitutional amendment to allow counties having an assessed valuation of $5,000,000 or less to create debt up to 5% of this value. The vote was 131,147, to 128,729.

Cities and villages are left by the 1908 instrument to the discretion of the Legislature in the matter of restrictions upon their borrowing power. The provision which relates to this subject is found in Article 8, Section 20, and is as follows.

SECTION 20. The Legislature shall provide by a general law for the incorporation of cities and by a general law for the incorporation of villages, such general laws shall limit their rate of taxation for municipal purposes and restrict their powers of borrowing money and contracting debts.

Pursuant to Sec. 20, laws providing for the incorporation of cities and villages were passed by the Legislature in 1909.

By Subdivision (i) of Section 26 of Act No. 278 of the Public Acts of 1909 villages are prohibited from incurring debt in excess of 10% of the assessed valuation as shown by the last preceding assessment roll, except that in the case of fire, flood or other calamity, requiring an emergency fund, or for the repair or rebuilding of any of its municipal buildings, works, bridges or streets, a village may borrow an additional amount not exceeding ¼ of 1% of the assessed value; but such debt not to run for more than three years. Moneys on hand in a sinking fund limited to the payment of indebtedness may be deducted in figuring the borrowing capacity. Mortgage bonds to acquire or operate any public utility may be issued beyond the limit of general indebtedness, but such bonds, it is provided, shall be secured only upon the property and revenue of such utility, including a franchise, stating the terms upon which, in case of foreclosure the purchaser may operate the same, which franchise shall in no case extend for a longer period than 20 years from the date of the sale of such utility and franchise on foreclosure. The rate of tax which villages may levy for municipal purposes is limited by subdivision (j) of Sec. 26 to 2% of the assessed valuation. Subdivision (k) says that no village shall have power to issue any bonds without creating a sinking fund for their payment, except special assessment bonds, which are a charge upon a special district created for the payment thereof, and serial bonds payable annually.

The borrowing powers of cities are regulated by subdivision (b) of Sec. 4 of Act No. 279 of the Public Acts of 1909, as amended by Act 203, Public Acts of 1911, and Act No. 5, Public Acts of 1913, known as the "Home Rule" Act [V. 96, p. 1107 & 1507; also V. 98, p. 405]. It is therein provided that each city may in its charter provide for borrowing money in a sum not to exceed 8% of the assessed value except that in cities where the amount which may be borrowed is now limited by law, such limit shall continue until raised or lowered by a 3-5 vote of the electors voting on the question at a general or special election; and in such cities bonds issued for public improvements in connection with which a special assessment district is made to pay therefor, and which are a charge upon such district, shall not be included unless the contrary is provided by the charter, and the resources of the sinking fund shall be deducted in determining the amount of such indebtedness. No single increase shall exceed 2% of the assessed value. When a city is authorized to acquire or operate any public utility, it may, for the purpose of acquiring the same, borrow money on the credit of the city in a sum not to exceed 2% of the assessed value of all of the real and personal property of the city, and the city may also, for the purpose of acquiring such public utility, issue mortgage bonds therefor beyond the general limit of bonded indebtedness prescribed by law: Provided, That such mortgage bonds issued beyond the general limits of bonded indebtedness prescribed by law shall not impose any liability upon such city, but shall be secured only upon the property and revenues of such public utility, including a franchise stating the terms upon which, in case of foreclosure, the purchaser may operate the same, which franchise shall in no case extend for a longer period than 20 years from the date of the sale of such utility and franchise on foreclosure. And provided, further, That the charter shall provide for the creation of a sinking fund by setting aside such percentage of the gross or net earnings of the public utility as may be deemed sufficient for the payment of the mortgage bonds at maturity. In case of fire, flood or other calamity, the legislative body may borrow for the relief of the inhabitants of the city and for the preservation of municipal property, a sum not to exceed ¼ of 1% of the assessed value, due in not more than three years, even if such loan would cause the indebtedness of the city to exceed the limit fixed in the charter. No city shall have the power to incur indebtedness or issue bonds of any kind except for emergency purposes as above stated, and bonds secured only by mortgage on the property and franchise of a public utility which shall exceed in the aggregate 10% of the assessed value of all the real and personal property in the city. It is also provided that cities now incorporated as fourth-class cities may, while so incorporated, incur indebtedness up to the limits contained in the Act of incorporation.

Subdivision (a) of Section 4 allows cities to levy an annual tax not exceeding 2% of the assessed value.

The 1917 Legislature passed an Act (No. 232, Public Acts 1917) approved May 10 1917, amending Sections 4 and 21 of Act 279, Public Acts 1909, as amended, providing for the incorporation of cities and for revising and amending their charters. Prior to the adoption of the 1917 Act, an Act (No. 40) was signed by the Governor on April 13 1917 which was practically the same as the one signed on May 10 1917. The earlier Act became effective Aug. 10 1917, while the one approved in May 1917 took effect immediately. In V. 104, p. 2471, we published the full text of Sections 4 and 21 of Act 232.

EXEMPT FROM TAXATION.—An Act of the Legislature approved May 13 1909 provides that bonds hereafter issued by any county, township, city, village or school district in the State of Michigan shall be exempt from all taxation. V. 88, p. 1452.

TAX ON SECURED DEBTS.—The 1913 Legislature passed an Act (No. 142) providing that by the payment of a specific tax of ½%, "secured debts" may be exempted from the payment of further general taxes. In 1915 this law was amended so as to exempt municipal bonds issued by places outside the State upon the payment of a similar tax. See "Chronicle" of May 29 1915, State & City Department. The Attorney-General

has ruled that drainage and levee bonds do not come within the scope of the law referred to. See V. 101, p. 709. The law was again amended by the Legislature in 1917 providing for the exemption of any bond or other obligation issued by any foreign country upon the payment of the tax of ½%. V. 104, p. 2258.

SAVINGS BANK INVESTMENTS.—The law regulating the investments by Michigan savings banks is governed by Section 27 of Act No. 205 of the Public Acts of 1887, and amendments thereto. In 1913 an amendment was approved, specifying that steamship bonds, if issued on bulk freighters operating on the Great Lakes and connecting waters, must be on steamships of at least 7,000 tons carrying capacity; and providing that securities against which participation certificates are issued must be deposited in a Michigan trust company rather than a Michigan collateral deposit company. The law was again amended in 1919 so as to provide that savings banks may, in addition to the public debt or bonds of any city, county, township, village, school district of any State or territory in the United States, invest in legally authorized bonds of any road district in Michigan organized, constituted and existing by virtue of provisions of Act 59 of the Public Acts of 1915, and amendments thereto, and in accepted draft or bills of exchange; the law as amended in 1919 also provides that the amount which may be loaned upon notes or bonds secured by mortgage lien in the instance of improved farm property is increased from 50% to 60% of the value of such property. We publish Section 27 as it now reads:

Sec. 27. A savings bank shall keep at least 12% of its total deposits on hand, or with national or State banks or trust companies, payable on demand, in cities approved by the Commissioner of the Banking Department as reserve cities, or invested in United States bonds; three-fifths of the remainder of the savings deposits shall be invested by the Board of Directors as follows:

(*a*) In bonds of the United States, or any State or Territory of the United States: Provided, That such State or Territory has not, in the ten years preceding the time of such investment repudiated its debt and failed to pay the same, or the interest due thereon, or upon any part of such debt; or

(*b*) In the public debt or bonds of any city, county, township, village, school district of any State or Territory in the United States which shall have been authorized by the Legislature of such State or Territory: *Provided*, That the total indebtedness of such municipality does not exceed 5% of its assessed valuation; except by a vote of two-thirds of the Board of Directors, such bonds may be purchased if the total liabilities do not exceed 10% of its assessed valuation: or

(*c*) In the legally authorized bonds of any road district in Michigan organized, constituted, and existing by virtue of the provisions of Act No. 59 of the Public Acts of 1915, and amendments thereto; or

(*d*) In the legally authorized first mortgage bonds of any steam railroad corporation organized under the laws of any State of the United States; Provided, That such company has for five years prior to the time of making such investment by such bank paid annually dividends equal to not less than 4% on its entire capital stock and has not during said period defaulted in the payment of the matured principal or interest of any debts incurred by it and secured by mortgage or trust deed upon its property or any part thereof, or in the payment of any part of the matured principal or interest of any bonds guaranteed and assumed by it; or

(*e*) In the first mortgage bonds of railroad companies whose lines are eased or operated or controlled by any railroad company specified in paragraph (*d*) of this section, if said bonds be guaranteed both as to principal and interest by the railroad company to which said lines are leased or by which they are operated or controlled;

(*f*) In the legally authorized mortgage bonds of any steam railroad corporation organized under the laws of any State of the United States, which shall have been issued for the purpose of retiring all prior mortgage indebtedness on so much of the property of such company as is covered by the mortgage securing such issue of bonds, and further providing for additions, extensions or improvements; Provided, That such company has for three years prior to the time of making such investment by said bank paid annually dividends equal to not less than 4% on its entire capital stock, which capital stock shall equal or exceed in amount one-third of the par value of all its bonded indebtedness, and has not, during the same period, defaulted in the payment of the matured principal or interest of any debts incurred by it and secured by mortgage or trust deed upon its property or any part thereof, or in the payment of any part of the matured principal or interest upon a bond guaranteed or assumed by it; Provided, Said issues of bonds shall have been approved by the Securities Commission hereinafter provided for;

(*g*) In the legally authorized first mortgage bonds of any electric railroad, street railway, gas or electric light or power company, organized under the laws of the State of Michigan; Provided, That such company has, for five years prior to the time of making such investment by said bank paid annually dividends equal to not less than 4% on its entire capital stock, and has not during the same period defaulted in the payment of the matured principal or interest or any debts incurred by it and secured by mortgage or trust deed upon its property or any part thereof; or in the payment of any part of the matured principal or interest of any bonds guaranteed or assumed by it; or in the first mortgage bonds of any such company which has been in operation less than five years: Provided: That the cost of construction and equipment of the plant of such company shall exceed by at least 50% the amount of the entire bonded indebtedness of such company, and the said plant and equipment shall be free from all other liens and encumbrances, and the said company shall have earned during the period it has been in operation more than enough to pay all interest accrued on all said bonds and not less than 4% per annum dividends upon its entire capital stock outstanding; Provided, Said issues of bonds shall have been approved by the Securities Commission hereinafter provided for;

(*h*) In the legally authorized first mortgage bonds of steamship companies: Provided, That such mortgages shall be upon steel steamship or steamships for the carriage upon the Great Lakes and connecting waters of package freight and passengers combined of at least five thousand tons carrying capacity each, and upon bulk freighters of at least seven thousand tons carrying capacity each: Provided, That such bonds are issued at the time of completion and enrollment of such steamship, or steamships, or within one year thereafter: And provided further, That by the express terms of said mortgage at least 10% of the total issue of said bonds shall be retired annually, beginning within two years from the date of said bonds, and that the mortgage liability against said property shall not exceed one-half of its actual cost: And provided further, That the trustees of such mortgage shall be required to protect the lien of said mortgage by attending to the recording thereof and by causing property covered by said mortgage to be insured against all risks on vessel property ordinarily covered by such insurance, including marine risks and disasters, general and particular average, collision liability, protection and indemnity insurance and insurance against liability for injuries to persons, in insurance companies and under forms of policies approved by the trustee, for an amount equal to the full insurable value of such steamship, such insurance to be made with loss payable to said trustee and the policies deposited with it: And provided further, That there shall be filed with the Commissioner of the Banking Department of this State a schedule of the insurance upon such property, which schedule shall be signed by the trustee under said mortgage and shall be accompanied by the certificate of said trustee that the policies mentioned in said schedule are held by said trustee and are payable to said trustee in case of loss for the benefit of the holders of the outstanding bonds issued under such mortgage; and further, That similar certificates be filed from time to time by said trustee with said Commissioner of the Banking Department of this State, evidencing renewals of said insurance by proper policies or legal insurance binders: Provided further, That by the terms of such mortgage, the mortgagor shall not suffer such steamship to become indebted in an amount exceeding 5% of the original amount of the principal of said mortgage at any time and that the failure of the mortgagor to forthwith procure the release of such steamship, or steamships, from mechanics', laborers', admiralty, statutory, or other liens, claims or charges against such steamship, shall constitute a default in the provisions of such mortgage: And provided further, That such bonds shall have been approved by the Securities Commission hereinafter provided for;

(*i*) Said banks may loan the same upon negotiable paper or other evidence of indebtedness secured by any of the above mentioned classes of security; or

(*j*) Upon notes or bonds secured by mortgage lien upon unencumbered real estate worth at least double the amount loaned; except on improved farm property the amount loaned upon such notes or bonds secured by first mortgage lien shall not exceed sixty per cent of value of such property; or

(*k*) In accepted drafts or bills of exchange having not more than six months to run growing out of transactions involving the importation or exportation of goods; or growing out of transactions involving the domestic shipment of goods providing shipping documents conveying or securing title are attached at the time of acceptance; or which are secured at the time of acceptance by official warehouse receipt or other document conveying or securing title covering readily marketable staples. For the purposes of this section the acceptance of any one person, company, firm or corporation shall not exceed at any time more than twenty per cent of its paid-up capital and unimpaired surplus. The aggregate of such accepted drafts or bills of exchange shall not exceed at any one time the amount of capital stock and unimpaired surplus of the bank.

(*l*) The remainder of such deposits may be invested in notes, bills, or other evidences of debt, the payment of which is secured by the deposit with the bank of collateral security consisting of personal property or securities of known marketable value worth ten per cent more than the amount so loaned and interest for the time of the loan; or may be invested in notes, bills or other evidences of debt, the payment of which is secured by such property or securities deposited in a trust company organized under the laws of this State; or may be deposited in any national bank, trust company, or bank in cities of this or any other State, approved by the Commissioner of the Banking Department as reserve cities, and a portion of said remainder, not exceeding the capital and additional stockholders' liability, may be invested in negotiable paper approved by the Board of Directors, but the deposits in any one bank shall not exceed ten per cent of the total deposits, capital and surplus of the depositing bank. In case the actual reserve shall fall below the twelve per cent above provided, the bank shall promptly and in good faith take measures to restore and maintain its lawful reserve, in default of which the Commissioner of the Banking Department shall require such restoration within thirty days after notice, and a failure to comply with such demands shall warrant proceedings to wind up the bank as provided in Section 6 of this Act.

DETROIT.
Detroit is situated in Wayne Co. Incorp. in 1806. Woodmere (population 4,474) annexed April 1 1906. Village of Fairview annexed Oct. 24 1907 and Village of St. Clair Height annexed October 1 1918. The question of annexation of Highland Park was defeated Nov. 8 1910. V. 91, p. 1342. The annexation of a portion of Grosse Pointe and Gratiot townships was voted April 2 1917. In a decision rendered Feb. 16 1912 the State Supreme Court held that the Board of Education and the Library Commission are corporations separate from the city and therefore their bond issues should not be included in the 2% limit of indebtedness for municipal purposes specified in the city charter. V. 94, p. 575.

Chapter XIII of Title IV of the new charter (adopted by the people of Detroit on June 25 1918) provides for municipal ownership and operation of a street railway stystem. This chapter creates a commission to be known as the Board of Street Railway Commissioners, consisting of three members who shall be appointed by the Mayor. Section 9 of this Chapter authorizes the Common Council on the request of the Board to issue bonds in such amounts as will not exceed the legal bonding limit of the city to be known as public utility bonds up to the amount of 2% of the assessed value of real and personal property of the city. The new charter, by Sec. 2 of Chapter V of Title VI, provides that the gross debt exclusive of the water debt, after deducting the means in the general sinking fund shall not exceed 4% of the assessed value of all the real and personal property of the city unless authorized by a vote of three-fifths of the electors. An amendment to the charter, however, adopted on Apr. 7 1919, provides that such public utility bonds shall be "in addition to any other bonds which the city is or may be authorized to issue for any other purpose whatsoever."

The voters of Detroit on April 7 1919 defeated by a vote of 70,271 to 63,883 the Mayor's proposal to purchase the Detroit United Rys. for $31,500,000. V. 108, p. 1511.

District of Columbia.

(INCLUDING THE LATE CORPORATION OF WASHINGTON.)

On July 1 1878 the duties of the Sinking Fund Commissioners of the District of Columbia were transferred to the Treasurer of the United States, and since that date Congress has appropriated annually a sum sufficient to pay not only the interest on the District's bonds, but also, it is believed, sufficient to extinguish the entire debt of the District upon the maturity of the 3.65% loan, in 1924. Bonds are tax-exempt.

Name and Purpose of Loan. District of Columbia.	*—Interest— % Payable.*	*—Principal— When Due.*	*Outstanding.*
*50-year funding, 1874, c&r (payable in currency).	3.65 F-A	Aug. 1 1924	$4,996,400

*The faith of the United States was pledged to secure the payment of the interest on these bonds and to maintain a sinking fund sufficient to redeem them all by maturity. The issue was limited to $15,000,000 and is exempt from taxation by Federal, State or municipal authority. Of the $15,000,000 bonds authorized and issued, $10,003,600 have been retired to date, leaving $4,996,400 outstanding. The coupon bonds are for $50 and $500 each, the registered bonds $1,000 and $5,000 each.

INTEREST on the bonds is payable at the United States Treasury in Washington and at all Federal Reserve Banks.

TOTAL DEBT.—	*Apr.* 1 '21.	*Apr.* 1 '20.	*July* 1 '18.	*July* 1 '16.
Total funded debt	$4,996,400	$5,533,950	$5,579,750	$6,179,900

On July 1 1878, when the duties of the Sinking Fund Commissioners of the District were transferred to the Treasurer of the United States, the total debt was $22,106,650.

Below we give the figures of assessed valuation of real estate and personal property. The tax rates shown in the tables are those levied on real estate values. The rate of tax on personal property varies, ranging in 1916 from 1½% to as high as 6% on the gross earnings of national banks and trust cos.

ASSESSED VALUATION— *Year—*	*Real Estate.*	*Rate of Tax per* $1,000.	**Personal Property.*	*Total Assessed Valuation.*
1920	$426,623,630	$15.00	$415,013,651	$841,637,281
1919	414,610,691	15.00	349,732,960	764,343,651
1918	410,173,609	15.00	358,520,611	768,694,220

1912	330,332,487	15.00	44,575,063	374,907,550
1911	293,389,839	15.00	42,262,672	335,652,511
1910	285,153,771	15.00	38,802,982	323,956,753
1909	276,590,774	15.00	35,591,683	312,182,457
1908	255,324,834	15.00	33,903,438	289,228,272
1907	247,306,494	15.00	31,507,929	278,814,423
1906	239,461,985	15.00	28,669,302	268,131,287
1905	217,608,296	15.00	26,575,819	244,184,115
1900	176,567,549	15.00	14,391,438	190,958,987
1890	137,626,419	15.00	11,023,167	148,649,586
1885	93,502,464	15.00	12,795,934	106,298,398

* The assessment on personal property includes both tangible and intangible property, the rate of taxation ranging from 3-10 of 1% to 6%.

POPULATION.—In 1920, 437,571; in 1910 it was 331,069 (including 94,446 negroes); in 1900, 278,718 (including 86,702 negroes); in 1890, 230,392; in 1905 (estimated), 323,123.

AVAILABILITY OF MUNICIPAL BONDS AS SECURITY FOR DEPOSITS OF POSTAL SAVINGS FUNDS.

In recent years municipal bonds have gained important advantages through their exemption from the Federal income tax and through the further fact that they are eligible within certain limits and under certain regulations and restrictions as security for deposits of Postal Savings Funds. The Postal Savings system was established by Act approved June 25 1910, but the growth of the system has been greatly stimulated by amendments made by an Act of Congress approved May 18 1916, and by another amendment made by Act of July 2 1918. Under these amendments certain limitations in the original law upon the aggregate of the deposits of individuals have been greatly curtailed and the law liberalized. By the first amendment, the provision in the original law that the balance to the credit of any one person should not be allowed to exceed five hundred dollars, exclusive of accumulated interest, and the further provision that "no one shall be permitted to deposit more than $100 in any one calendar month" were both eliminated, the only limitation imposed being that "the balance to the credit of any person, upon which interest is payable, shall not exceed $1,000 exclusive of accumulated interest"; a succeeding section provided "that the Board of Trustees may, in their discretion, and under such regulations as such Board may promulgate, accept additional deposits not to exceed in the aggregate $1,000 for each depositor, but upon which no interest shall be paid." The amendment of 1918 which is contained in the Postal Service Appropriation Act for 1919, approved July 2 1918, went considerably farther in extending the aggregate of money an individual may keep on deposit. It provides that the amount to the credit of any one person in a postal savings depository, exclusive of accumulated interest, shall not exceed $2,500, and that non-interest-paying deposits shall not be accepted. And this is the law as it now stands.

Under the Postal Savings Law the funds received at Postal Savings depository offices in each city, town, village or other locality, must be deposited in solvent banks located therein, provided these banks qualify to receive the deposits. One of the qualifications is the pledging by the banks against the deposits of "such security in public bonds or other securities authorized by Act of Congress or supported by the taxing power as the Board may prescribe, approve and deem sufficient and necessary to insure the safety and prompt payment of such deposits on demand." In accordance with this requirement the Board of Trustees, consisting of the Postmaster-General, the Secretary of the Treasury and the Attorney-General, has prescribed the terms and conditions and the figures at which different classes of municipal obligations, meeting the requirements of the law, will be accepted. These regulations are general in character and were promulgated Aug. 16 1916, the rules being subdivided in 28 sections, of which Sections 8 to 12, inclusive, appertain to the securities to be pledged for the deposits. Section 8 of these regulations was amended in 1917 by the Board of Trustees so as to include Federal Farm Loan bonds and again in 1919 so as to include War Finance Corporation bonds. Some other but minor amendments were also approved by the Board of Trustees during 1917. These are all incorporated in the transcript of the rules given below.

As far as prices are concerned, State bonds and also bonds of the Territory of Hawaii are accepted at their market value, but not above par; bonds of any city or county having a population of over 30,000 are accepted at 90% of their market value, but if such market value is above par they will be accepted at only 90% of the par value; bonds of any city, town, borough or village in the United States having a population running between 20,000 and 30,000 are accepted at 80% of their market value, provided said market value is not in excess of par; while bonds of any other city, town, county or other legally constituted municipality or district in the United States, otherwise eligible, are accepted at 75% of their market value, but not to exceed 75% of the par value. The eligibility of the securities is fixed by Sections 9 to 12 of the regulations. We now give Sections 8 to 12 of the Board's regulations in full with all amendments included:

SECURITY FOR DEPOSITS.

Sec. 8. The Board of Trustees hereby prescribes and approves such security in public bonds or other securities, authorized by Act of Congress or supported by the taxing power, as it deems sufficient and necessary to insure the safety and prompt payment on demand of postal savings deposits, and fixes the value at which the securities so prescribed and approved shall be accepted for the purposes named. Such securities, in the amount so specified, shall be deposited with the Treasurer of the Board of Trustees.

2. The Board of Trustees will accept as security for postal savings deposits, at the respective values herein fixed, negotiable interest-bearing bonds or securities, issued under express constitutional or statutory provisions, of the following classes, viz.:

(*a*) Bonds and interest-bearing certificates of indebtedness of the United States, bonds of the Philippine Islands, of the District of Columbia, and of Porto Rico, and Farm Loan bonds authorized by Act of Congress approved July 17 1916 (39 Stat. 360), and War Finance Corporation Bonds authorized by Act of Congress approved April 5, 1918, as amended by the Act approved March 3, 1919, will be accepted at their par value.

(*b*) Bonds of any State of the United States and of the Territory of Hawaii will be accepted at their market value, but if such market value is above par, they will be accepted at their par value.

(*c*) Bonds of any city or county in the United States having a population of over 30,000, as shown by the latest reports of the Bureau of the Census, and bonds of any school district in the United States in which the whole or the major portion of any such city is included, which city, county, or school district has been in existence for a period of ten years, which for a period of ten years previously has not defaulted in the payment of any part of either principal or interest of any funded debt authorized to be contracted by it, and whose *net funded indebtedness* does not exceed 10% of the valuation of its taxable property, to be ascertained by the last preceding valuation for the assessment of taxes, will be accepted at 90% of their market value, but if such market value is above par, they will be accepted at 90% of their par value.

(*d*) Bonds of any city, town, borough, or village in the United States, having a population of over 20,000 and not exceeding 30,000, as shown by the latest reports of the Bureau of the Census, and bonds of any school district in the United States in which the whole or the major portion of any such municipality is included, which city, town, borough, village, or school district has been in existence for a period of ten years, which for a period of ten years previously has not defaulted in the payment of any part of either principal or interest of any funded debt authorized to be contracted by it, and whose *net funded indebtedness* does not exceed 10% of the valuation of its taxable property, to be ascertained by the last preceding valuation for the assessment of taxes, will be accepted at 80% of their market value, but if such market value is above par, they will be accepted at 80% of their par value.

(*e*) Bonds of any other city, town, county, or other legally constituted municipality or district in the United States, which has been in existence for a period of ten years, which for a period of ten years previously has

not defaulted in the payment of any part of either principal or interest of any funded debt authorized to be contracted by it, and whose *net funded indebtedness* does not exceed 10% of the valuation of its taxable property, to be ascertained by the last preceding valuation for the assessment of taxes, will be accepted at 75% of their market value, but if such market value is above par, they will be accepted at 75% of their par value.

3. The term "*net funded indebtedness*," for the purposes of paragraph 2, (*c*), (*d*), and (*e*), is hereby defined to be the difference between the legal gross indebtedness of a city, town, county, or other legally constituted municipality or district (including the amount of the bonds of any civil division whose territorial limits are approximately coterminous therewith) and the aggregate of the following items, when included in such legal gross indebtedness:

(*a*) The total of all sinking funds accumulated for the redemption of such gross indebtedness, except sinking funds applicable to bonds hereafter described in this section.

(*b*) The amount of outstanding bonds or other debt obligations made payable from current revenues.

(*c*) The amount of outstanding bonds issued for the purpose of providing the inhabitants of a municipality with public utilities: *Provided*, That evidence is submitted showing that the income from such utilities has proved to be sufficient for maintenance, for payment of interest on such bonds, and for the accumulation of a sinking fund for their redemption.

(*d*) The amount of outstanding improvement bonds, issued under laws which provide for the levying of special assessments against abutting property: *Provided*, That evidence is submitted showing that assessments are levied in sufficient amounts to insure the payment of interest on the bonds and the redemption thereof.

(*e*) The amount of outstanding bonds issued by a political subdivision, funds for the payment of which are donated by the State: *Provided*, That evidence is submitted showing that such funds are sufficient in amount to insure the payment of interest on the bonds and the principal thereof at maturity.

4. The Board of Trustees reserves the right to re-classify the securities acceptable for deposits and to change the valuation at which they will be accepted. Under no circumstances will securities of other classes than those above named be accepted.

Sec. 9. Bonds of the several classes described in Section 8, Paragraph 2 (*b*), (*c*), (*d*), and (*e*), to be acceptable as security, shall be the general obligations of the States, Territories, counties, cities, towns, or other political divisions by or in behalf of which they are issued, and payable, either directly or ultimately, without limitation to a special fund, from the proceeds of taxes authorized to be levied upon all the taxable real and personal property within the territorial limits of such political divisions: *Provided*, That in any case where the rate of tax may be subject to a constitutional or statutory limit, the Solicitor for the Post Office Department may require satisfactory evidence that, notwithstanding such limit, the interest and principal of the bonds can be paid after making due provision for current expenses, interest and principal of outstanding debts, and other necessary charges.

Sec. 10. Obligations of the general class embracing what are commonly known as "revenue bonds," "temporary bonds," "temporary notes," "certificates of indebtedness," "warrants," and the like obligations, whether issued in anticipation of the collection of taxes, assessments, or other revenues, or of the sale of bonds or other obligations, or for similar purposes, will not be accepted as security for postal savings deposits: *Provided*, That, in applying this regulation, consideration will be given to the legal status of the obligations submitted rather than to the nomenclature employed in designating such obligations: *And provided further*, That this regulation shall not apply to obligations of the United States Government.

Sec. 11. Bonds which in all other respects are found to be legally acceptable as security under the Postal Savings Act and these regulations will be construed, as a matter of law, to conform to those provisions of Section 8, Paragraph 2, (*c*), (*d*), and (*e*), respectively, which relate to term of existence and non-default, under the following conditions:

(*a*) Bonds issued by or in behalf of any city, town, county, or other legally constituted municipality or district in the United States which was, subsequently to the issuance of such bonds, consolidated with, or merged into, an existing political division which meets the requirements of these regulations, will be deemed to be the bonds of such political division: *Provided*, That such bonds were assumed by such political division under statutes and appropriate proceedings, the effect of which is to make such bonds general obligations of such assuming political division, and payable, either directly or ultimately, without limitation to a special fund, from the proceeds of taxes levied upon all the taxable real and personal property within its territorial limits.

(*b*) Bonds issued by or in behalf of any city, town, county, or other legally constituted municipality or district in the United States which was, subsequently to the issuance of such bonds, wholly succeeded by a newly organized political division, whose term of existence, added to that of such original political division, or of any other political division so succeeded, is equal to a period of 10 years, will be deemed to be bonds of such succeeding political division: *Provided*, That during such period none of such political divisions shall have defaulted in the payment of any part of either principal or interest of any funded debt authorized to be contracted by it: *And provided further*, That such bonds were assumed by such new political division under statutes and appropriate proceedings the effect of which is to make such bonds general obligations of such assuming political division, and payable, either directly or ultimately, without limitation to a special fund, from the proceeds of taxes levied upon all the taxable real and personal property within its territorial limits.

(*c*) Bonds issued by or in behalf of any city, town, county, or other legally constituted municipality or district in the United States which, prior to such issuance, became the successor of one or more, or was formed by the consolidation or merger of two or more, pre-existing political divisions, the term of existence of one or more of which, added to that of such succeeding or consolidated political division, is equal to a period of 10 years, will be deemed to be bonds of a political division which has been in existence for a period of 10 years: *Provided*, That during such period none of such original, succeeding, or consolidated political divisions shall have defaulted in the payment of any part of either principal or interest of any funded debt authorized to be contracted by it.

Sec. 12. The Treasurer of the Board of Trustees shall make examinations semi-annually, or oftener if he deems it necessary, of the securities which have been accepted from qualified banks, and whenever, in his judgment, any of such securities have so far depreciated in value as to make desirable the deposit of additional or new securities, he shall inform the Third Assistant Postmaster-General of the name of the bank, the kind and amount of the securities, and the amount of the depreciation. The Third Assistant Postmaster-General will notify the Treasurer and the bank of the amount of additional or new securities which the bank shall deposit, and upon their receipt by the Treasurer, the procedure provided in Section 6 as to their acceptance or rejection, and in Section 22, as to the return of the original securities, if new securities are required, shall be followed: *Provided*, That the revaluation of securities required by this section may be deferred when in the judgment of the Board of Trustees such action is advisable.

Note.—On Oct. 19 1917 the Board of Trustees of the Postal Savings System, by resolution, deferred the revaluation of securities required by Section 12 until further action by the Board, except in special instances, when revaluation is deemed expedient.

A Diversified List of Standard Investment Bonds

is prepared by us each week. These lists give current quotations of securities that are in favor with private investors and institutions. Perhaps receiving this weekly list might prove helpful in choosing your investments.
